Prizes were offered for next term by trustees. Miss Amy C. Peck of Hopewell will have charge of the primary department next term. School Examination at Lower Cape. -The day school at Lower Cape Hopewell, held their examination on the 21st inst. The teacher, Miss S. M. Peck, who has had the school for about five years, presented a short but attractive program, the classes were examined by the teacher throughout, and the scholars displayed wonderful promptness in all departments, and the visiting patrons could not fail to admire the methodical precision manifested by teacher and pupil in every act and exercise, the recitations and songs were worthy of special mention. The teacher pointed out some needed improvements in and about the school-room which the trustees kindly consented to furnish. After singing "God save the Queen" and extending the compliments of the season to one another the session closed. Dress Goods. -Our trade in this line is growing fast. Hopewell Cape. -puty Sheriff Stewart returned on Saturday from a trip around the county. -Capt. John Hunter was home on Sunday. His vessel is at Shute, N. S., loading for New York. -R. B. Bennett, Barrister of Chatham, is home for the Xmas holidays. He has had a light attack of pleurisy since here last, but has quite recovered. -Miss Evelyn Bennett, who has been teaching at Coverdale, is home for the holidays, after which she will attend the Ladies Academy at Sackville. -Capt. Carter and Mrs. Carter returned home last week, and the Capt. purposes stopping home for the winter and perhaps for a much longer time. -Andrew Kinne, of Alma, is sojourning at the County boarding house and has been brought to goal by Constable Smythe for 75 days for a Scott Act fine. -Capt. C. S. and Mrs. Robinson went to Buctouche on Sunday week, returning on Saturday last, after a very pleasant visit. -Capt. Robinson has sold his house and lot at the Hill to James R. Russel. -Ronald Bennett, who has been on a fifteen months voyage to China with his uncle, Capt. Carter, is home. He has improved in both size and appearance, and seems to have enjoyed his first trip at sea very much. -Some of our budding young men are in a fair way of being made an example of. At the oyster supper one threw a piece of iron lamp bracket, grazing a larger lamp and nearly striking a lady in the face. Religious services have been disturbed by talking loud enough to be heard all over the room. In some cases it may be thoughtlessness, but the Stipendiary may be able to make them more thoughtful. -The closing examination of the public school took place on Friday. In the advanced department the program for the most part consisted of a review of the work of the term. Interesting compositions on "Oxygen," "The Palmtree," "The Pines," "The Human Body," and "The effect of the Norman Conquest on the social life of England," were read by the A. class. The lesson on the terrestrial globe, finding latitude and longitude of places, etc., was of more than usual interest. The following pupils of the advanced department of the school were never absent or tardy during the term, viz: Mabel Ayer, Fred Burns, Rebecca Bennett, and Flora Bennett; and the following were never absent, viz: Luella Jamieson, Rachel Peck, Susie Elliott, and Nellie Hutchen. The number enrolled in this department was 44. The number of pupils daily present on an average during the term, 37, 266 and the per centage of enrolled pupils daily present on an average during the term was 84. 646. We doubt if this record can be beaten in the county—perhaps not in the province. The examination of the primary department, under Miss Lynda, showed that the scholars had been carefully trained in the different branches. The manner in which the different divisions of the globe, such as oceans, seas, bays, straits, continents, islands, etc., were brought out, was creditable alike to teacher and scholars. In reading and arithmetic too, the school showed commendable progress. It is understood that Mr. Brown and Miss Lynda have been engaged for the next year. Mr. Brown had two genuine surprises on closing day, one the presentation to him of a handsome copy of "Tennyson," by Miss Lynda, and the other the presentation to him by the scholars of his department, of a handsome copy of "Shakespeare." Mr. Brown left for his home in York County on Monday. Prosser Brook. -Dec. 19.—It is reported that John Sherman, late of Minnesota, last week shot a black fox on the Lake road, so called. The fur is valued at about \$75.00. -David H. Boaman is confined to his bed with chronic rheumatism. He is looked upon by old and young as a christian gentleman, and is much missed in the community. We sympathize with him in his affliction. -The school here, taught by Bliss O'Brien, closes on Friday, 21st inst. Miss Kate Steeves, of Elgin, takes charge next term. She comes with the recommendation of the school inspector. -We wish her success. -Mr. Samuel K. Lane is dangerously ill with a disease of the heart. His otherwise strong frame is rapidly giving way under the disease, and he cannot last long. His death at any moment would not be a surprise. He has for eight years been a working member of the Baptist church here, and with his son, Henry, was ordained deacon last May. We trust the good he has done may live after him. General News. -A despatch from Sydney, N. S. W., says it is stated there that the real Sir Roger Tichborne has been found in an insane asylum at Paramatta under the name of William Cresswell. -The population of London is said to be 5,948,300, and increasing at the rate of 105,000 a year. The city, therefore, has a population of about 1,500,000 more than Scotland, and 1,000,000 more than Ireland. -The London Anglo-Armenian Association has a letter from a correspondent at Aleppo, Asiatic Turkey, which states that the Archbishop of Marasch, who was confined in the Aleppo goal, has disappeared, and the Armenians fear that he has been hanged. -During the season of 1894 six trotters in Russia have reached records for two mile heats that equal or better 2:30 for the mile. Two imported American horses have also done this in Clearland, Fluh, by Socrates, doing his two miles in 4:50, and Vic. H., by Blackbird in 4:54. This was Vic. H.'s first season in Russia. She started in four races and won two.

Dialogue—The British Lion and American Hoosier—Herbert Brewster, Donald M. Moore, J. D. Moore. Chorus—National Anthem—By the School and audience. Christmas Concert in 1st Hillsboro Baptist Church. On Friday evening last a very interesting Christmas Missionary Concert, was given by the Sunday-school and Mission Band. The choir of the church, assisted and altogether the entertainment was highly appreciated. The following is the program: Christmas exercise by the School. Chorus—Glory to Bethlehem. Praise service by the boys and girls respectively. Dialogue—Light. Solo—By Minnie Camp. Recitation—By Martha Livingstone. Chorus—New Year's Hymn. The children entered the church singing, "There are Angels hovering Around," Miss A. B. Geldart leading. After this the pastor offered prayer. In addition to the above three young men curiously dressed representing the wise men from the East came to the platform and recited appropriate pieces, each holding a banner upon which was written, God, Famine, and Myrrh. There was also an exercise by four young ladies representing different countries of the world. The pastor of the church made an address, at the close of which he presented to John I. Steeves on behalf of some of his friends, a beautiful teachers' Bible, valued at \$12.00. Mr. Steeves has been the faithful Superintendent of the school for over ten years. He is one of the best Superintendents to be found anywhere in our province. He has ability, devotion and a noble christian spirit. After this Santa Claus made his appearance and treated the school to candy, giving each one a well filled bag. Thus ended one of the most successful Christmas Concerts ever given in the church. Capt. Kidd's Money. A correspondent sends the following to the Sussex Record: "A certain citizen of the village of St. Martins accidentally discovered a small iron box about 15 inches long that had been washed out of the mud bank last week near the West Quaco creek. The box to his great surprise and pleasure contained gold coins to the value of \$8,000, and also a queer looking knife with a rusty blade about five inches long, and two iron bread knives with oak handles with the letters 'G. K. P.' carved on the handles of both knives. There is abundant reason to believe the money and the other articles belonged to the notorious Capt. Kidd."
