LOCAL TOPICS.

BAPTISM.—Rev. C. T. Phillips baptised one candidate in the F. C. Baptist church, on Sunday morning after the service.

A. E. MELLISH, sec-treas., calls a meeting of the cricket club in THE DISPATCH office, tomorrow (Thursday) evening at 8 o'clock.

E. M. CAMPBELL is moving his photographic studio down to his old stand on the east side of Main st., over H. V. Mooers harness shop.

WELL CANED.—The members from Madawaska was waylaid near his residence in town on Monday and presented with a very fine walking stick.

A JACKSONVILLE ITEM.—John B. Morgan B. A. is getting the Baptist manse at Jacksonville fitted up for his wife and family who are coming up from St. John at once.

SOCIAL.—One of the first of a series of socials in connection with the F. C. B. church was held at the pastor's residence, on Thursday evening last. An interesting programme was carried out.

THE LOWER WAKEFIELD Baptist church will hold a basket sociable in their meeting house on Wednesday evening the seventh of November, at 7 p. m. the proceeds of which are for the support of their pastor.

ST. JOHN PRESBYTERY.—Rev. James Whiteside left Woodstock on Monday morning to attend the meeting of the St. John Presbytery, which opened in St. Andrews church St. John yesterday morning at 10 a. m.

MAKING GOOD TIME.—J. R. Murphy's stallion Lord Dufferin, trotted a mile in 2.30 the other day, and his owner is naturally jubilant. He celebrated the occasion by giving an oyster supper at Williamson's last Friday evening.

HE TAUGHT SCHOOL IN HARTLAND.—H. W. Peppers B. A. who at one time taught school in Hartland has been winning prizes at McGill College sports. In the high jump he cleared 5ft. 2in. and he made a good thing in the running broad jump.

THE ISLAND THE PLACE.—A committee of the cricket club visited the island last week, and decided that there is a fine opportunity there for a field for sports next summer. They will make certain recommendations to a future meeting of the club.

LOOK OUT FOR GHOSTS.—This evening is All Hallow'een when the ghosts cut up pranks, giddy young ladies see their future persecutors, boys dip for apples, and all manner of tricks prevail. Or, such is, as it used to be, in the good old times.

HONORING THE VICTOR.—On Monday evening after the result of the Kibby-Leighton trial was made known, and it was found that John S. Leighton, jr., had won, a number of his friends gathered in a central part of the town, made a bonfire, and set off rockets in his honor.

A DISTINGUISHED AMERICAN gentleman passed through Woodstock last week. He is W. B. Dickey ex-consul to Baracua, Cuba. Mr. Dickey has been in the government service of the United States for about 30 years. His home is in New Orleans, and he is now visiting points in northern Maine.

WOODSTOCK & CENTREVILLE RY.—The New York Engineering News, of Oct. 25th has the following item: "The contract for building the Woodstock & Centreville railway from Woodstock to the international boundary line, a distance of 26 miles, has been awarded to Killen & Monizer, Boston, the work to be completed by Dec. 1, '95."

BOYD AND WORTH, the two criminals who were sentenced respectively to 25 and 3 years at Dorchester, at the recent sitting of the circuit court, left Woodstock on Wednesday last in charge of Deputy Sheriff Foster and his son. A large crowd gathered to see the criminals off. They seemed utterly indifferent to their fate, and laughed and talked very foolishly and with disgusting bravado.

CRAIGS MILL has shut down. The gang saw and other machinery are to be taken out at once and sent to Hartland for the new mill there. The rotary saw will be left in the Woodstock mill here and is expected to saw all the lumber that Craig & Sawyer will cut in the Meduxnakik hereafter. It will be run by the water power. This mill has heretofore found employment for 32 men, hereafter it will employ but 10 men.

LORD'S DAY OBSERVANCE.—Rev. Canon Neales preached on Sunday evening from the words in Revelation, "I was in the spirit on the Lord's day." He dwelt upon the laxity of observance of the Lord's day, on part of this continent, and said that we should have just pride in the fact that in this country we had preserved the sanctity of that day. No act should be done on the Lord's day which did not have for its object the honor of God.

PROGRESS ON THE BRIDGE.—The water in the river is falling rapidly and the Aberdeen's trips are over for the present. Still there is a big rush of water in the channel. The bridge men are working vigorously at the temporary work, and by Sunday had made good progress with the work. They expect to have the falsework between the piers all done this morning, and then the placing of the iron structure will take a week or something over.

MOCK PARLIAMENT.—A large attendance is requested at the W. C. T. U. hall on the evening of Friday the 9th at the opening session of the Mock Parliament. Every effort will be put forth to make this institution more interesting if possible than last year. It should be clearly understood that the membership is not by any means confined to Woodstock; that men young and old who live within reach of town are earnestly requested to be present and sign the roll, which lies at the store of J. A. and R. J. Lindsay, Main Street. The fees are \$1 a year.

SUDDEN DEATH.—A shockingly sudden death occurred at Upper Woodstock on Friday afternoon. Mrs. D. L. Burnham, mother of Mr. Arnold Burnham had been on a visit to Mr. Burnham in St. John and had enjoyed excellent health. On Friday she left for her home at Upper Woodstock. Arriving there she walked from the station to the home of her son, Arnold Burnham. The door was opened to greet her, when she fell across the entrance—dead. She was a daughter of the late George N. Arnold, and was 74 years of age. She leaves three sons and four daughters. The remains were taken to St. John on Saturday night.

R. T. OF T.—Grand Councillor J. K. Fleming has recently returned from Forest City, where has organized a council of templars with a membership of 44, and a select degree of 12 members. He also organized a council of 21 members at Fosterville. Mr. Fleming says that since July the society has organized, in the maritime provinces, 11 new councils and reconstituted 1 old one, whereas last year, altogether, they only organized 10 new councils. W. J. Thompson says his work in York Co. organized 3 new councils. Mr. Thompson will spend the month of November in Carleton and Victoria counties. John Bryenton of Amherst, grand vice-councillor, during Sept. and Oct. organized 4 new councils and put 2 select degrees.

THE SENSATION IN RAILWAY CIRCLES is the announcement that Mr. G. A. Haggerty and Mr. Simonds, the other mechanical superintendent and the other storekeeper for the Canadian Pacific Railway at McAdam, have been dismissed. Very little is known here of the trouble that has rendered this course necessary. It is said, however, that the two men have had many differences on important questions regarding the interests of the road, and that the officials under them have divided into two parties. This state of affairs is alleged to have existed for a long time, and of course caused considerable trouble. One night recently Mr. Simonds was set on and badly assaulted. Mr. Timmerman, the superintendent of the road, is understood to have held an investigation into the affair, and, if reports can be believed, the stories told him revealed a bad state of affairs. Mr. Timmerman is absent in Montreal, and therefore the Globe was unable to learn the truth regarding the stories in circulation. Mr. Simonds's connection with the road has already ended and Mr. Haggerty will, it is believed, go off duty after Wednesday next. Who will take their places is not known. The assault on Mr. Simonds will be investigated in the courts and there is a belief that it will bring to light much of the trouble that has been brewing between Messrs. Haggerty and Simonds. Police officers have arrested and taken to jail in Fredericton a man named Harvey Sproul. He is an old employe of the road and is believed to have been Mr. Simonds's assailant. Friends of Mr. Simonds are not slow in intimating that the trial will show that Mr. Haggerty instigated the assault, while Mr. Haggerty's friends indignantly deny the story and say he would not be guilty of such conduct.—St. John Globe.

Later developments in the case reveal the fact that Harvey Sproul has been taken to Fredericton where he is at present undergoing trial on the charge of having assaulted Mr. Simmons. Mr. Haggerty is also at Fredericton where he will give evidence. It is said that the latter has severed his connection with the road, to take effect on Nov. 1st.

Hands and Ankle Raw.

For years I have been a great sufferer from itchy skin trouble and salt-rheum. My hands and ankles were literally raw. The first application of Dr. Chase's Ointment allayed the burning, itching sensation. One box and a half entirely cured me. It is also instant relief for chilblains. Henry A. Parmenter, St. Catharines, Ont.

Undaunted by the Fire.

The public who saw, with dismay, the destruction of Grant's factory early in August, now have the satisfaction of witnessing the beginning of renewed operations on the old site. Mr. Grant is one of the active business men of the place, and the kindness he received on all hands, after the calamity, which for the time being wrecked his business, and the promises of assistance readily given, encouraged him to start afresh. And, this he has done, so that in less than three months from the date of the fire, he is ready to carry on his business as promptly and energetically as he was, before it occurred. The building he has erected is creditable in appearance, and complete in arrangement for work. It is, as has been intimated, situated on the old site, on the south side of the bridge. The wood-working department is 50x25; the blacksmith shop 50x25. The varnish room is 40x35, and the dimensions of the trimming shop are 25x18. There is also a large ware room for placing goods in winter, which measures 50x20 feet. All these rooms and apartments are sealed with tongued and grooved boards. It is really surprising to see on a visit to this establishment how rapidly and yet thoroughly the work of re-building has been done. Mr. Grant has orders coming in already at a rapid rate. The new shop was 'christened' by Wm. J. Benn of Debec who had new springs put in his wagons and paid for the work in coins. The firm have now under way fifty pungs, and are doing the wood-working for fourteen sleds. They are ready now to do painting and trimming and any kind of work in connection with the carriage and sled working business. The excellent work which D. A. Grant & Co. have done in the past, is sufficient guarantee that they will continue to give satisfaction in the future.
