LOCAL TOPICS.

NEW MILL.—Fred Moore is building a new planning mill, near his other mill. JOHN HANNAH, Jacksontown, an old and highly esteemed resident, died last week.

At the Free Baptist church Woodstock, on Sunday evening, Rev. C. T. Phillips baptized 11 converts.

STARTED.—Burgess' mill at Grand Falls has started up recently, and it is hoped it will run all summer.

SPRING.—Snow on Main street is going rapidly, and bare ground is considerably in sight. One bicycle, anyway, is out, and wheels are supplanting runners.

MRS. MOORE, Benton, was thrown from her sleigh on Monday night in Woodstock and her arm was broken at the wrist. In the accident the sleigh was demolished.

ACCIDENT.—Mrs. Michael Shaw met with a painful accident on Saturday. She was coming down the stairs from Lee's dining room, when she slipped and fell, suffering a fracture of the ankle.

HAVE OUR SYMPATHY.—There is evidently something wrong with the electric light plant at Caribou. The merchants of this town are obliged to resort to the old stand-by, the kerosene lamp, this week.—Ez.

SAD NEWS.—A sad bit of news from Gordonsville, received last week, was that which told of the death of Mrs. Win. London, of Gordonsville. She had been married but six months. Her maiden name was Sarah.

ADVENT CHAPEL.—"Seven women what they did, and why they did it," will be the subject at the Advent chapel next Sunday afternoon at 3 o'clock. Preaching services in the evening followed by the Lord's supper.

DAIRY SCHOOL.—The dairy school under the direction of Prof. Robertson will be opened at Sussex shortly. Expenses will be paid, and tuition given for three weeks. Anyone desiring to go should apply to W. W. Hubbard Sussex.

PLASTER ROCK.—News from Plaster Rock on the Tobique is to the effect that the mill there is in active operation. There are 200 cords of bark at the station. Oats are reported scarce. One party is feeding 200 bushels daily.

SPECIAL SERVICES AT LINDSAY.—Rev. A. G. Downey held special services with the Seventh Tier, Lindsay, F. C. B. church last week and baptized 11 converts at the Red Bridge on Friday, March 29. The meetings will continue for another week.

THE next meeting of Northern Aroostook Pomona Grange will be with Fort Fairfield Grange Saturday, April 6th. The subject for discussion will be, Resolved that the farmers of Aroostook county plant too many potatoes.—Ft. Fairfield Leader.

THREE LITTLE CHILDREN.—There were three deaths of children last week, near the same time. Wm. Balmain lost his infant son a few days old, a little daughter of Chas. Dickinson passed away, and Willis Ketch's one year old girl fell a victim to disease.

WOODSTOCK AT MCGILL.—The examinations in the faculty of medicine at McGill College, Montreal, are finished. Among those on whom the degree of M. D. and C. M. will be conferred tomorrow is Mr. E. H. Saunders of this town. Mr. Saunders obtains first class honors in surgery and clinical surgery. Mr. R. E. Guy Smith takes first class honors in pathology.

DEATH OF MR. INGRAHAM.—An old resident of Fredericton passed away on Thursday last, in the person of Mr. C. S. Ingraham. He was commonly known as Judge Ingraham, as he did the duties of a magistrate at the capital. He was the eldest son of the late Ira Ingraham, of Bear Island. H. B. Ingraham of Woodstock, is a brother, and Mrs. C. A. McKeen a sister of the deceased.

FIRE.—About two o'clock on Thursday morning last, the fire bell rang out. It was found that Connell's electric light station was in some danger, but fortunately the fire was put out before any great harm was done. On Saturday afternoon the firemen were called to the residence of Lemuel Vanwart, but nothing more serious occurred than the burning out of a chimney.

LECTURE.—Mr. W. O. Fuller, jr., delivered his lecture on "Banking in Kansas, how he found it, how he left it," in Graham's Opera House, on Monday evening. There was a good attendance, and all who were present heartily enjoyed the treat. Mr. Fuller is a humorist in the true sense of the word, and he manages to effect a happy combination of instruction and humor in his popular lectures.

THE FISHWAY IS COMING.—Mr. H. S. Miles, inspector of fisheries for this district was in Woodstock last week. He says the fishway will be put in Sawyer's dam in the Meduxnakik, as soon as the water goes down. Although he did not say so, it is plain that the long delay has been caused by a difference of opinion as to whom the work should be chargeable to, the Government, or the owner of the dam.

INSPECTION OF GRAIN.—Mr. C. R. Carman, secretary of the Carleton county agricultural society, wrote to Mr. Jas. Dryden, minister of agriculture for the province of Ontario, asking for information regarding regulations for the inspection of grain in Ontario. Mr. Dryden replied that "there is no provincial inspector, but that the local boards of trade in any town or city appoint inspectors as may be needed. The grain is graded at the warehouse and marked 1, 2 or 3 accordingly."

FORT FAIRFIELD.—At the annual Fort Fairfield town meeting held recently the following appropriations were voted: Town expenses, \$4,500; schools, \$3,200; interest on town debt, \$1,250; free high school, \$1,000; support of paupers, \$1,000; repairs on town farm buildings, \$50. Repairing bridges, \$1,000; school houses, \$750; cash to be expended on highways, \$3,500; fire protection, \$500; lighting streets and bridges, \$400; public library \$100; for new road machine \$250.

A GOOD CITIZEN.—Mr. Edward Craig died on Wednesday last week. A few weeks previously he was suddenly attacked with paralysis, and it resulted fatally. The remains were buried on Friday afternoon, in the graveyard of the parish church. Mr. Craig was an estimable citizen. He, with his father and two brothers, came here many years ago, from Charlotte county, and was for some time in the milling business. Lately he was a contractor and builder, and a number of churches throughout the county, testify to his ability. Mrs. Craig was quite ill, while her husband was at his worst. She is now somewhat better.

DEATH OF REV. J. G. SANDERSON.—An exchange announces the death of Rev. J. G. Sanderson, Congregational minister, at Danville, Que. "The deceased underwent an operation for appendicitis and not having the requisite strength to withstand the effects, expired on Saturday the 23rd." Mr. Sanderson was pastor of a Congregational church at Florenceville some 35 years ago, and he had a wide circle of friends and acquaintances throughout the county. Two years ago he revisited the scene of his labors here and renewed many an old friendship. The news of his death will come as a shock to many people who knew and appreciated him.

THE CONNOR ESTATE.—The affairs of the late Robert Connor, the lumber operator of St. Francis, are in a somewhat involved condition, as the liabilities on the estate are understood to amount to about \$100,000. He left a legacy of \$1,200 for the completion of the Presbyterian church at St. Francis and several smaller ones to servants, and the balance was divided among the deceased's brother and two sisters. Application will be made to the courts to allow Mr. J. Fraser Gregory, bookkeeper of Mr. W. H. Murray, executor of the will, to continue operations, as there is a large quantity of lumber cut which can be realized upon. It is impossible to say at present what the final result of the proceedings will be, but it is probable that all liabilities will be covered.—Gleaner.

A FARMER'S LOSS.—Jas. E. Price, of Newbridge, met with a serious calamity on Saturday last. About one o'clock in the afternoon his chimney caught fire, and in a short time his house was in flames. The wind was blowing, and the house, three barns, a granary, hogpen, were burned to the ground. Two horses and about thirty hens perished in the flames. Mr. Price also loses on a rough computation, 100 bushels of grain, 6 tons of hay, a double wagon, horse rake, mowing machine, horse fork, two barrels of flour, a barrel of meal, and indeed the most of his farming utensils. A good portion of the household furniture was saved. There was \$1000 insurance in the Hartford. Mr. Price, his wife, two daughters and a son were the inmates. They are now living with the neighbors, who are making them as comfortable as possible.

AGRICULTURAL PICNIC.—At the meeting in Hartland, held recently, where a county Farmers' and Dairymen's association was formed, the following officers were elected:—J. R. Ronald, President; James Good, vice President; W. A. Taylor, Secy Treas; parish vice-presidents, C. L. S. Raymond, Woodstock; W. W. Boyer, Peel; J. F. Williams, Wilmot; C. W. Connell, Northampton; W. C. Rideout, Simonds; John McLaughlan, Aberdeen; T. H. Estey, Wicklow; S. E. Campbell, Brighton; Patrick Corbett, Kent; Scott Kilburn, Richmond; Elisha Shipp, Wakefield. It was decided to hold an Agricultural picnic at Florenceville in June next. Competent committees have been appointed to provide speakers and to make all arrangements and it is expected this affair will be one of the grandest agricultural gatherings which has ever taken place in the county.

Farm For Sale At a great sacrifice. One of finest on the St. John river, 1 1/2 miles from Hartland or Waterville, 200 acres. 80 in new meadow, 50 ploughed, 20 in pasture—all in most perfect cultivation, 50 acres in good wood land. Farm will raise \$1000 crop this year. Lot is square, perfectly level, highway running through it, buildings of the very best, barn largest in the county, and all situated in centre of lot close to road. No farm more desirable in N. B. Cost over \$6,000, will be sold for \$4,700 on easy terms. For full particulars address at once FARM BARGAIN, Box 17, Hartland, N. B.

Price of Lumber. The high prices for spruce logs in Bangor are caused to a considerable extent by the shortage of spruce on the Kennebec. The amount of logs on these waters left over from last year is much less than usual. The estimated amount of logs carried over by the various mills on the lower Kennebec is 15,000,000 feet. There will probably be cut on the tributaries to the Kennebec this winter 122,000,000 feet. Of this amount 25,000,000 will go over the log carry from the Penobscot at Moosehead lake. Parties have recently been in Bangor buying logs to be delivered at the log carry at from \$9 to \$10 per thousand. Some very tempting offers were declined by several Bangor operators, because the output on the Penobscot is so short this winter that the Bangor mills cannot be fully stocked this year and it is expected that spruce will command \$12 per thousand in a few weeks. Saw mill men on the Kennebec are declining orders for Long Island Sound and New York, the places which Bangor lumbermen most desire to ship to, at an advance of \$1.50 to \$2 over last spring's prices.—Bangor Commercial.
