A FARMER'S HARD LUCK.

Meets with an Accident Followed by Painful Results.

Mr. N. B. Hughson Tells a Story of Years of Suffering and How he Found Relief.

The Circumstances Familiar to All His Neighbors.

From the Chatham Banner.

A Chatham Banner reporter while on news-gathering rounds a few days ago, dropped in to the well known drug store of Messrs. Pilkey & Co., and overheard scraps of conversation between customers, in which the words Pink Pills and the name Hughson were frequently repeated. With a reporter's instinct for a good news article, he asked for some particulars, and was told that if he called upon Mr. Hughson he would probably get a story well worth giving publicity. Mr. Hughson does a snug feed and sale stable business on Harvey street and thither the reporter repaired, and was somewhat surprised to find the very antipodes of an invalid. Mr. Hughson is a man of medium height, about fifty years of age, born with a good constitution, and who, until some three years ago only knew the meaning of the word sickness from the dictionary. Mr. Hughson is a stationary agent by trade, and a good one, but some six years ago getting tired of that calling he quit it and rented a farm in Harwich. While returning from town one day on top of a load one of his horses stumbled, and Mr. Hughson was pitched head foremost to the hard, frozen roadway. When he got home and the blood was wiped away his external injuries seemed trifling, but the grave trouble was inside, and took the form of a violent and almost constant headache. A week later he went into the bush to cut wood, and felt at every stroke as if his head would burst. He worked for half an hour and then went home, and for eight weeks his right side was wholly paralyzed and his speech gone. After a time this wore off and he was able to go about the house, though he could not walk. All this time he was attended by a physician, whose treatment, however, seemed of but little avail. In the following June he had a second stroke and was not out of bed for seven weeks and was left very weak. The belief that he was doomed to be a burden on those near and dear to him, that he was unable to take his place as a bread-winner, added mental to his physical anguish. But relief was coming and in a form he had not expected. He saw Dr. Williams' Pink Pills advertised and asked his physician about them. The latter said he had not much faith in these remedies, but they would do no harm, and Mr. Hughson got a supply which he began taking according to directions. At the outset his wife was also opposed to them, but before he had taken them long she noticed an improvement in his condition, and then was quite as strong in urging him to continue their use, and even took them with good results herself for heart weakness following the grippe. Continuing the use of the pills, Mr. Hughson found his terrible headaches leaving him and his strength returning, and soon found he could do light work on the farm near his house. He still continued using the Pink Pills until he had taken fourteen boxes, and found himself fully restored to his old time strength. Mr. Hughson's old neighbors in Harwich never expected to see him on his feet again, and are astounded at his recovery, so much so that the fame of Dr. Williams' Pink Pills has spread far and near throughout the township, and are the standard remedy in many households. Mr. Hughson can be seen by any of our citizens and will only too gladly verify the foregoing statements.

The reporter then called upon Messrs. Pilkey & Co. at the Central Drug Store. They do not, they informed him, make a practice of booming any proprietary medicine, so that the lead taken by Dr. Williams' Pink Pills is not due to persistent puffing but to irresistible merit, and on all sides their customers speak of them in terms of warmest praise. An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of the grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Co., Brockville, Ont., and Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Co., from either address.
