

The International Telegraph Office at Bern has just completed the publication of the statistics which it has been able to collect from the Government Telegraph Departments...

The statistics given to the length of the lines constructed and worked by the various administrations show that among the State Telegraph Departments Russia is the largest, having a total of 50,000 miles of line...

Turning to the figures given to the number of telegraph offices open to the public, we find that the Western Union Company again takes the lead with a total of 7,000 offices...

In the matter of gross receipts the Western Union Telegraph Company again leads the list, with an income of very nearly £2,000,000...

THE AERAPHONE.—Edison's very latest achievement is a modification by which he literally gives to every wall its ear...

While Mr. Edison was testing one of his latest inventions, he was suddenly interrupted by the possibility of making it speak simultaneously...

This new invention of Edison's is briefly described as follows: In the ceiling of his private office, concealed from view, was the exception of a small, ear-shaped funnel...

SETTING UP THE NEEDLE.—The plan for raising may be very briefly described. The column will be fitted with a powerful iron jacket as near the centre of gravity as possible...

THE LEAD AND THE VEIL.—Verizon of Cincinnati is rapidly gaining in notoriety, and in boldness and its members now announce their object and say that whenever opportunities offer...

The United States produces 100,000,000 pounds of wool a year, just half of what Germany produces, and 25,000,000 pounds less than either Russia or France...

The audiences of the new pope are not held with the ceremony and state which characterized those of Pius IX. and are kneeling posture is dispensed with...

"For the Agriculturist." Mr. Editor.—I notice the trees on Brunswick street, from Regent to St. John streets, with only one exception, are whitewashed from the trunk upward, some 6 feet, making it look like the prettiest part of the city...

Fredericton, June 8, 1878.

The Agriculturist.

Fredericton, N. B., June 8, 1878.

ANOTHER WAY OF LOOKING AT IT.

We are all agreed that what York County needs is good, honest and capable representatives. This is first and more important than party or policy. Men who for their own personal individuality, and the interests of their constituents in the unmanly and tame following of any leader or party are not such as a county needs...

There is in this, as in every other western city, two distinct worlds in matters religious, political, social, and even commercial. The one is the world of the city, the other is the world of the country...

SOCIALISM.—Mr. Maverick's recent letter, setting forth the close affiliation of Socialism with the trades unions in the United States, was attracted to me by the interest and sober comments from a large number of exchanges. The American Architect is convinced that while the doings of the Socialists may have little to do with an exaggerated sense of their importance...

THAT EYE-ROAD MONEY.

We understand that Mr. Blair in his canvass endeavored to influence the minds of electors by telling them that York has been left out in the cold under the Government of Mr. Blair...

TABLE NO. 1.

Table with 2 columns: Amount paid on account of Eye-Roads, for year ending 31st October, 1877. Lists amounts for various counties like Charlotte, King, Northumberland, etc.

TABLE NO. 2.

Table with 2 columns: Amount paid by Province for Eye-Roads in the several Counties during eight years, ending October 31st, 1877. Lists amounts for Charlotte, King, York, etc.

The Mount Allison Institutions at Sackville have closed for the summer vacation. The proceedings seem to have been very interesting. The great feature of the celebration was the oration of Hon. G. E. King...

Fifty thousand healthy young salmon were deposited in Black River, by Inspector Venning and his assistant. An equal number were put in Napan River. They are said to have been in excellent condition...

The evidence given, at least, closed, and the verdict been given. Altogether more than eighty witnesses have been examined, with very little delay and with great care. The public interest has not waned from the first to the last...

The above card may have been sent by a "very respectable citizen," but the design which promoted it and the spirit it breathes are anything but commendable...

The nomination for York County takes place on Thursday, 20th June, at the Court House, Fredericton. Polling day is the 26th, and declaration will be made by the Sheriff on the 28th.

Advices from various parts of the county show that Mr. Fraser stands excellently well. He will get at least three-fourths of the voters; that the electors will support Mr. Fraser by sending him not pledged to any party...

The Quebec Legislature met on the 6th of June. The speech from the Throne is short and not very important. It promises retrenchment and economy, deposes the conditional deficit in revenues, and proposes to abolish the office of Railway Commissioners...

Mr. Joly was able to elect as speaker Mr. Turcotte by a majority of one only, and that the vote of Turcotte himself who occupied the chair. Turcotte is conservative but could not stand the pressure brought to bear on him to accept the speakership...

The Dominion Line steamer "Ontario," Capt. Roberts, which arrived at Quebec on Monday last, had on board a number of emigrants for the little Saskatchewan Colony, North-West, Canada. They are pioneers from England, Ireland, Scotland and Wales...

A. F. Randolph, Esq., has commenced work on the corner of Queen Street and Phoenix Square, on the site commonly known as McCalland's corner. The building will be in keeping with the best in the city, of brick with a tower on the corner of Queen Street and the Square, and a mansard roof around which will run ornamental iron gratings...

The Orangemen of British North America held a session of representatives of that Body in St. John on Tuesday and Wednesday. A large number of delegates from Ontario and Quebec were present. An excursion was planned by steamer to Fredericton, and about 200 persons took advantage of it to enjoy the scenery of the St. John river and the beauty of our city...

The successful competitors for the various prizes at the University have concluded their examinations with the following result: James R. Macdonald of St. John won the Douglas Gold Medal for his English Essay upon "Canada and its resources." Mr. Byles of Queens County carries off the Mathematical Scholarship and the French prize. Mr. Horsman of Westmorland gains the Microscope in Science, Mr. Hazen of Fredericton, the English Scholarship and Mr. Wilkinson of St. John the Classical Scholarship...

Mr. Tupper, of Nova Scotia, and Lady have just spent a few days in Fredericton, as guests of Governor Tully. The Dr. was seeking some rest after the onerous and tiring duties of the late session of Parliament. He is full of his party at the coming Elections. The indications are that the Dr. will not be disappointed in Nova Scotia at least.

DEATH OF THOMAS MURRAY.—We regret to announce the death of Thomas Murray, Esq., of Spring Hill, which took place yesterday morning. Mr. Murray had been in delicate health for some time past, but was attending to his usual business, we may say to the last day of his life. He rose and dressed himself as usual yesterday morning, and while sitting was observed to lean over in his chair, when one of the family went to his assistance. He expired at 7 1/2 years of age, and was the last of his generation. He was born in England, when quite young, and had a large lumber and mill business, by which he accumulated a handsome fortune. Mr. Murray, never married, but had a large circle of relatives and friends.

Prof. Jas. Inch becomes President of the Sackville Institutions in the place of Dr. Allison, resigned, and as his College has conferred upon him the degree of L. L. D. We heartily congratulate Dr. Inch upon his honorable position he has attained. Prof. Kennedy, of the male Academy, steps into the principalship of the Ladies' Academy vacated by the resignation of Prof. Inch.

Mr. Jas. Farrell, Board of Health Inspector, reports six deaths in the city for the past fortnight ending today.

Towards the last of May a succession of terrific storms passed over part of the Western States, which inflicted great loss of life and property. The most disastrous struck the Mineral Point, Wisconsin, in the evening, sending a large smelting furnace to ruin, killing eight men and injuring many others. The loss of property in the town is estimated at \$1,100,000. Everything in the track of the tornado was swept prostrate, trees were carried hundreds of feet...

A school-house about two and a half miles east of the city was carried off, the teacher and scholars. Two of the scholars, a brother and sister, were killed and the teacher slightly injured. The teacher, while holding one of the smaller scholars in her arms, was thrown several rods. Most of the children were unharmed.

In Madison, Wisconsin, the devastation and sacrifice of property and life has been appalling. In the vicinity of Princeton, twenty-five miles southwest of this city, from there through Mount Vernon to Paoli, the most fearful damage to property and loss of life has been done. In the vicinity of Paoli, the farm houses were blown down, some of them utterly destroyed, and the debris carried off by the mighty avalanche of wind, some of it falling twelve and fifteen miles away, one shutter of a house falling in Lake Michigan, near this city. Some twelve or thirteen persons are known to be killed, and large numbers severely injured. Graphic yet terrible descriptions are given of the terrible effect of the tornado. Teams and wagons are reported taken from roads and carried in the air and dashed to the ground. At Dr. George Fox's near Oregon, two valuable horses were blown to the ground, and the appearance of the man, here, however, the contrary was the case, confining their evidence that death resulted from violence. The front of the house was struck with a dark fluid which Drs. Fleming and Scott testified was disorganized blood, and which Dr. Allison, after careful analysis, swore positively was human blood. The fact of death by violence being clearly established, the question arose: Who killed him?

It was proved that he left the Weldon Hotel, Chicago, on the 24th of May, and was on the main street going toward the Weldon Hotel, when he was struck by the tornado. Mr. Hickey, the watchman, told of seeing Smith and another man that night, thus corroborating the testimony of Lockhart, Haynes and Nicholson. The testimony of the Osborne told them that he was on the street at 12 o'clock. There could be no doubt as to that fact. The crowd had exhausted every individual except Mr. Osborne, who was the only one left. Mr. Osborne, who was the only one left, was the only one left. Mr. Osborne, who was the only one left, was the only one left.

How came it to be there? Hickey, the watchman, told that early in the morning an express wagon, carrying a number of Osborne's going toward the Seaside. Mrs. Atkinson, an estimable lady, whose testimony no one could question, heard a wagon pass on the street at 12 o'clock. Mr. Osborne, who was the only one left, was the only one left. Mr. Osborne, who was the only one left, was the only one left.
