

LOCAL TOPICS.

TOWN COUNCIL.—There will be a meeting of the town council Friday night.

THE WILBUR HOUSE treated its guests to fresh salmon and lamb on Sunday.

DR. SPRAGUE was elected a member of the Woodstock Bicycling Club at its last meeting.

THE MERRY-GO-ROUND drives a good business at the rink. Special attractions are offered for the 24th, of May.

THE UNIVERSITY.—The degree examinations at the University closed yesterday. Encoenia takes place tomorrow.

ARCHIE CONNELL fell on Green street, on Sunday, and injured his right leg badly. He manages to limp about, but is very sore.

THE STOWAWAY, that excellent drama, played at the opera house last night by a good company, will be played again tonight.

F. S. WILBUR has been promoted to the position of teller in the Bank of Nova Scotia. Arthur Gray takes Mr. Wilbur's old position.

F. B. CARVELL is fitting up the steam launch used here as a ferry before the bridge was built. He expects to sell it this summer.

THE BRIGHTON ENGINEERS will go into local camp on the 25th of June, probably at East Florenceville, instead of going to Sussex as at first announced.

WALLACE GIBSON, of Benton, while riding out on his wheel a few evenings ago had a smash up. He was not hurt himself, but his wheel was somewhat injured.

SPEAKING OF PIGS.—J. J. Hale, Grafton, has just got a couple of the Berkshire breed, from a celebrated breeder at Woodstock Ont. They are a credit to themselves.

FIRST OF JULY.—A meeting of the citizens is called in the town council chamber, on Thursday evening, to consider advisability of having a big celebration on Dominion Day.

THE ABERDEEN came under the bridge and landed at her old wharf on Saturday night, for the first time this season. Her smoke stack was lowered all right to admit of the passage under the bridge.

THE NEW REFORMED BAPTIST CHURCH at Upper Hainesville will be dedicated on the second Sunday in June. Rev. G. F. Hartley, B. Colpitts, G. B. Trafton, A. A. Trafton, A. Kinney and others will be present.

THE SEWER on Victoria street is being extended to a point just in the rear of Daniel Thompson's building that faces Queen street. Two Chinamen are to have the store as a laundry and they require the sewer in connection.

JOHN C. STULEN the popular bridge engineer having inspected at the mills the iron for the Park Avenue N. Y. viaduct, for the elevated railroad, has been commissioned to go to New York and superintend the erection of the structure.

ASAD ACCIDENT.—Hazel Murphy, daughter of J. R. Murphy, barrister at law, a child 2 years old, fell, on Friday evening, dislocating her left shoulder and breaking the arm just above the elbow. The break is rather a bad one, and the bone may find some trouble in knitting.

John McDonald, of Woodstock, who at one time ran a grocery store here, has according to the Star Herald gone to Presque Isle to clerk for M. C. Smith grocer. The Star Herald gives Mr. McDonald a hearty welcome and thoroughly approves his recommendations.

VICTOR R. LAW, aged 19 years, died at San Francisco on Saturday. His mother is a sister of Mrs. W. R. Snow, of this town. His father Robert E. Law, who was for many years a driver on the New Brunswick road, was killed in an accident in the western states some years ago.

THE A. O. H. Debating Club will finish its debate on high license or prohibition on next Wednesday evening. It has been a lengthy and interesting discussion and the question has been well ventilated. The blue books have been greatly in demand. This will be the last meeting of the club until fall.

THE SIDEWALK ON KING ST. from Major Vines's office to the corner is in a dangerous condition. The planks have been torn up for more than a week and have revealed several deep holes into which a fellow, even if sober, might tumble any night. Add to this the fact that the planks lie there yet, and you have an excellent excuse for an action against the town at any time.

REHEARSALS are well under way for the entertainment to be given next month by local amateurs for St. Luke's church. In addition to two short plays there will be several other features, such as a may pole dance, (in which sixteen young girls will participate) readings, recitations, tableaux and musical selections both vocal and instrumental will add materially to the evenings enjoyment.

DEATH OF FRED STEWART.—C. Fred Stewart, aged 36 years, died on Saturday morning at 2.30 o'clock in St. Stephen. He was attacked with pneumonia about six months ago. This was followed by la grippe, heart disease and finally Bright's disease to which he succumbed. He was unmarried. The funeral took place Monday afternoon conducted by the Knights of Pythias, he being a member of the uniform rank. Mr. Stewart has a large circle of friends in Woodstock who will hear of his early death with regret.

THE Northern New Brunswick Mining Co. has secured the services of Henry Matthews, of Malaga, N. S., to take charge of the stamp mill and superintend the mining operations at their gold mine on the Serpentine river, Tobique. At the last meeting of the company it was decided to get to work at once and open up the mine. The directors and company have great confidence in the value of their find. Mr. Matthews came to Wood-

stock on Monday, and next Monday he will proceed to the scene of operations accompanied by Solomon Perley.

REV. A. F. BAKER who has been pastor of the Albert St. Baptist church in Woodstock for two years, and has inspired it with a vigorous life in that time, has resigned his pastorate and will leave on the first of June. He will spend the summer months in missionary work in the province, after which he will take a post graduate course at the theological college at Rochester. The gentleman who will succeed him is Rev. J. H. McDonald who is at present a lecturer in the Newton theological college. He was at one time assistant pastor of the Amherst, N. S. church.

FOR CAMP THIS SUMMER.—There are called out to camp at Sussex this summer from New Brunswick the 8th, Hussars numbering 31 officers, 38 sergeants and 291 rank and file; the Brighton Engineers numbering 6 officers, 7 sergeants and 93 rank and file; No. 4 R. R. C. I. numbering 4 officers, 10 sergeants and 80 rank and file; the 73 Battalion numbering 21 officers, 15 sergeants and 195 rank and file; and the 74th, Battalion numbering 26 officers, 18 sergeants and 192 rank file. The Woodstock field Battery 6 officers, 7 sergeants and 66 rank and file will probably go into camp at Woodstock.

GABE AND NOELL SAULIS, two celebrated Indian guides and trappers of the Tobique, passed through town on Wednesday last on their way to Oldtown where they will meet Yerxa Bros., of Boston. They will take them on a trip from Moosehead Lake up north east Carey, from which they have a portage of two miles to the west branch Penobscot. They will pull up the Amnasosis stream and portage three miles to Chamblin Lake. Then they will have a clear paddle down the Allegash, to the St. John river and so down to Woodstock. The trip will take about nine weeks. A letter from Noell Saulis on another page, gives a short but interesting statement of his life.

A SPUNKY BOY.—James C. Doherty drove up in front of Robt. Seaborn's saloon on Queen St., last Saturday, and handing the reins to his ten year old son, started to get off the sloven. Just as he turned the horse jumped and made a race. Mr. Doherty made a violent effort to catch the tail board but was too late. He then called to his son to drop the reins and jump off, but the boy could not see the point. He saved the horses mouth, but to no effect. He steered him around the corner in good form, and probably would have got off without a scratch had it not been that the wagon ran up onto a pile of dirt in the middle of the street where a sewer is being dug. He was thrown from the sloven, up against a few pieces of scantling by the side of the street and the horse went along. The boy had no bones broken, but was badly shaken up.

MARVIN WALKER of the Bank of Nova Scotia left on Monday night for North Sydney, C. B., where his bank has sent him. On Friday night his class of the Presbyterian Sunday school presented him with a memento of their esteem. Other members of the school also made him presents. G. L. Holyoke made the presentations. Again on Monday afternoon a party of gentlemen, patrons of the Bank and other personal friends met Mr. Walker in the office of Alex. Henderson and presented him with a very fine watch chain, as a mark of the favor in which they held him. W. W. Hay addressed him on behalf of the gentlemen who had contributed to the chain and Mr. Walker made a brief reply. He will relieve his brother clerks of other agencies while they are on their holidays and will soon probably gravitate to the head office of the Bank at Halifax. He leaves Woodstock carrying with him the respect and good wishes of every man in town, and his friends are all sure of his ultimate success in his chosen profession.

EDMANSON, BATES & CO. Gentlemen,—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure" etc., etc., but got no relief. About the time I was beginning to despair of finding any relief, with some slight misgivings I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a God-send. ALF. J. DEAN.
