

LOCAL TOPICS.

DR. ATKINSON'S card appears in another column.

TEMPERANCE MEETING in the town hall on Sunday evening next.

IN CONNECTION with the week of prayer the union service in the Advent church on Thursday evening will be in the interests of the Bible Society.

GLASSVILLE CHEESE FACTORY.—It is reported that John McIntosh will build a cheese factory at Glassville in time to be ready for business next summer.

APPEAL.—John Macfarlane informs THE DISPATCH that he has appealed to the Supreme Court in his Scott Act case of 29th of December, on the ground that no liquor was sold.

THE FUND.—The local banks have opened subscription lists for the Lady Thompson fund. Up to Monday one gentleman had paid in a subscription of \$25.00 to the Bank of Nova Scotia.

WEEK OF PRAYER.—The union prayer meeting will be held in the African M. E. church this evening; on Thursday evening in the Adventist church; on Friday evening in the Methodist.

A PUBLIC TOWN MEETING will be held in the town hall on Thursday evening at 7.30 when the Mayor and members of the town council will give the public an account of their stewardship.

SCARLET FEVER.—There are a number of cases of scarlet fever generally of a mild type at Upper Woodstock. On Sunday evening Mr. Alex. Young lost a little girl nine months old from this disease.

AN entertainment and social by the Epworth League will be held in the basement of the Methodist church, on Monday evening, Jan. 14, commencing at 7.30 o'clock. A silver collection will be taken.

THE LOCAL ELECTION.—Her Majesty's writ, dated the 7th day of January, 1895, for the election of one member for Carleton, has arrived at last. Nomination day the 17th, and election day the 24th instant.

SHOULD BE DISTRIBUTED.—It is said that 95 towns in Maine have no place where the gospel is regularly preached. We know of several where they have churches enough to go round.—Leader, Fort Fairfield.

DON'T SLIP.—The rain which fell on Monday has caused a thin coating of ice on top of the snow and the sidewalks are highly dangerous to pedestrians. Sawdust and ashes, and accident policies are booming.

ARTHUR MILBURY, a graduate of Carleton county, has a long and well written article in the Review of Reviews on the Industrial Christian Alliance of New York, of which he is "the indefatigable founder and manager."

TEMPERANCE MEETING.—A public temperance meeting will be held in Connell's church, at Connell, on Thursday, 31st inst., under the auspices of the R. T. of T. A silver collection will be taken up for the benefit of the order.

VARIABLE WEATHER.—Sunday morning was desperately cold. The thermometer in the arctic circle of town registered 30° below zero. It moderated towards evening and on Monday morning the heavens were almost weeping.

THE LADIES OF THE W. C. T. U. will hold a prayer meeting in their hall every afternoon this week. Mrs. Denton will lead this afternoon. Mrs. F. H. Hale on Thursday, Mrs. Archibald on Friday, and Mrs. McFarlane on Saturday.

RUN OVER BY HIS TEAM.—On Monday morning when Paul Riorden, of Lower Woodstock, was driving into town with a load of wood, he fell off the load and the sleds went over his shoulders. He was cut about the neck and face.

RECOVERING.—Andrew Currie, who has been laid up at Mr. Week's house ever since the accident by which he was thrown from his wagon, and had the base of his skull fractured, is doing remarkably well. He was taken to his home Monday.

SHOT HIMSELF.—Thomas Troy met with a serious accident on Monday. He had been cleaning his revolver and after loading it pulled back the hammer to see how it worked. The pistol went off and the ball passed through Mr. Troy's left hand.

THE MAYOR STANDS TREAT.—Mayor Hanson has issued invitations to an oyster supper to be held in Lee's restaurant this evening. The list of those invited includes the past mayors of the town and representative citizens. A very convivial time may be looked for.

HE DID NOT INSURE.—Few men in the county have suffered so severely from fire as Mr. Geo. W. Collins, Bridgewater. During the last ten years his fire losses will foot up to at least twenty-five thousand dollars, which has been wiped out without insurance.—Star-Herald (Presque Isle).

BOARD OF TRADE.—The regular meeting of the Woodstock Board of Trade will be held in the town council chamber, on Tuesday evening next (15th) at 8 o'clock. The regular meeting is on Monday, but as the town elections will be held on that day it is deemed well to postpone the Board of Trade meeting till the following evening.

CHANGE IN TRAIN SERVICE.—A change may be expected to take place in the train service at Woodstock in the course of a week or ten days. An accommodation train will probably pass through Woodstock, south, as early as nine or ten o'clock in the morning. The express going south will leave as late as nine o'clock p. m. The express going north will probably run on its present time. If these desirable changes are made, an opportunity will be given to people north of Woodstock to come down in the morning, transact their business and return on the same day.

TRIED NEXT MONTH.—Joe and Newell Gabriel arrested for the murder of the Spaniard and Frenchman at Millinocket, Me., were examined last week at Bangor, and remanded to jail to await the action of the grand jury at the February term of the S. J. Court. Frank Newell was held in \$300 bonds as a witness. As he could not furnish bonds he was taken to jail.

DAIRY ASSOCIATION.—At the last meeting of the Woodstock Dairymen's Association held in Cedar Hill school house, the discussion upon "Manures and Fertilizers and the best methods of applying them," was continued and finished. Next Monday (the 14th) another meeting will be held, and the subject for discussion will be, "The Growth and Cultivation of Corn and Root Crops," to be opened by I. E. Slipp.

GAY AND FESTIVE.—A Ball will be given in Graham's Hall on the evening of the 16th inst. The reception committee are Grenville James, L. R. McLaren, Jas. S. Creighton; managing committee Percy Graham, Chas. Merritt, G. E. Stewart, W. C. Everett, floor manager; chaperons Mesdames, G. F. Smith, Geo. Taylor, Hugh S. Wright. Invitation cards will be presented at the door. Robinson's orchestra will furnish the music.

WEDDING.—A happy event took place in St. John on New Years day, when Mr. G. Sterling Peabody of Woodstock, one of the enterprising young farmers of this parish was married to Miss Mary E. Bell of St. John. The marriage was solemnized by Rev. W. O. Raymond in St. Mary's church. The bride is not a stranger in Woodstock, having taught in the Cedar street school for some time. Hearty good wishes are extended to Mr. and Mrs. Peabody.

BROKE HIS LEG.—On Saturday morning about four o'clock John Donovan, of Canterbury station, who had just driven into Woodstock, was standing in the office of the Queen Hotel when he stepped to the door to see that his team was standing all right. He slipped on the ice and dislocated his ankle and broke both bones of the leg. Dr. Hand set the broken limb. Mr. Donovan's wife came up on the express and took her husband home on the evening train.

BADLY HURT.—A serious and likely to be fatal accident occurred to the four year old son of Osborn Tracey, in the second tier, Jacksontown. He was kicked on the head by a horse. His skull was fractured above the left ear. The fracture extended to the base of the skull the extent of the fracture being about two and a half inches. Drs. Colter and Curtis operated removing the upper piece of bone, resetting the balance. The boy was conscious when the doctors left but his condition is very critical.

DISPUTED THE BILL.—Some of the councillors, who are up to the latest lodges in electioneering, have sent circulars to their constituents containing their respective cards. It is said that one elector, who did not have an education in his early days, received a circular from one of the candidates. A wag told him it was a dun for two suits of clothes. Our friend hurried to the business place of the candidate, and indignantly protested that he owed "nothing for no two suits of clothes."

LOW PRICES.—Potatoes are coming into market very slowly by reason of the dull market and low prices being offered by the buyers here. There is a large amount in storehouses and farmers' hands yet to be marketed. The idea seems to prevail that prices will rule low throughout the entire season, and yet with the present low prices of the leading necessities of life, potatoes at prices now being offered are as high as they might be expected to be if we draw a comparison.—Houlton Times.

ALMOST PERISHED.—A Mapleton correspondent to the Ft. Fairfield Beacon says: "P. E. Swan has scored another attempt for deer and caribous. He, in company with Millard Fillmore, left home Thursday A. M. in the storm, got lost in the woods, had to spend the night with little or no fire, they having no axe, and provision for only two meals. They could find no camp, and it proved a fearful night for them. They reached home the second night, tired and hungry, and minus any game. They saw one little woodpecker."

PRESENTATION.—About thirty friends and members of St. Thomas' Episcopal church, in Stanley York Co., quietly surprised the rector, Rev. A. B. Murray, on New Year's eve. After filling his granary with grain, the party took possession of the rectory and spent a very pleasant evening. Before retiring, the company was served with a delicious lunch, and Captain Howe, M. P. P., on behalf of assembled friends, presented the rector with a purse containing the sum of twenty dollars. The rector made a very suitable reply.—Sun.

IT WORKS WELL.—The news item below taken from an upriver exchange shows how the rockyard system of dealing with prisoners has a beneficial effect. Last week, says the Houlton Pioneer, there were only 18 prisoners in jail, this number including two poor debtors. Last year at this time the county had 45 boarders. This falling off in inmates is doubtless due to the rockyard and the efficient management of jailor Kay. While he is kind to the prisoners (and they all speak well of their treatment) yet he makes them all work and live up to prison rules, and when they refuse to obey, as they sometimes do, he punishes them by cutting off their rations or giving them an hour or more in the "solitary."

CHAPTER OF ACCIDENTS.—Ward Holmes, son of G. W. Holmes, Main St., had one finger cut off, and another injured, while working at the buzz planer in the wood-working factory, one day last month. A young son of Moses Hovey, Havelock, had his arm broken at the elbow by falling on the ice near his home, the last day of December. David McLadden, who was so badly injured by being struck in the face by the butt of a falling tree he had just cut down, on Dec. 13th, was able to come to town last week. He had his nose broken and face badly cut, and was unconscious for some hours after the accident. Dr. Sprague attended to his wounds.

TO THE ASYLUM.—Michael Sargefield was taken to the insane asylum on Thursday last. It will be remembered that he had been let out of the asylum and after being a short while at his home in Knowlesville he stabbed his wife with a knife causing dangerous wounds. He stood his trial at the county court and the jury found him insane. An order was received from the governor and, on this, he was removed to the asylum. Before leaving the gaol at Upper Woodstock his wife visited him and Sargefield expressed sorrow at what he had done. He seemed glad to go back to the asylum and on his arrival shook hands with the doctor and several of the inmates and told them that he had come down to teach school. Mrs. Sargefield has recovered.

DELICATE OPERATION.—A critical and successful operation was performed by Drs. Colter and Hand on George Gray, aged 16, who lives with his father, Samuel Gray, on Connell street. About two years ago the boy was taken down with rheumatic fever, which finally settled in the left hip and right knee. He has been a cripple ever since, only able to be around on crutches part of last summer. Drs. Colter and Hand operated on his right leg below the knee, removing from the base, the dead bone. A week ago Monday, with Dr. Keirstead, they operated on the left hip, removing two and a half inches of the upper part of the thigh bone, together with the head and neck of the bone. The patient is doing finely, eating well, resting well, and apparently on the highway to recovery. The leg will be short, but will be a useful limb, and with this exception the cure promises to be complete. The operation is known as excision of hip joint, and has not been performed in this section of the country before. It was first introduced in America in 1867.

EDMANSON, BATES & CO., Gentlemen.—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure" etc., etc., but got no relief. About the time I was beginning to despair of finding any relief, with some slight misgivings I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a God-send. ALF. J. DEAN.
