LOCAL TOPICS.

THE TOBIQUE VALLEY RAILWAY.—Will be opened to the plaster rock this week.

RESTING EASILY.—Mr. Geo. Connell, who broke his hip, some about a week ago, is resting quite easily.

BAPTIST.—Rev. A. F. Baker, of the Albert street Baptist church baptized five candidates in the river on Sunday.

HUMOROUS LECTURE.—W. O. Fuller Jr. Editor of the Rockland Me. Tribune will lecture in Graham's Opera House on Monday the first of April. Mr. Fuller has been here before, and a good house awaits him.

FOR DAMAGES.—It is reported that Wm. Waugh, wholesale liquor dealer, near Centerville, and whose liquor was seized some time ago, has entered an action for damages against the County of Carleton. J. J. Gallagher is his lawyer.

REPAIRING.—The board of school trustees has made some very much needed repairs on the College building, and the question of still further remodeling the building is to be considered. A general overhauling will probably take place this summer.

WILLIAM HAMILTON SON of Henry Hamilton of the parish of Woodstock, returned last week from Pennsylvania, where he has made his home. He has been extensively engaged in the lumbering business and has done well. His wife and family are here with him.

ORGANIZED.—A meeting of gentlemen interested in the formation of a Farmers' and Dairymen's Association for Carleton county was held at Hartland last Wednesday. It was decided to form such an Association and Mr. J. R. Ronald, West Glassville was elected President.

WASHING THE STREETS.—On Saturday the street committee put into effect a much needed system of street improvement. The water hose was violently emptied on Main street, and the filth and dirt rushed down into the creek. This is a capital move in the right direction.

THIRD PARTY.—The Debating Club on Friday night discussed with much energy the pros and cons of a third party. Messrs Hay, Dibblee and Ketchum supported the third party, while Messrs Lindsay, Boyer and Waddleton opposed. The debate will be continued on Friday next.

LEE'S RESTAURANT is undergoing a great overhauling. Some improvements are being made in the arrangement of stairs and floors and a thorough cleaning papering and painting will be the last act. James Hayden to whom the block belongs will probably put a third story on it this spring.

CONSCIENCE MONEY.—D. F. Merritt received a letter last Tuesday containing a sum of money which the writer said he owed the dominion government as duty on some

dutiable goods he had surreptitiously brought across the border from the great republic. The penitent did not put his autograph to his epistle.

STILL LINGERING.—Mr. Edward Craig, who was attacked with paralysis some weeks ago, is lying at his home in a condition not far from death. At one time it was hoped he might recover, but lately a turn for the worse has taken place. He is in a semi-conscious condition, and, it is feared, has much suffering. Mrs. Craig is also very ill.

EPWORTH LEAGUE ENTERTAINMENT.—Miss Ada M. Crow will deliver a lecture on a trip through Europe to be illustrated by magic lantern views in Graham's Opera House on Tuesday evening next, under the auspices of the Epworth League. Miss Crow's lecture has been well received in other towns in the province and a treat may be expected.

PATRONS IN WESTMORLAND.—According to the Chignecto Post, of Sackville, a meeting of the Patrons of Industry of Westmorland was to have opened at that town on Monday last. The Post says:—The patrons have now twenty-three societies averaging perhaps thirty members each, and expect to become a power in Westmorland at the next local election.

C. P. R. CHANGES.—The vacancy in the C. P. R. station agency caused by the resignation of Mr. H. W. Phillips, will be filled by the appointment of Mr. E. T. Wetmore, now in the office at Fredericton. The St. John Globe says: Mr. Charles Calkin, station master at McAdam, has resigned and will be succeeded by Mr. James R. Gilliland, of Brownville.

VALUES A LIBRARY.—Many of the books for the new library came Thursday night, and are now being catalogued in Dr. Sawyer's office. The rest are expected soon. The citizens of the town will probably be perfectly willing to make an appropriation of \$100 or \$200 for the maintenance and increase of this library. They could hardly spend money for a more worthy object.—*Fort Fairfield Leader.*

SIGNS OF SPRING.—Spring has arrived in some quantity, and more is expected. A man was seen with a fine plow on his sled starting for the country a few days ago, the small boy plays marbles on the street corners, an occasional shipment of farm and garden seeds puts in an appearance at the depot, drivers' calks are displayed in the windows of the hardware store, and the sale of bicycles has set in.

BIG SEIZURE.—There was quite a big seizure of the ardent Saturday at the B. & A. station, when Constable Ervin took under his protecting wing 132 bottles of brandy, a 25 gallon keg and 2 barrels of beer. This doesn't prove that the "pitcher is broken at the fountain" or that drought is to reign, but it is perhaps a somewhat embarrassing interruption of the work of irrigation at one of the old stands.—*Presque Isle Star-Herald.*

PIANO FOR THE SCHOOL.—Says a Maine exchange:—A movement is being made by the Fort Fairfield High School Alumni Association and others interested to buy a piano for the use of the school. About \$110 are already available from various sources. There are a number in the school who can play very nicely, and doubtless always will be some, so that a piano would not lie idle, but would be a piece of school property from which much pleasure could be derived.

IMPROVEMENTS ON KING STREET.—William P. Drysdale has torn down some old buildings on the South side of King St. near the new bridge that have been there since the fire of 1860. There were very unsightly and their removal makes a great improvement in the street.

ANDREW COLTON died at Woodstock on Wednesday the 20th instant. Mr. Colton was born in Tyrone, Ireland sixty eight years ago. When a young man he came to New York and from there he moved to Woodstock where he had lived for the last thirty three years. He was also an honest hard working man and had the respect of all who knew him.

SHAMROCK AND ROSE.—The Criterion club of Calais, played the Shamrock and Rose in Graham's Opera House last week. Though they were amateurs, they displayed talent above the average of theatrical companies that visit Woodstock and the neighboring towns. If they take it in their heads to return they may expect a good house.

DAMAGES.—Everyone around these parts will remember the accident on the new bridge, when Prosper Corriere and Ed Lyness fell 70 feet and were all smashed up. After returning to Montreal these two chaps entered an action against the Canadian Bridge Company for damages. The matter was settled out of court. No one seems to know exactly what amount of damages were given to the two men. It was reported that Corriere got \$1500, but \$900 is probably nearer the mark, while Lyness is reported as getting only \$380.00.

THE WOODSTOCK DAIRY ASSOCIATION met at Cedar Hill school house on Monday evening. Vice-Pres. F. B. Bull occupied the chair. Charles Peabody and Burton Bedell, delegates to the Farmers' and Dairymen's Association Fredericton, submitted reports. A general discussion took place on work done at the meeting of the association at Fredericton. C. L. S. Raymond and C. R. Carman, delegates to the county association at Hartland, reported, followed by a discussion of the points developed there. The meeting took up the question of procuring a grain inspector for Carleton, whose duty it would be to see that the grain grown here was brought up to a higher standard and placed on a level of competition with that of Ontario and Prince Edward Island.

DR. ATKINSON M. P. P., left on Monday evening by the express for California. He will go over one of the American lines and locate in the vicinity of Los Angeles. In a conversation with a member of THE DISPATCH staff the doctor spoke in very warm terms of the kindness and generosity he had met on every hand and from all classes and conditions of men. The members of the local legislature had used every effort to procure him a pass on the C. P. R., and failing in that they had irrespective of party made him up a purse of \$150. The money was contributed by nine members of the opposition and seven of the government party. He said almost all his patients had paid promptly and cheerfully and he went away feeling well towards everyone. He sold out his good will at Bristol to Dr. Somerville and if he returns will practise in Woodstock.

MRS. JEWETT'S DEATH.—The funeral of Mrs. Geo. Jewett, who died on Friday last, took place on Sunday afternoon from the residence of Mrs. Wm. Blake where the deceased boarded. The funeral services were

conducted by Rev. Dr. Chapman, the remains being interred in the Methodist burying ground. A large number of citizens attended the funeral. Mrs. Jewett came from a family renowned for their longevity. She was in her 81st year at her death; her mother, who was a Cowperthwaite, lived until she was 93, and her mother was 92 when she died. Mr. W. B. Jewett says he well remembers his grandmother telling anecdotes of the revolutionary war. She used to carry supplies to her brother who was engaged on the loyalist side in the state of New York. The deceased was the relict of the late Geo. Jewett who carried on a lumbering business in company with a Mr. Harrison, the firm being Harrison & Jewett. He died in 1855. Harrison & Jewett had their place of business about where Mr. J. McLaughlan's store now is. Two sons, S. E. Jewett of Fort Fairfield, and W. B. Jewett of Woodstock, are the only surviving children of the deceased. Mrs. Jewett's brother is still living at Monticello. He is 84 years old.

YOUNG WOMEN PLAY HOCKEY.—Beside being one of the signs of the times, it denotes a moral and physical health in young ladies to see them taking so kindly to games that at one time were thought to be peculiarly the property of young men. The game of hockey played by some of the young women of Woodstock, between the Rushers of the first part and the Scramblers of the second part, in the Rink on Wednesday night was a pleasant sight. They went into the work rather slowly, but with an earnestness that did them credit. George Balmain was goal umpire for the Scramblers, Doctor Domville for the Rushers, and George Mitchell officiated as referee. During the first half Miss Pauline Winslow kept goal for the Rushers and Mrs. Wm. Skillen for the Scramblers. In the second half Mrs. Holyoke took Miss Winslow's place in the goal. Miss Blanche Dibblee knocked four goals for the Scramblers, and Miss Nellie Wilbur made two goals for the Rushers, and Miss Kathleen Bourne two. After an hour and twenty-five minutes the game was called a draw, four goals each.

On Monday evening another match was played by the same teams, resulting in a victory for the Rushers, who got three goals against none for the Scramblers. For the winners Miss K. Bourne knocked two goals and Miss Wilbur, one. The game was exciting, considering the bad condition of the ice. Before this match came on the Victorias and Rangers (men's clubs) played a match. The Victorias won by five to two. For the Victorias Arthur Hay knocked 3 goals and George Frapp two, for the Rangers Norman Loane made both goals.
