LOCAL TOPICS.

FIRST SNOW FLURRY ON MONDAY. Not enough for snow-showing.

BUSINESS IS BOOMING ON KING STREET since the new sidewalks are laid.

WHAT HAS BECOME OF THE FISHWAY IN SAWYER'S DAM of which we heard so much a short time ago?

MORE TEMPLARS.—J. K. Fleming, of Woodstock, instituted a Council of Royal Templars of Temperance at Florenceville last week with 54 charter members.

REV. H. G. MELICK travelling missionary in the North West for the Baptist church addressed the Baptist Sunday school in this town last Sunday afternoon.

REV. DR. BRECKEN of Fredericton will preach a missionary sermon in the Methodist church on Sunday morning next and in the evening he will deliver an address.

CONFIRMATION.—His Lordship the Bishop of Fredericton, is expected at Benton, on Monday next, when the rite of confirmation will be given to a number of candidates in St. Mary's Church.

WATER RISING.—The water in the river has been steadily rising for the past two weeks. On Monday morning it had risen three feet since the Saturday previous, and was still on the rise.

HUGH W. PEPPERS, a graduate of the University of New Brunswick, who at one time taught school at Hartland, has been elected president of the sophomore class at the McGill medical college.

THE ABERDEEN.—The steamboat Aberdeen was expected to arrive last evening barring accidents, and to continue its trips as long as navigation continues. Again, we are a "competitive point," if only for a brief season.

RUSHING THE LOGS.—Part of the corporation drive got down as far as Peel on Saturday night. Fred Moore went to Peel on Monday and took the crew back to the Arvestock Falls where the rest of the drive is in boom.

EIGHT OF THIRTY-EIGHT.—A gentleman whom a DISPATCH representative met in Florenceville the other day said that he had shipped 38 carloads of produce from Houlton this season and five of these carloads went over the C. P. R.

CELLAR FLOODED.—In laying the asphalt crossings across from the Peoples bank to Patrick Gillen's, the workmen filled up the gutter next Gillen's, and as a consequence when the heavy rain came on Mr. Gillen's cellar was flooded.

BOARD OF TRADE.—A special meeting of the Board of Trade will be held next Monday evening, for the purpose of receiving reports from the special committee to gather statistics on railway freights, and the transportation committee.

CRICKET.—The members of the Woodstock Cricket Club are requested to meet in the office of THE DISPATCH this evening (Wednesday) at 8 o'clock, when matters of importance will be brought before the meeting. A. E. Mellick, secy-treas.

TOWN HALL TO BE VACATED.—The Salvation Army have given notice to the town authorities that they will surrender possession of the Town Hall on the 9th day of November. It is understood that they will thereafter occupy J. C. Milmore's hall on Connell street.

WILL RESIDE HERE.—At Nerepis, on Wednesday evening, Miss Susan M. Nase was married to Wilbur J. McKenzie, son of D. W. McKenzie. The ceremony was performed by Rev. H. T. Parlee. The young couple will live in Woodstock. —Cor. St. John Globe.

SHINGLES ON THE MOVE.—Reports from Upper St. Francis show that the stock of shingles is depleted in the Boston market; and an active demand for this kind of lumber has already arisen, and is likely to be more urgent as time passes. Operators there having stock on hand are inclined to hold and reap the profit from the advance in prices that may be expected to follow.

MARKET FOR SHEEP.—There seems to be a greater demand for old sheep, than supply this autumn. Forester McLean says that the buyers for the Montreal and Toronto markets are very active, and are giving all the way from \$2.50 to \$4.00 a head. During the last few weeks five carloads of sheep have gone from Florenceville to Montreal. Among the buyers from the upper provinces are Samuel Ryan and Verrall & Son. They will take all the sheep in good condition that are offered.

THEY WILL FINISH IT.—The completion of the twelfth span on the bridge is delayed by the rising water, and the consequent rush of logs, and until the river is clear no attempt will be made to bridge it. In the meantime the hands are busily engaged in the necessary work on that portion of the bridge which is already up, rivetting, flooring, painting, etc. The bridge authorities say there is no doubt that the bridge will be completed this autumn although there are citizens who are afflicted with doubts.

MIND THE SPARKS.—A house occupied by Frank Haines, near the lower corner caught fire on Friday morning last, and a fire alarm was sounded. Considerable damage was done before the fire was put out. It appears that a spark got through a crack in the floor and lodged in the sawdust underneath. The family took the precaution to pour water down the crack, but it evidently did not reach the spark, for it smouldered away in the sawdust, and the fire broke out the next day with the above mentioned result. The house was insured for \$400.

CORRECTION.—In a recent issue of THE DISPATCH it was stated that Albert H. King of the parish of Woodstock and Maggie Martin of the parish of Richmond had made a run away match. Mr. King says that the statement was entirely without foundation, and THE DISPATCH at once, willingly corrects it. Mr. King says that Mrs. Martin made no protest against the wedding.

SUNDAY SCHOOL CONVENTION.—The Provincial Sunday School Convention which meets this week in Fredericton, is the most important convention of the kind that has ever been held in the province. It is the eleventh annual convention under the auspices of the New Brunswick Sunday School Association, and completes the tenth year of successful work by the association. For this reason it is called the Decennial Convention. The delegates who left on Monday to represent Woodstock are as follows:—Methodist, Mrs. Wm. Corbett, Miss M. M. Allen, Jas. Watts; Free Baptist, Mrs. Jarvis Watson, Mrs. B. R. Johnston, C. R. Watson; Baptist, Mrs. W. S. Saunders, Chas. Lewis; Presbyterian, Miss Grace Hovey.

RIOT ON CONNELL ST.—On Saturday morning when the street committee sent the men to carry out the order of the council, and lay a crossing on Connell St. there was a dispute about the location (although the order from council was to lay it across from the tannery). Citizen Richard wanted it in front of his door, and citizen Gus and citizen John wanted to have it farther along the street at the site ordered by the council and for a few minutes it seemed as if the few locks left by nature were in danger of violent removal. The interference of the street committee only prevented a repetition of these scenes we read of in Chicago during the last great strike, and a war beside which China and Japan would sink into insignificance was averted—and the crossing was laid at the tannery.

MISSION BAND.—A report of the sacred concert by the Mission Band of the Albert Street Baptist church, which was held on Oct. 4th was unavoidably held over until this issue. The church was very beautifully decorated with flowers. Recitations were given by Misses Lizzie Horseman, Alma Smith, and Flossie McKinnon. The Misses Baird gave a duet, as did also the Misses Scribner and White. Miss Grace Porter gave a reading. Miss Hendry and Mrs. Frank Good delighted the audience with song solos. Dialogues—"Beginning of Grande Ligne Mission," "Light and Darkness," and "Is it any use," were most favourably received, while the class recitation "A Grand Ligne Band" was duly appreciated. Prayers were conducted by Rev. Mr. Mellick, and Rev. Mr. Baker delivered an address.

NO USE FOR WOODSTOCK.—A representative of the Boston Post was among a party of bicyclists who passed through Woodstock a few weeks ago. Judging from the following extract the party's impressions of Woodstock were not favorable: "We dined at Florenceville, in a small semi-hotel. After a brief rest we continued our journey. In this province the custom seems to be to turn to the left instead of the right, which is somewhat perplexing. We still ran through herds of cows on the highway, but pigs no longer came forward to brush up an acquaintance with us. Our aversion was heens and roosters, who came dangerously near upsetting us on numerous coasts. We reached a town called Woodstock before dusk. We were glad to get out of this town, and next morning pushed on to Fredericton, sixty-five miles."

SUCCESSFUL PEAR CULTURE.—In an interview which THE DISPATCH had with Mr. Frank Sharp some weeks ago, that gentleman spoke of the failure of most attempts to raise pears in this country. On Monday Mr. A. H. Stead called at this office and showed a sample of pears he has raised on a tree on his farm. He says he got a graft of a tree from Jas. Atkinson of the Hodgson road, who got the seed at a Fredericton exhibition many years ago. Mr. Stead grafted this scion into a rowan wood tree about twelve years ago. Seven years afterwards it bore fruit and has done so ever since. Last year it produced a bushel of pears. The fruit is fully matured and the pears in appearance and flavor are unsurpassed by those imported. Mr. Stead says that there is no difficulty in the fruit ripening. He has a number of small trees which have not yet borne. This is a most important discovery.

RUN OVER IN THE NIGHT.—When last Wednesday's express was nearing Presque Isle, the engineer noticed a dark object on the side of the track. The train was stopped, and it was found that it was the remains of a man. The head was completely cut off, one of the arms severed from the body, and the entrails protruding. The remains were taken to Presque Isle and an inquest held the next morning. The man's name was found to be Wm. Teare, and he belonged to Lepreaux. He had been working on the B. & A. railway. On examining the train which arrives here in the morning from Presque Isle, it was found that the deceased had been run over by it, without any on board having any knowledge of the sad affair. It is dark when that train leaves Presque Isle. How he came to be on the track no one knows. He was unmarried and bore a good reputation. A brother went to Presque Isle and took the remains home.

CRUSADE DAY.—The woman's missionary aid society of the Albert St. Baptist church observed Tuesday Oct 9th as Crusade day. Owing to the day being wet, very little visiting could be done; but two or three new names were secured to the society. In the evening a public missionary meeting was held, a suitable programme being provided, consisting of missionary readings and music. Special mention should be made of a solo, beautifully rendered, by Mrs. F. A. Good; also, a duet by Mrs. W. W. Hay and Miss Ada Hendry. Among those present were Bro. and Sister Mellick. The latter gave a short talk on Baptist work in the Northwest, of which Bro. Mellick is superintendent. A collection was taken amounting to \$5.00, and the meeting closed with the benediction by Pastor Baker. On Friday, Oct. 12, Mrs. W. S. Saunders and Mrs. A. Archibald drove to Rockland and organized a W. M. A. S., with a membership of 28.

Hands and Ankle Raw.

For years I have been a great sufferer from itchy skin trouble and salt-rheum. My hands and ankles were literally raw. The first application of Dr. Chase's Ointment allayed the burning, itching sensation. One box and a half entirely cured me. It is also instant relief for chilblains. Henry A. Parmenter, St. Catharines, Ont.

Kidney Facts.

In Jan., 1892, my son was taken with Kidney disease. Though attended by three physicians, and change of climate he grew worse and by '93 had fallen from 195 lbs. to 93 lbs. In 10 days from starting to use Dr. Chase's Kidney-Liver Pills we were able to move him home. In four months he gained 50 lbs. and was fully restored to health by the use of this medicine. Jno. S. Hastings, St. Paul st., Montreal.

A Remarkable Cure.—J. W. Jennison, Gilford, —Spent between \$200 and \$300 in consulting Doctors; tried Dixons and all other treatments but got no benefit. One box of Chase's Catarrh Cure did me more good than all other remedies, and in fact I consider myself cured and with a 25 cent box at that.

PROMPT SETTLEMENTS.

Chatham, N. B., 2nd October, 1894.
Hugh S. Wright, Esq., District Mgr. North American Life Assce. Co., Woodstock, N.B.
DEAR SIR,—Allow me to thank you for your kind attention in assisting me to complete the necessary papers in connection with the claim under policy No. 11139, on the life of my son, Rev. William A. Lawler, deceased. I must also thank the company for their prompt settlement of claim. Proof papers were sent from here on 13th of September, and I am in receipt of your cheque bearing date the 17th of September. Wishing you and your company every success, I remain,
Very truly yours,
[Sgn] MRS. W. LAWLER.

CHATHAM, N. B., 8th Oct., 1894.
Hugh S. Wright, Esq., District Manager North American Life Assurance Co., Woodstock, N. B.

DEAR SIR,—Allow me to express my thanks for the prompt manner in which you have completed the claim papers for Policy No. 14261, on the life of my late son, Fred. J. W. Staples, who died on the 23rd ult. My thanks also are due to your company for sending me a cheque in full settlement of claim, the same day the claim papers reached Toronto.

The "North American" is evidently bound to maintain its record for prompt settlement of death claims, this being the second in this town, which has received similar treatment within the past two weeks.

Yours respectfully,
REBECCA J. STAPLES.

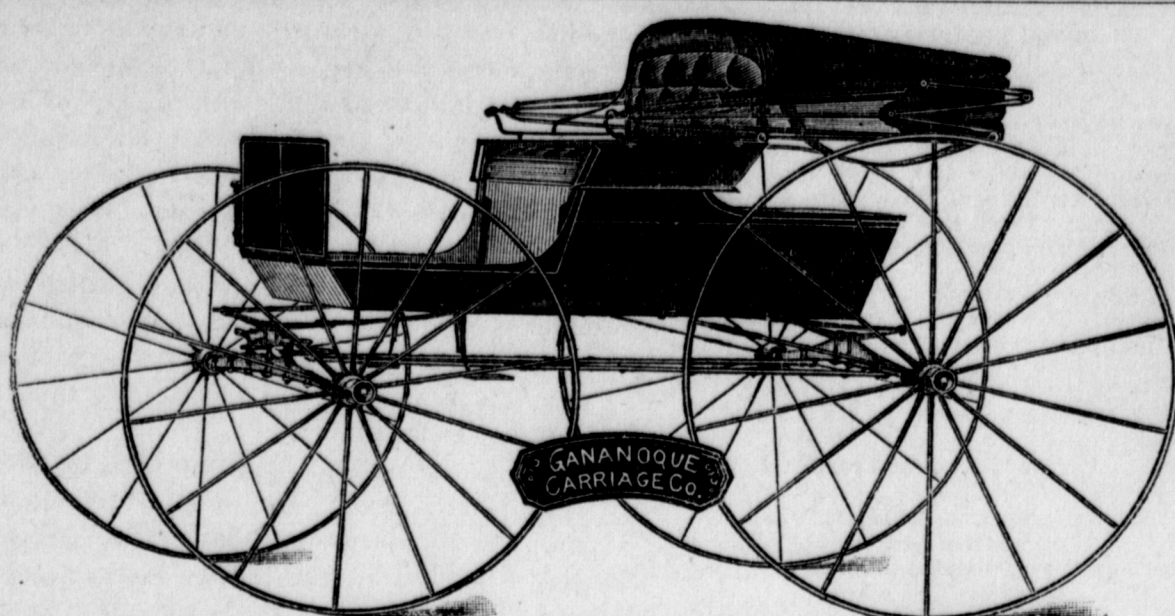

Don't Forget

To visit Campbell's Photo Studio this fine weather. He is making excellent work now. Remember the place, one door above Belyea's grocery store, Main street.

Get a Good Meal.

It is a weary wait one has to put in at McAdam Junction going whichever way one is, but the delay is made considerably endurable if you patronize the Junction House for a square meal or a lunch. Meals are always ready, and a DISPATCH representative can duly testify that the travelling public miss a good thing when they pass the Junction without patronizing C. J. Tabor, who is rapidly making a name for himself as a caterer to the folk who "pass in the night," and in the day, too.

WOODSTOCK MARKET.—The outside market for hay is not strong, but the commodity still brings \$6 in the county, there is very little moving as yet, and not many presses working.
