The annual school meeting on Thursday last was attended by 39 ratepayers. W. E. Reid was elected chairman. The trustees' educational and financial report of the past year was read by the sec'y, N. Stevens, and adopted. The auditors' report upon the accounts showed that the district had been run in debt in 1892 and 1893, on account of the trustees at that time misappropriating the sum of \$150, and that it would require the sum of \$700 at least to pay up old debts and run the school for 1895. His report was adopted. Capt. G. A. Coonan was the retiring trustee, and Capt. J. B. Turner was unanimously elected to fill the position. J. M. ## Letter of Condolence.

To the EDITOR OF THE STAR:

Kindly give place to the following resolution in your valuable paper which was passed at the last regular meeting of Frances Willard Lodge I. O. G. T.:

Whereas death has invaded our ranks and has taken from our midst our highly esteemed and much beloved brother John C. Lauder, while yet in the prime of life and in the midst of usefulness;

Therefore resolved that we the members of Frances Willard Lodge, No. 304, I. O. G. T., do hereby record our deep sense of loss in the removal of one who as a Charter Member of our Lodge, always manifested a deep interest in the welfare of our beloved Order, and who as a temperance worker always stood in the front, ready to assist those engaged in the suppression of the liquor traffic; who as a citizen was always marked as a true patriot, ever evincing a public spirit, and love of justice that marks a true honest and upright man; who as a Christian walked consistently and humbly in his every day life, and in fact he was one of those who were respected and honored by all, and it can be truly said of him that he was always ready to help in time of need.

It was also further resolved that this Lodge tender their heart-felt sympathy to the bereaved wife and sons, in their sad hour of bereavement, and that a copy of this resolution be sent to family of the deceased, and that the same be published in the ALBERT STAR and Maple Leaf.

Yours in F. H. and C.,

FRANK B. STEEVES, Secretary.

## The Way of the World.

When a person has accumulated great wealth, or has become renowned for any act, we find ourselves thinking that throughout his life he has shown indications of possessing remarkable qualities of some kind; and so it is! When a man has committed a fault or crime, it is easy to find those who remember some word or act, in the past of the accused, which makes it more than probable that he was guilty of all the accusation covers, and so by carrying an evil tale we but give the cue to those with whom we speak to unburden themselves of something of a similar nature. It is true, investigation would probably compel us, in many instances, to withdraw our first decision; and to do this, is sometimes very trying to our self esteem, or to that something in us, or to many of us, almost rather than the worst we could say of our neighbor prove true than we be compelled to admit our mistake; not that we have deliberately wronged them perhaps, but have been too hasty in bearing some story designed accidentally or intentionally to injure them. And to avoid this, we should be careful how we condemn the acts of others; for by condemning others we by no means prove ourselves superior to making the same or similar mistakes. A fault or crime is a matter of degree more or less deserving of censure according to the circumstances surrounding it, and we can only measure out justice when we know all the facts, and as it is an almost utter impossibility to get the bottom facts. It would be well, for us to answer only what mere politeness dictates, committing ourselves to neither side.

S. L. K.

In reply to an inquiry Governor Mitchell of Florida yesterday telegraphed that the Corbett-Fitzsimmons fight would not be permitted to take place in Florida, even if the legislature had to be convened to stop it by legal enactment.

## Alma.

Oct. 11.—Capt. Wm. Foster and family left here on Tuesday last, for St. John, where they expect to reside in the future.

Capt. Davis, his wife and children, and Miss Myrtle Foster arrived here on Saturday from Portland, Maine. They are visiting relatives and friends.

Henry Foster lost a valuable cow on last Saturday. It is supposed she had eaten something poisonous.

Rev. R. A. Colpitts supplied very acceptably for Mr. Chapman on this mission, last Sunday. There were very large congregations at each of the services; doubtless many went out of curiosity to see and hear him, whom a very few years ago they knew as a small school boy.

Oct. 13.—At the annual school meeting on the 11th inst., W. V. Milton was elected trustee in the place of D. C. Cleveland retiring, councillor J. A. Cleveland was re-elected auditor. The financial report showed a delinquent list of \$882, with a small sum on hand. \$350 was voted for the ensuing year.

Dr. Geo. G. Melvin has purchased a building lot near the Methodist church; he has given W. Milton a contract to build him a dwelling house, office, woodshed and barn, to be completed by 15th Dec. next.

Rev. A. E. Chapman, who has been away nearly two weeks visiting friends in St. John, Fredericton and other places returned to-day.

Fishery Inspector Miles was here this week, he was trying to determine the value of the lumber industry carried on here and at Point Wolfe, also the value of the fishery and the injury the sawdust does to the fishery. We think the latter will be difficult to determine.

The basket social held in the Methodist church at West River last Tuesday evening netted \$40, which will be used to aid in purchasing an organ for the church.

Geo. H. Keirstead, second mate of the bark Siddartha, now loading at Cape Tormentine, is here visiting at his father's, T. J. Keirstead, Esq.

## Elgin.

Oct. 13.—The Elgin Agricultural Fair and Exhibition, which was held on Wednesday last, was not up to the usual degree of excellence. The long drought of the summer has apparently injured all kinds of exhibits. The cattle show was poor, as was also the roots and grains. W. A. Colpitts and A. L. Blackney made a very good exhibit of apples, the product of their fine orchards. The domestic department was an entire failure; this cannot be accounted for by the dry summer.

The ladies should exert themselves to make a better exhibit of their skill and taste. Although the show was inferior the attendance of people from all parts of the county was as large as usual, fully six hundred people were present during the day, the best of order prevailed throughout. Among the visitors we noticed Senator McClellan, Alexander Rogers, registrar of Hopewell, Dr. P. R. Moore, of Los Angeles, Cal., F. W. Emmerson, Judge of Probates, of Petitoicad.

Several criminal cases have excited more or less attention in this village lately, including libels and assaults, which with the usual civil cases have kept the legal squires and lawyers pretty busy.

The dinner and tea given by the Baptist Sewing Circle, on fair day, netted about \$75.

At the annual school meeting, held on Thursday, the schools were reported in a progressive condition. The attendance taxes the capacity of the house to its utmost. The sum of five hundred dollars was voted for school purposes for the ensuing year.

## Albert.

Oct. 15.—The Hon. H. R. McClellan returned to Riverside on Saturday.

Isaac Fillmore, of Brookville, died on Thursday of typhoid fever and was buried on Saturday.

Diphtheria is reported at West River, a daughter of John Cox died of it on Friday and three more of the family are down with it.

C. & I. Prescott are having another storey added to their warehouse.

A sewing circle, in connection with the Baptist church, has been organized here.

A. H. McLane, of Albert, has bought the Sawmill Creek property and has sold his store to M. M. Tingley.

Sch. Water Lilly, Capt. Wilbur, returned from St. John, on Saturday, loaded with merchandise.

Mr. Cosman's family, at Riverside, moved to Moncton last week.

## Only a Mouse.

It was in the Methodist school room, Fairville, last evening, when one lady showed signs of alarm, and then another, and soon in one quarter of the room there was evidently something wrong. Finally one young lady climbed up on a bench, and some others gave evidence of their intention to do the same. The alarm was catching. The Rev. Mr. Berrie asked what was the trouble and was told there was a mouse. A young lady under whose feet it ran did not know whether to scream or shake her skirts. Finally the deacon came forward and the audacious little intruder at once hid himself. But the effect of that service was almost entirely wasted.—Globe.

November 5th has been named as election day in Gloucester county for the vacancy in the Provincial Legislature caused by the resignation of Mr. Blanchard, who was chosen for Senator Burns's successor at Ottawa. There are three candidates in the field: Mr. J. Venoit, of the Bathurst Courier; Mr. Joseph Polier, of Grand Anse; and Mr. P. E. Baulin, of Carapic.

## General News.

Cardiff is trying to raise \$35,000,000 to expend in dock projects, in the hope of rivaling Liverpool as a seaport. The action brought by Della Keegan to recover \$100,000 from Russell Sage, New York, for breach of promise of marriage, etc., was dismissed in the Court of Common Pleas.

George J. Gould sent to tax collector Todd, of Lakewood township, his check for \$36,200, being the amount of his taxes on an assessed valuation of \$2,000,000, for personal property.

The Cologne Gazette's correspondent at St. Petersburg telegraphs that for the purpose of checking the depredations of the Chinese marauders, the Russian Government has decided to promptly send to the frontier five battalions of Cossacks and three batteries of artillery. This force will be under the command of General Nechenko.

John Ravell, a miner, Ironwood, Mich., put half a box of dynamite in the kitchen stove to thaw it out, for use. The family, consisting of seven persons, was gathered about the stove, conversing with a neighbor, Mrs. Paterson. In a few minutes there was a terrific explosion. Ravell and three of his children and Jessie Paterson were instantly killed, and Mrs. Ravell and the two other children so badly injured they will probably die. The house was blown to atoms.

John R. Gunter, has, through his lawyer, M. B. Dixon, of St. John, issued a writ against the Hon. A. F. Randolph, H. C. Creed and other members of the Baptist church, claiming damages for wrongful expulsion from the Fredericton church. Gunter lately preferred charges against Mr. Crawley, then pastor of the church, whom he accused of indecent conduct. The charge was not sustained, but Gunter was expelled on a counter charge. Hence the present action.

## The Great Diphtheria Cure.

At the Vienna congress of German naturalists, Dr. Behring, of Halle, and Dr. Ehrlich, of Berlin, made some further disclosures regarding their serum cure for diphtheria. According to Dr. Ehrlich the mortality in diphtheria cases, when treated with the serum, has gone down in Berlin hospitals to eight per cent. He said diphtheria was no longer to be feared in civilized countries. The remedy, as produced jointly by Doctors Behring and Ehrlich, is a fluid of a pale, reddish-color and is sold hermetically sealed. It is prepared in three degrees of strength. The first contains 600 anti-toxic units, the second 1000 and the third 1500 for immunizing purposes. The tenth part of a simple dose is sufficient, but the cure advanced cases the concentrated remedy is required. It is applied with a Koch injector in such parts of the body, where the skin lies in loose folds.

## Hopewell Hill.

Oct. 15.—Mr. John Duncan, painter, has been painting several of the residences here.

Sunday being a very stormy day, there were no services in the Baptist or Methodist churches.

The Rev. Ben. Hughes and wife are quite ill. Mr. Hughes has been unable to fill his appointments for two Sabbaths.

The Scher. Luta Price, which came into the Hill wharf, caught her anchor and was detained several days.

Lionel Fenton, the famous hunter, succeeded in trapping a wild cat.

## A Little Squabble Over the Detention of the Armenians.

The authorities of Kavak on Sunday last attempted to board the French steamer Armenie, from the Black Sea, in search of Armenian emigrants. The commander of the steamer refused to allow the Turkish authorities to make the search, whereupon the Armenie was detained thirty-six hours. At the expiration of that time the officials of the French embassy here obtained the release of the steamship, whose owners now demand an indemnity of £1000 sterling from the Turkish Government for the detention referred to.

The messenger says the safe contained \$150,000. The robbers secured this and all express packages containing money. It is thought this will bring the amount up to about \$180,000.
