

M'Farlane, Thompson & Anderson's CELEBRATED FIRST-PRIZE IRON FRAME MOWERS, For 1879!

Our Mowers received special Awards of Merit at Nova Scotia Exhibition, 1876.

Our **ITHACA RAKE** has the BEST HORSE-DUMPING ATTACHMENT, entailing less labor and greater durability. Wheels have 14 spokes, and the teeth are made from the best of steel carefully oil tempered and warranted.

We manufacture also two patterns of

STEEL PLOUGHS

KNOWN AS

"Canada Pattern Scotch Plough," and the "Barker Plough."

TESTIMONIALS.

Messrs. McFarlane, Thompson & Anderson.

GENTLEMEN,—In reply to your enquiry about your Mowing Machines in this place, we would say that last year when we received your Mowers, we gave them a fair trial with others, before we offered them for sale. We used them an hour each in the field with the one team and an experienced driver. We and others who were present, were convinced that your Mower would do as good work, and was not as liable to get out of order as other Machines that are running here. We have had some experience in repairing Mowers for the last five years. We have always found that the Wood Mower runs with the least expense; there are not so many bolts and nuts to get out of order. Your Machine has got the best looking—all the journals are well fitted and run very smooth; the strains are met with straight lines, and these are features worthy of notice in machinery. In fact we think you have the plainest, simplest, and most substantial Mower running. They are not only the best, but lowest in price of any of the same quality. We do not hesitate in saying to parties wanting to buy a good Machine, to try one before purchasing and be convinced that you make at home in our country as good a Mower as can be got in the market. They are not surpassed by any, and should you accidentally break a piece you have no difficulty in getting it replaced at the Foundry; you are not hampered by agents, and lose the use of a Machine nearly all day time hunting them up and then not find them. The Machines we sold last year gave good satisfaction, and the farmers wish you every success so long as you put up first-class machinery.

GENTLEMEN,—The only objection we have to the Machine is this, it's not to the shop for repairs, as often as we would like it, but as that is the kind that suits the farmers, we dare not grumble. Yours respectfully,
THOS. W. HOLT,
GEO. L. HOLT.

PRINCE WILLIAM, May 10, 1876.

Messrs. McFarlane, Thompson & Anderson.

GENTLEMEN,—After having used one of your Walter A. Woods' Iron Frame Mowers for the last three years, cutting seventy tons of hay such season, I can, with a full knowledge of its merits, testify to its excellent qualities. It is light of draught, cuts heavy and light standing or lodged grass with perfect success, is easily managed, and very durable. It has never cost me one cent for repairs. It all appears in as good working order as when bought. The absence of bolts and nuts, in consequence of the solid frame, I consider one of the most important and valuable improvements over other Mowers in the market, and would most strongly recommend it to the farmers of your County as the Mower to buy.

Every description of repairs on hand for implements at all times. Sections on hand and knives manufactured to order for all other kinds of Mowers, and sold at prices lower than any other. All of our implements warranted to give entire satisfaction, and will willingly subject them to field test with any other at all times. Not employing General Agents or finding it necessary to swarm the country with local travelling agents, we are able to sell at low prices and on better terms than any other, thereby giving the farmer the benefit of the commission paid agents of other Mowers.

Don't sign order or buy from Mower Agents until you have seen ours, or sent for our circulars and price list.

McFarlane, Thompson & Anderson.

Fredericton, May 31, 1879.

REAL ESTATE FOR SALE.

THAT LOT OF LAND situate on HANWELL ROAD, about a mile from Government House, owned by the late George L. Dibble, deceased.
