

## CORRESPONDENCE.

## Bristol.

OCT. 8.—Mrs. H. L. Boyer died quite suddenly at her residence, last Thursday morning. She had not been in good health for some time, but her death was unexpected. She was a daughter of the late John Perkins, Centreville, was 34 years of age, and leaves a husband and five small children. The funeral took place on Saturday at Centreville, the services being conducted by Rev. A. H. Hayward, assisted by Rev. Jos. Cahill.

Mr. James Mead, an old and respected resident, died the same day and was buried on Sunday. He was aged about 80 years, and had carried on the shoe making business until last spring when he retired and lived with his son-in-law, Mr. Charles Armstrong. The funeral services were held in the Free Baptist church, and Elder Elijah Gray preached the sermon. He leaves a widow and quite a large family, four of whom reside in the village.

The members of Victoria L. O. L., held their first session in their new hall over Mr. Geo. Boyer's store, last Wednesday evening. When completed it will be a very snug and comfortable hall. The Good Templars will probably occupy the same room. M. Welsh is making considerable addition to his place here, and it is said he intends moving in from Glassville about the first of next month, and will carry on business here, as he has lately erected a fine large warehouse.

The new bridge across the Big Shikhehawk is nearing completion, and will probably be finished in about three weeks. The old bridge is now in an unsafe condition, and has been for some time, so that the new one is very badly needed.

Duffy Bros. who lately started in the tailoring business here are doing well, and have more than they can attend to. They have thus far given good satisfaction to their customers.

A. W. Phillips has his new house enclosed, and the roof on and painted. It already presents a fine appearance. Jos. Lee, of Beaufort, is doing the work.

## Northampton.

OCT. 8.—Potato digging is now in full swing over here, and some have already finished. The "spuds" are turning out well, but unfortunately there are quite a number of decayed ones.

There has been quite a lot of building going on of late over here. Robert Ralston has reconstructed his home this summer, having also added a new large two storey ell, the whole now presenting a very imposing appearance. James Clowes has also been making a number of improvements, shingling, clapboarding and painting his residence over new, with the addition of a stylish verandah and dormer window. William Ives is now erecting a large two storey house, which when completed, will no doubt be a credit to the place. Bedford Towers, with his staff of carpenters, is doing the work, and if the present rate of progress is maintained will soon complete the structure.

Herbert Dibblee, who has been absent nearly 7 years, in Michigan, is home visiting his parents. Albert Brewer, Upper Woodstock, has the job of repairing the washout on the main road. Work is to be commenced at once.

Charles F. Rogers, who has been operating the cheese factory at Middle Southampton, returned home Saturday.

People residing on this side of the water cast yearning glances at the new bridge now being constructed, and anticipate with pleasure the time when they will be relieving their charges on the now famous structure. A few more weeks of good fine weather and their hopes will be realized. J. Jarvis Bull is home again, having completed his "short course of instruction" at Richmond Corner.

Miss Maria Rogers has gone to Good's Corner to take charge of the school there. Quite a number of our farmers took advantage of the fair at Woodstock to exhibit the products of their fertile farms and were, on a whole, quite successful in prize winning. The honor of having the best team of draft horses still remains with us. Paradise Lodge L. O. G. T. is still flourishing and quite a number of new members have been enrolled recently. A number of the members intend to hold a big temperance meeting at Lower Woodstock with the intention of organizing a lodge there. A young man named Frank Patton took to bleeding at the nose on Thursday last, and was taken to town as soon as possible. When medical aid was summoned, he had arrived home too soon as he was in a very weak condition when the flow of blood was stopped.

## Debec.

OCT.—As there have been no items from our stirring village for some time I thought it would not be amiss to let your readers know what has happened in the last few weeks.

The farmers in this vicinity are about done digging potatoes and many are engaged in doing their fall ploughing. The sound of the threshing machine is again heard. Oats are reported not so good as last year.

The sick in our village are doing well under the skillful treatment of Dr. Howard. The doctor is well liked and is getting quite a practice.

The school is progressing finely under the management of Mr. Rideout.

The Misses Hunter, who have been dressmaking at Benton during the summer, are spending a few days at their home.

Leslie Spear, of Boston, is the guest of Capt. J. R. Kirkpatrick.

Squire Kirkpatrick is visiting his daughter in P. E. I.

We miss from our midst very much Dr. Henderson and family, who returned to Philadelphia, accompanied by Clarence Kirkpatrick, who is taking a course at the Philadelphia Dental College.

Master Johnny Meagher has gone to Memramcook to attend college.

Rev. Mr. Currie is holding revival meetings in the Baptist church at McKenzie Corner, and much good is being done.

The young folk are enjoying themselves as well as usual. All present spent a very enjoyable evening at Miss May's house.

The Foresters of Debec held a basket social in Henderson's hall on Thursday evening. About \$38.00 was realized from the sale of the baskets.

After justice had been done to the contents of the baskets "all went merry as a marriage bell" until the lights went out. Then "there was a sound of revelry by night." The hall was, however, re-lighted on the following evening but the crowd did not attend—what a shame to waste so much kerosene.

## Simonds.

OCT. 8.—The members of Hipwell Loyal Orange Lodge held a very pleasant basket social in their hall last Tuesday evening. The proceeds of the evening amounting to \$18.75 is to be devoted to lodge purposes. The lodge was only organized a few months ago, but the members are decided to have a hall of their own, and are making preparations to build in the spring. Speeches were made by W. Co. Master D. Hipwell, W. District Master Farley, W. C. Rideout, Aaron Shaw and others.

A new lodge will be organized at Mount Pleasant next Thursday evening, by the D. Master and other D. officers. Mr. Richard Clark will be the master of the new lodge.

The District L. O. L. meets at Lakeville on Tuesday next, at 2 p. m.

## Grand Falls.

OCT. 8.—Mrs. J. Wade returned Saturday from Caribou after a pleasant visit to friends.

Quite a number of our townspeople took advantage of the cheap rates last week to visit St. John. H. W. Machum and wife of Woodstock spent last week in town.

Wm. Alexander spent Sunday here with his family.

Mrs. C. C. Pomeroy of Presque Isle, was in town a few days last week, the guest of her sister, Mrs. F. A. Howard.

The pie social in Victoria hall, Wednesday night, was well attended although the weather was very bad. About \$60.00 was realized from the sale of pies.

Mrs. Walter Armstrong, formerly of this town but now residing in Ottawa, paid a visit to her old home last week.

## Those Who Got Prizes.

It was impossible to get the list of those who won prizes at the late exhibition held in Woodstock, in time for the last issue of THE DISPATCH. It is, therefore, given this week.
