No new matter of any kind can be inserted after TEN O'CLOCK on TUESDAY MORNING, excepting outside correspondence. "The Dispatch" goes to press immediately after noon on Tuesday.

## LOCAL TOPICS.

HAYING will be commenced this week.

THE shower on Sunday evening was a God-send, although it was not as lasting as most people wished.

DON'T FORGET the Hartland picnic today. The Foresters promise a good time and they are good as their word always.

BICYCLING CLUB.—The regular monthly meeting of the Woodstock Bicycling Club will be held at the office of Balmain Bros., this evening.

A TENNIS TEA will be given on the grounds of the Woodstock Lawn Tennis Club, Saturday, 13th inst. All members of the club are cordially invited.

A CLEAN SHOW.—Town Marshall Gibson has received word from the chief of police in Montreal saying that the circus about to come here is one of the cleanest and best shows that ever visited that city.

DEATH OF MRS. COLTER.—Mrs. Colter, relict of the late Alexander Colter and mother of Dr. Colter, M. P., and Hon. George J. Colter and Thomas H. Colter, M. P. P., died at the latter's residence at Keswick on the 3rd inst. in the eighty-fifth year of her age. The funeral took place on Friday morning.

QUIET WEDDING.—A quiet wedding took place in Woodstock on Saturday evening, when Mr. J. A. Hale of Fredericton, and Miss Susie L. Rosborough were married by Rev. Jas. Whiteside. The ceremony took place at the residence of the bride. Mr. and Mrs. Hale went to their future home in Fredericton on Monday.

SERGEANT W. W. MELVILLE, of the Brighton Engineers, while conducting target practice at the range at East Florenceville on Thursday last received a sun stroke that prostrated him for the time. He was taken to the house of Corp. Jas. McIsaac where Surgeon Rankine cared for him. He is able to be about again.

MARRIED VS. SINGLE.—A scratch match of cricket was played on Saturday evening between a limited number of married and single men, the result being slightly on the side of the youths. Friday evening a full eleven of the benedicts will be on the ground at 6 o'clock, prepared to beat the bachelors by several hundred runs.

VISITORS TO TOWN.—Houlton people are in the habit of driving to Woodstock on Sundays spending a few hours in town and returning in the cool of the evening. These parties put up at the Wilbur House, which has been doing an immense trade this season. "Jim" Wilbur has the management of the house, and under his care the hotel is gaining in popularity all the time.

A BIG MILL.—S. J. Stevens, who has recently acquired sole control of the timber on the C. P. R. lands in the Salmon River district, is making some great improvements in his mill on that stream. Beside putting in a new flume he is raising his dam and putting in some new machinery. He has 8 shingle machines in the place now and a gang saw. His shipping station is Ortonville.

THE REASONS WHY.—There are always two ways of looking at a question. THE DISPATCH has been of the opinion that the fences are being removed in order to enhance the beauty of the town, but a citizen possessed of good judgment says it is because times are so hard that the people cannot support the fences, and it appears the fences are not self-supporting. Citizen No. 2 suggests that the fences are torn down out of philanthropic motives, and to allow the cows to have a choice of fodder.

TROTTING AT PRESQUE ISLE.—The races at Presque Isle on the 4th were attended by 6,000 people. The three minute class was won by Jewett, Maud Ellingwood second, and Eudora third. Eudora's boot unfortunately broke, preventing a better record. In the 2.47, Fred L. first, Maud Mack second; 2.28, Leslie C. first money, Tom King winning first heat; 2.25, Ada P. first; 2.40, Maud Ellingwood first, Bob Ingersoll second, Jim Gray third, Abbie W. fourth; 3 minute pacers, Harry K. winner.

THE NEWBURG CATHOLIC PICNIC will come off a week from to-day, Wednesday 17th inst. on the grounds near the R. C. Church. A good brass band will furnish music, all the usual picnic sports will be available, and a general good time may be expected. The country will then be looking its best and a drive through that part of Carleton County is something to be appreciated. Reduced rates have been secured on the C. P. R. from points east and west and teams will be at Newburg Junction to haul people to the ground free of charge. Free admission to grounds.

DAVID JONES DEAD.—An old and esteemed citizen of Woodstock passed away on Friday night in the person of David Jones. He was in his 82nd year, and came to Woodstock in 1851 from Miramichi. He was born in Ireland. He leaves a wife, three sons, R. B. Jones the dry goods merchant, and William and Arnold both printers, and three daughters. The funeral took place at 3.30 o'clock on Sunday afternoon. There was a very large attendance. The Orangemen to which order deceased belonged marched in procession to the house and thence to the grave. At the house a service was held by Rev. Dr. Chapman, and a quartette furnished music. The service at the grave was conducted by the Orange order.

WILLIAMSTOWN PICNIC.—The Catholic picnic at Williamstown on Wednesday was well attended. The Centerville band furnished music; a variety of sports were at the service

of the throng, the booths on the ground were well stocked with picnic necessities and the counters were always lined with people. Walter Fewer and Charles Caldwell had charge of the refreshment stand and with the assistance of Joe and Will. Fewer of Woodstock they administered to the wants of the people in good shape. Dinner and supper were served in a large tent. People had driven from every point of the compass to take it in and six or seven bicyclers appeared from Woodstock and Centerville. The net receipts were in the vicinity of \$250.

GRADING ON THE ASHLAND BRANCH.—Thomas Malcolm, of the railroad contractors Malcolm & Ross, came to town Thursday evening. He was on his way to Houlton to perfect arrangements for beginning the grading on the Ashland branch of the B. & A. His firm will probably have about 20 miles from Ashland south, and if the railroad company wants the grading done up quickly, will probably put on about 100 teams and 600 men. More time has been spent in revising the line than was at first thought necessary. Several important changes have been made in the location, among the greatest being the change of line from the west side of St. Croix lake to the east side. Malcolm & Ross expect to get to work in a few days now. They will make their headquarters in Ashland.—*Ft. Fairfield Beacon.*

FIRST APPEARANCE.—The first bloomers were upon our street last week, worn by Miss Wynona Lewis, the 12-year-old daughter of Al. Lewis of Bangor, who has accompanied Mr. Lewis more or less on his business trips for about eight years. The little girl rode her wheel very nicely, and the bloomers made a very pretty and becoming suit for her. It has been reported that many of Fort Fairfield's lady bicyclists have bloomers, but if so they do not appear out in their much. It is too bad that an absurd custom and sentiment should prevent the general adoption by ladies of wheeling purposes of so neat and convenient a costume. But there is probably a good time coming—though who knows how far distant?—when women will wear whatever is most convenient and in general the best for them.—*Ft. Fairfield Beacon.*

THE JOHNSON-SMILY COMBINATION.—Miss Johnson and Mr. Smily may always be assured a generous welcome at the hands of Woodstock after their entertainment of Friday evening. They rendered only selections from their own literary work, and whether grave or gay, light or heavy, each selection seemed better than the last. Miss Johnson is an Indian Princess and it is her chief joy to impersonate the character of her race, which she does with wonderful fidelity. Mr. Smily is a wit and humorist without the slightest touch of buffoonery. He held his audience in the hollow of his hand, and shook them with laughter at his pleasure. This was certainly the very best entertainment of the kind that was ever placed within the reach of a Woodstock audience and all who failed to get tickets have the sincere sympathy of THE DISPATCH critic.

FARMERS AND DAIRYMEN.—At the quarterly meeting of the Farmers' and Dairymen's Association of Carleton County held on the 27th, at East Florenceville reports were received from the general committees appointed to arrange for the agl. picnic and from the committee which was intrusted with the work of enquiring into the question of inspection of grain, dairy produce etc. This committee (which is composed of Pres. J. R. Ronald, V. P. Jas. Good and C. L. S. Raymond) were continued in power as the association is most anxious to do something to improve the quality of the oat crop as placed on the market. A resolution was unanimously adopted to the effect that all agricultural societies in the county be recommended to make the best possible show of our products at the International Exhibition at St. John. Upon motion of Mr. Archibald Scott it was decided to hold the next meeting on the third Thursday in September, place, Florenceville (west). Much credit is due to Messrs. John McLaughlin, H. B. Taylor, Samuel Watts, W. A. Taylor and others whose faithful work caused the farmers meeting of the 27th, to be the grand success it was. The kindness and hospitality of W. W. Boyer proprietor of the grounds also added in no small degree to the pleasure of visitors.

## Salisbury's Declaration.

LONDON July 6.—Lord Salisbury, in the House of Lords to-day said England was certainly hostile to Home Rule for Ireland. He also believed that a majority of the nation would fail to support an attack upon the Established Church, and that as far as Home Rule for Scotland and Wales were concerned, neither could be carried without exciting the most passionate resistance of the people of England. The policy of the Unionists, His Lordship declared, was a positive, not a negative one, for they intended to legislate with a view of decreasing the suffering of the poorer classes. They would try to revive the agriculture of the country and would also give their attention to the matter of carriage of produce to the markets by railways, the creation of small holdings for tenants, the revision of the poor laws, and would consider measures for the ameliorations of the social conditions of the people and do the utmost in their power to mitigate the misery which attends the vicissitudes of these changeable times and lessen the sorrows that attend the lot of so many millions of their fellow-creatures. Lord Salisbury's remarks were greeted with cheers. Lord Rosebery in reply to the new Prime Minister, justified his previous statements. He said one side of the House of Lords was so overwhelmingly strong it was impossible for a Liberal Government to carry any measures introduced, however beneficial.
