

LOCAL TOPICS.

The fire station near the lower corner is boarded in and the bell has been put in place.

D. W. SMITH's new warehouse is about finished, and looks very neat with its tidy coat of paint.

COUNTY SCHOLARSHIP.—Nevil Vince, who entered the university this year, has received the Carleton county scholarship.

TO GET THE LOGS.—Fred. Moore sent up a large party of men last Friday to work on the logs hung up at the Aroostock and Grand Falls.

SERIOUS ACCIDENT.—Robert Kirk, of Bedford Settlement, was thrown from a wagon and received some serious injuries. He is recovering.

THE WILMOT, Wicklow and Kent exhibition will be held today at Centreville. A first-class show is promised, and judging by the past, expected.

ROYAL TEMPLARS.—The Royal Templars of Temperance, of Grafton will hold a pie and shadow social in their hall on the fifteenth of this month.

ASPHALTING.—The asphaltting is completed on Queen and Connell streets, but the supply is about exhausted, and the crossings will probably have to remain as they are.

THE METHODIST CHURCH has now a good broad asphalt walk from the front door to the sidewalk. This is a vast improvement on the old facilities for getting into service.

THROWN FROM A CARRIAGE.—Mrs. C. T. Phillips and Mrs. James Moore, while driving on the Houlton road on Friday evening, were thrown from their carriage. Luckily they escaped without serious injuries.

J. T. COLLINS has his new house on Chapel st. about completed, and he intends taking down his front fence this fall. He says it interferes with what would otherwise be an entrancing view of the water cart.

PERSONS having any claims against the exhibition will please leave their bills with Sam Watts, secy., previous to Saturday next. The managing committee will meet in the Sentinel office on Saturday afternoon at 2 o'clock.

As a certain citizen was wending his way to the bosom of his family on Monday evening, he stumbled on a large stone that sticks up in the middle of Main street near Chapel, and barely escaped falling. He was perfectly sober. Perhaps the stone shouldn't have been there?

CHAN. ALEXANDER who has been taking the medical course at McGill and intended returning to Montreal this week, is at the residence of Rev. B. Colpitts in Woodstock sick with the measles. He is getting somewhat better and will probably be able to leave for Montreal next week.

BEAUTIFYING THE GROUND.—The appearance of the grounds around St. Luke's church, promises to be greatly improved by the cedar hedge which is being set out in front of the church. It is the intention to continue the work another season so as to have a complete cedar hedge around the church grounds.

HOW DID THEY GET OUT?—How did Dickinson's horses get out of the barn? was the query yesterday morning. It appears that when Mr. C. D. Dickinson went into his horse stable yesterday morning he found his pair of horses missing. They were found afterwards under a shed adjoining Moore's mill.

COMMITTED FOR TRIAL.—The case of Richard Boyd of the Parish of Kent, charged with the commission of an indecent assault on the female child of Mr. Foley of the same parish was up for a preliminary hearing before the police magistrate yesterday. Boyd was committed for trial at the next circuit court.

COULDN'T LIVE THERE.—A farmer from Glassville, Carleton Co., paid a visit to Robinson, Me., this week for the purpose of buying a farm and settling down upon it. After viewing the land, he concluded that he could not make a living upon it, and so he has gone back to Carleton County.—St. Andrews Beacon.

THE BRIDGE.—The bridge is getting along in good shape. The ninth spar is completed and the crew is now at work on the tenth. When that is completed, the eleventh which is extra long, and the twelfth which is extra short will be all that will remain to be done. It is safe betting that we will be crossing on the first of November.

REFORMED BAPTIST.—The services at Eel River will be continued during the week. On Sunday Rev. G. W. McDonald baptized 4 candidates. Miss Mary Everett who has been assisting him in the work preached at the afternoon service. During the special meetings at Lower Brighton 23 new members were added to the church there.

MOTHER OBJECTED.—On Tuesday of last week Allen H. King of the Parish of Woodstock and Maggie Martin of the Parish of Richmond drove into Woodstock and were married. On Wednesday morning the young lady's mother appeared on the scene and entered her protest against the marriage which she declared was a runaway match.

HOW IS THIS FOR HIGH?—Wm. F. Dibblee & Son imported a large amount of goods from Liverpool, last week. The cost of carriage of these goods from Liverpool to St. John, via Halifax, was \$12.09. The cost of carriage from St. John to Woodstock for the same goods was \$22.78, or nearly twice as much as from Liverpool to St. John. It to be remembered, too, that in bringing the goods from Halifax to St. John they came over the I. C. R. a longer distance by rail than the C. P. R. had to bring them from St. John.

REV. JARED TOZIER preached in the Albert Street church on Sunday evening. He prefaced his sermon with a few words on his present position as a preacher of the Baptist denomination. Some people, he said, had been unkind enough to hint, that, had he

been honest, he would not have left the Adventists. He thought anyone who knew him could scarcely accuse him of such baseness. He had always differed in many essential points from his adventist brethren, and had told them so as much as twenty years ago, and he had also told them the time would probably come when he would have to leave that denomination. He expressed himself perfectly satisfied in the Baptist ministry, and he should have entered there years before he finally did.

CRICKET AND TENNIS.—The cricket season is about over. On Saturday afternoon there was a fair attendance, and a good practice was had. It is not likely there will be any more playing of much account, though there is yet time for practice. A meeting of the club will be held shortly when a programme will be laid out for winter agitation, as it is the intention of the club to start in next season with a large membership and a good ground to play on. The lawn tennis club will probably be invited to join in with the cricket club in a ground to be used for both games. Notice will be given later on of the meeting. During the winter an entertainment of some kind will be perhaps be held for the purpose of raising funds. Quite a sum of money will be needed in order to do the thing up well.

DAIRY MEETING.—At the dairy meeting held in the Cedar hill school house just below Woodstock, Saturday evening Stephen Peabody presided. Mr. W. W. Hubbard and Mr. S. L. Peters were present. They churned some cream furnished by W. H. deVeber, which Mr. Peters said was just at the right stage of ripeness. They salted and worked the butter up into one lb. prints, after which they tested by the Babcock Lester some of the buttermilk and found a remarkably small per cent of butter fat. They also tested some samples of new milk and skim milk furnished by those present. Mr. Raymond brought some new milk and it was put through the centrifugal separator, separating the cream from the milk. The milk was then tested and a small per cent of butter fat. Mr. Peters gave some valuable instructions on the improved methods in which those present seemed very much interested. Mr. Hubbard gave a short address on the cow and how to know a good milker. There was a large attendance, there being a good many ladies present.

From the Capital.
