MEETING of the Town Council next Monday night.

ELDER J. DENTON will preach in the chapel at Bedell Settlement next Sunday morning at 10.30 o'clock.

THE QUEEN'S BIRTHDAY seems to have been famous for fires in all parts of the province, but they were not *jours de joie*.

SEWAGE SYSTEM.—Meeting of the citizens on Tuesday evening next in the town hall to consider the question of a system of sewers for Woodstock.

GETTING BETTER.—The young son of John Grass, Hartford, who had his thigh bone broken some weeks ago is recovering rapidly under the care of Dr. Hand.

M. WELCH has about three millions of lumber on the Miramichi, and unless rains come at once he will be compelled to hang his drive up for the season.

A BICYCLE TRIP.—Ed. Manzer, Dr. Kirkpatrick, Guy Saunders and Wallace Gibson wheeled to Fredericton to spend the 24th, of May there. They had a pleasant trip.

ALEX DUNBAR & SONS are making a 14 inch cylinder for Fred Robinson's mill at Blaine. The cylinder weighs 1,300 lbs. and is a very large one for manufacture in Woodstock.

THE F. C. BAPTISTS of Connell are preparing to build themselves a church. Some of the lumber is on the ground now. They will probably have a tea meeting in the near future.

DISSATISFIED.—The street committee is winning high approval from citizens over the way it has cleaned up the streets, but there is a little dissatisfaction with the way the watering cart is not run.

JOSEPH S. MERRITHW, county councillor for the Parish of Richmond, has sold his farm in that parish and purchased the Shaw property just below town from C. P. Clare. The price paid was \$2,500.

SACKVILLE.—In connection with the closing exercises at Sackville, an exchange announces that Rev. Douglas Chapman, of Woodstock delivered the baccalaureate sermon on Sunday evening last.

A CARD OF THANKS.—Messrs James Foster and F. A. Good desire through the column of THE DISPATCH to thank the fire company and citizens for services kindly rendered at the fire on Friday the 24th of May.

A BAD SMASH.—A young man by name Shaw was riding a wheel about six miles above town when he ran into a couple of horses hitched to a load of stone. He was rather severely shaken up, and the wheel looks sadly demoralized.

DR. AND MRS. KIERSTEAD went to Sheffield on Saturday, the 25th inst., to bury their little boy. There was a funeral service at their house at 12 o'clock conducted by Rev. Joseph Blakene, after which the friends moved in procession to the train.

OVER THE BANK.—A young man was bicycling on Sunday down the road. About ten miles below his wheel ran into a hole and he jumped the track and landed ten feet beneath. He was not hurt himself but his wheel was, and he had to be towed home.

GEO. L. HOLYOKE editor of the Press received a telegram on Monday to the effect that his son George T. had been run over by a car at Cheyenne, Wyoming, and it was thought fatally injured. Up to the time of going to press no further information had been received.

RAPID TRANSIT.—In these days of rapid transit it is not surprising to be able to leave Woodstock at 11.30 p. m. on a night and arrive in St. Andrews at 1 p. m. the next day. What would our ancestors have thought? You have also the advantage of having a long view of McAdam.

ASPHALT AND TAR.—COUN. Carr informs THE DISPATCH that some of the asphalt and tar ordered by the council has arrived and the rest will be up by boat this week. Probably the question as to where sidewalks should be placed will come up in the meeting of the council next Monday evening.

HEAD CUT OFF.—While John Frederick, of Downs Settlement, was at work in Estey's mill at Shogomoc, on Friday, he fell on the rotary saw, and his head was almost completely severed from his body. He died in five minutes after the accident. He was 24 years old and had at one time been a breakman on the C. P. R.

DEATH OF MRS. J. F. DIXON.—The body of Mrs. John F. Dixon of Portland, Me., who died on Friday was brought to Woodstock on Monday. It was taken to Jacksonville and the funeral took place from the residence of her father Benjamin Burt, on Tuesday. Mr. Dixon, and Mrs. Dixon's sister accompanied the body from Portland.

BRAVE DEED.—While Harry Trafton was fishing on the bank of the creek on the 24th, he fell in and would undoubtedly have been drowned had not George Saunders rushed to the spot thrown off his coat and dived for him. He had no easy task getting him ashore for he had entirely lost consciousness. It was only after some considerable labor that he was revived.

SUCCESSFUL FISHING.—United States Consul James and Postmaster Winslow, and Mr. S. J. King spent Queen's birthday and Saturday with Superintendent Stewart, of the C. P. R., at his comfortable "Camp Northcott" on Skiff Lake. In spite of the high wind most of the time, these veteran rods secured some twenty-five of the beautiful land-locked salmon, for which this water is famous, and a number of heavy trout.—St. John Globe.

BOYS BRIGADE.—The Boys Brigade turned out in full force on Sunday morning, under the command of Major Vince, to attend service at the Presbyterian church. Rev. James

Whiteside preached an appropriate sermon on faithfulness, taking as a text Rev. 2 and 10, "Be thou faithful unto death, and I will give thee a crown of life." After church the brigade marched over to the college building and fell out. They are improving in their carriage and the accuracy of their movements every day. They were out on the 24th and presented arms in front of the dominion building.

A CLOSE SHAVE.—Councillor Carr met an accident on Monday night that might have been very serious indeed, and as it will leave him sore for some days. He was riding in from Newburg Junction on a railroad velocipede, when a few hundred yards out from Queen street station he saw approaching him what appeared to be two men walking, but on closer view proved to be a trolley car, propelled by four men. He had barely time to throw himself from the velocipede when the car struck it smashing it badly. When he fell, Mr Carr received a painful injury to his thigh. However, it did not prevent his attending a meeting of the council. Had he not jumped when he did it is painful to think what might have been the result.

L. O. L.—Another Loyal Orange Lodge has been instituted in Carleton District, this time at Windsor, and will be known as Flewelling L. O. L. No 77, being named in honor of Rev. J. E. Flewelling an highly esteemed, and active district master. Bro. Flewelling is also Grand Chaplain of New Brunswick, and D. G. Chaplain of British America. The new lodge starts with a good membership and there is every prospect for it soon to become one of the leading lodges in the district. The following officers were elected:—James Faulkner, W. M.; T. H. Belyea, D. M.; Hud. Dickson, Chap; T. H. Brittain, Sec'y; Scott Orser, F. S.; James Tompson, Treas; John Shaw, D. C.; Newman Shaw, Lect; Henry Belyea, S. C.; The lodge will meet on the second Wednesday of each month.

AFTER GOLD.—The Northern New Brunswick Mining Company will be an anxious body of citizens for the next few months, until they find out the result of the mining operations they are carrying on up the Tobique. Yesterday a party of men named Sol Perle, Jas. Loomer, Austin Hartley, Owen Saunders and Henry Matthews, the latter a mining engineer started for the Serpentine on the Tobique. The stamp mill which was taken up river last fall is now at the Forks. The party will remove from the Forks up the Serpentine to a place called Gold Brook where the operations will be carried on. This discovery was made thirty-five years ago by Sperry Shea, a Californian miner. All assays made have been successful. The mill has a crushing capacity of three tons of rock a day.

REV. A. F. BAKER, of the Albert St. Baptist church, preached his farewell sermon on Sunday night. The church was crowded from communion rail to doors, every aisle was filled and even the standing room in the porch was occupied. Mr. Baker took his text from James 2 and 23, the last part of the verse, "Abraham was called the friend of God." He preached a very practical sermon, spoke of the delights of being a friend of God, and suggested that such a man was the last one in the world who need go about with a long sad face on him. The two things he wanted to impress on his audience in his last sermon in Woodstock was "obey God and mind your own business." He announced that Rev. J. H. McDonald would occupy the pulpit next Sunday, or at most, the following Sunday. Mr. Baker will leave Woodstock tomorrow night.

Orillia, Feb. 10th, 1794. EDMANSON, BATES & CO., Gentlemen,—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure" etc., etc., but got no relief. About the time I was beginning to despair of finding any relief, with some slight misgivings I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a God-send. ALF. J. DEAN.
