SEPT. 16.—J. Gordon Calkin and Louis E. Young addressed a large and enthusiastic audience on temperance here last night. The meeting was held in the Baptist church. Chas. A. Lewin very acceptably acted as chairman. The speeches were strong and vigorous and full of useful information.

Both appealed to Christians to take a decided and practical stand against the liquor traffic. Mr. Young showed that directly and indirectly liquor cost the country \$143,000,000 a year while the revenue received from it is less than \$9,000,000.

The temperance question was ably and eloquently considered from the financial, physical, mental and moral standpoints, and total prohibition was declared the only effective means of lessening the liquor traffic.

Our town has been quite lively lately. Lots of sensations for a quiet country village. First, Mrs. W. Johnston arrived to claim her child. The interior of the house is planned very conveniently and in such a way as to afford an excellent view from nearly all the windows. Mr. J. C. Henderson, the builder, has certainly maintained if not elevated his reputation as a first class architect.

Rev. A. G. Downey has moved to Somerville in the house of Mrs. Cyrus Shaw.
