USE SKODA'S DISCOVERY,
The Great Blood and Nerve Remedy

AN ILLINOIS MIRACLE.

A Case of Deep Interest to All
Women.

Saved Through a Casual Glance at a News-
paper—Weak, Pale and in a Deploable
Condition When Relief Came—Another
Remarkable Triumph for a Great Cana-
dian Remedy.

Unique Times—
Among the peculiar conditions with which
the people of the present age are endowed, is
a remarkable capacity for doubting. A full
belief only comes after a careful investigation,
and after positive proofs have been present-
ed. Current report said there had been a
remarkable cure in the case of a lady of Sa-
vanna, Ill., but as current report is not al-
ways accurate, and as the story told was one
possessing deep interest for the public, The
Times determined upon a thorough investi-
gation into the matter. The result of this in-
vestigation proved that not only was the
story true, but that the case was even more
remarkable than the public had been given to
understand.

Mr. A. R. Kenyon is the fortunate owner
of a comfortable house, well kept and with
pleasant surroundings, situated on Chicago
Avenue, Savanna, Ill., and it was there the
reporter sought him to learn of the sickness
of his wife, and the cure of which so much is
being said. In answer to the bell a lady ap-
peared at the door, and to an inquiry for Mr.
Kenyon said, he was employed by the railroad
company, worked at nights and was asleep.
Is Mrs. Kenyon well enough to see me? the
reporter then asked. With a very suggestive
smile she said: There is no doubt of it, and
inviting the reporter in, informed him that
she was the lady in question. When told the
reporter's mission she said: The statement
of facts as you have made it is quite true. I
did not think my case was of special interest
to anyone outside of my own family and
friends, but if what information I can give
you will be of use to anyone else you are wel-
come to it. I owe my present good health to
a casual glance at a newspaper and as with
me some other woman may be fortunate.
Mrs. Kenyon is an intelligent lady-like wo-
man, and her house bears evidence of her
great capabilities as a house wife. She told
her story as follows:—

"I was born in Warren county, New York
thirty three years ago. I was married when
I was 19 and came to Savanna seven years ago.
With the exception of being at times subject
to a violent sick headache, I considered my-
self a healthy woman up to five years ago.
At that time I was very much run down and
an easy prey to the ever present malaria in
and about the Mississippi bottom lands. I
was taken violently ill and during the suc-
ceeding five or six months was the greater
part of the time helpless. The local physicians
said I had been affected by malarial and
intermittent fevers. I continually grew
weaker and finally went to see Dr. Maloney
of Clinton, Ia., who is reputed to be one of
the ablest physicians in the Mississippi Valley.
He treated me for a time without beneficial
effects, and finally told me he thought he
could help me if I would absolutely abstain
from work. That was not to be thought of.
If I gave up about I had to look after my
household duties. I then consulted Dr.
Johnson of Savanna. My stomach would
not retain the medicine he gave me and he
came to the conclusion that my stomach was
badly diseased. Occasionally I would choke
down and nearly suffocate. I then went to
Dr. Maloney and he pronounced it a case of
heart trouble. He helped me temporarily,
but like the rest said I must stop all work or
nothing could be done for me. All this time
I had grown weaker and paler until I was in
a deplorable condition. I had a continual
feeling of tiredness, my muscular power was
nearly gone and I could not go up half a
dozen steps without resting, and often that
much exercise would cause me to have a ter-
rible pain in the side. Seemingly my blood
left my veins. I was pale as death; my lips
were blue and cold and I had given up all
hope of ever being better. About the first
of April last a young man boarding with us
received a Fulton, Ill., paper. It was his
home paper sent him by his mother. I picked
it up one day and in glancing casually
over its columns came across an account of
a marvellous cure through the use of Dr. Wil-
liams' Pink Pills for Pale People. Candidly
I did not believe the story, and when my
husband suggested that it would do no harm
for me to try the pills I laughed at the idea.
He insisted and I submitted, but I had no
faith whatever in the pills. My husband sent
for two boxes and I took them. When I
had used these I was somewhat improved in
health. I continued their use and I felt that
I was growing stronger, my sleep refreshed
me and it seems as if I could feel new blood
 coursing through my veins. I kept on tak-
ing Pink Pills until a short time ago and I
now consider myself a healthy, rugged wo-
man. My house is full of boarders and I
superintend all the work. In other words I
work all the time and am happy all the time.
I am positive that Dr. Williams' Pink Pills
for Pale People saved my life, and I believe
there are thousands of women who would find
great relief if they used them. The sick
headaches I was subject to have disappeared,
and I have not had a single attack since I
commenced taking Dr. Williams' Pink Pills."

"Were there any disagreeable effects from
the medicine?" asked the reporter.
"None whatever," replied Mrs. Kenyon.
"They are pleasant to take and the conditions
imposed by the directions are easily complied
with. In common parlance I took Pink
Pills and they did the rest." Mrs. Kenyon
stated that all her neighbors, knew of her
former condition and her restoration, and
one of them was called in, and when asked
of her knowledge of the case said: "I have
been intimately acquainted with Mrs. Kenyon
and known of her illness. I look upon her
recovery as something marvellous. It is
surely the unexpected that happened in her
case. Of my own knowledge I cannot say
what the nature of her ailment was, but I
know that she was reduced to a mere shadow;
she was the palest and most ghost-like person I

THIS WONDERFUL STORY

Was Told Mr. Frank H. Colley,
Local Editor of Age, Belfast, Me.

"For 15 years I have been a sufferer
from Salt Rheum of head, with its at-
tendant itching and burning. Crusts
1-8 inch thick would form over my
whole scalp, crack and bleed. I also
had a general Salt Rheum on my body
from which I suffered torture. My
food distressed me badly and a severe
palpitation of the heart added to my
suffering, and unfitted me for labor.

LUCIUS H. DUNHAM,
Chairman of the Board of Selectmen of the
town of Northport, Me.; member of the
Legislature for 1888-89.
Physicians said I had Chlorosis, or
MA, a BAD HEART THROBBLING, and
PERSIA in a severe form. I tried many
remedies, but received no permanent
relief. After taking 6 boxes of
SKODA'S DISCOVERY, the PINK PILLS
and OINTMENT, I find myself per-
fectly cured. Skilled physicians have
examined my heart and I am now as
normal in all its functions."
SKODA DISCOVERY CO., WOLFFSBURG, GERMANY.

had ever seen. Hers was a remarkable case.
She would be helpless one day and the next
would be supervising the work of her house,
but all the time there was a noticeable loss
of strength and the natural viciousness of her
nature had disappeared. It was generally
thought she must die as none of the physicians
who attended her seemed to understand her
case or help her in the least. I was told of
the sending for Dr. Williams' Pink Pills and
of course thought it the whim of a dying
woman, or perhaps a sign that her husband
still insisted in hoping against hope. But
you can see the result for yourself, and if
miracles are not performed in these days I
would be pleased to know how to describe a
case of this kind."

It is a remarkable case. There is no reason
to doubt the sickness of Mrs. Kenyon and in
just the form she describes it. Hundreds of
people in that immediate neighborhood are
fully conversant with the facts of both sick-
ness and cure, and discuss it with sympathiz-
ing earnestness. But few persons have gone
so close to the dividing line between life and
eternity and returned; and from the facts
stated there is but a single conclusion to be
drawn—Dr. Williams' Pink Pills for Pale
People did it.

Dr. Williams' Pink Pills are a perfect blood
builder and nerve restorer, curing such dis-
eases as rheumatism, neuralgia, partial pa-
alysis, locomotor ataxia, St. Vitus dance,
nervous headache, nervous prostration and
the tired feeling therefrom, the after effects of
the grippe, influenza and severe colds, diseases
depending on humors in the blood, such as
scrofula, chronic erysipelas, etc. Pink Pills
give a healthy glow to pale and sallow com-
plexions, and are a specific for the troubles
peculiar to the female system, and in the case
of men they effect a radical cure, in all cases
arising from mental worry, over-work or ex-
cesses of any nature.

These Pills are manufactured by the
Dr. Williams' Medicine Company, Brockville,
Ont., and Schenectady, N. Y., and are sold
only in boxes bearing the firm's trade mark
and wrapper, at 50c. a box, or six boxes for
\$2.50. Bear in mind that Dr. Williams' Pink
Pills are never sold in bulk, or by the
dozen or hundred, and any dealer who offers
substitutes in this form is trying to defraud
you and should be avoided. The public are
also cautioned against all other so-
called blood builders and nerve tonics, no
matter what name may be given them. They
are all imitations whose makers hope to reap
a pecuniary advantage from the wonderful
reputation achieved by Dr. Williams' Pink
Pills. Ask your dealer for Dr. Williams' Pink
Pills for Pale People and refuse all
imitations and substitutes.

Dr. Williams' Pink Pills may be had of all
druggists or direct by mail from Dr. Wil-
liams' Medicine Company from either address.
The price at which these pills are sold make a
course of treatment comparatively inexpensive
as compared with other remedies or medical
treatment.
