THE ANNUAL meeting of the Carleton Co. Agricultural Society will be held on Tuesday 19th inst., at 2 o'clock in the county building Woodstock. The election of officers and other important business will take place.

COLIN CAMPBELL who ran the dining room at Newburg Junction, to the extreme gratification of the public for so many years has sold out to R. B. Owens, and has bought the A. G. Gilman farm on Connell street where he will now live.

COUN. GALLAGHER, chairman of the electric light committee, telegraphed H. Brown, electrician of St. John to come as soon as possible and look into the town system. Mr. Brown answered that he would be in Woodstock the last of the week.

A GOOD INVESTMENT FOR 5c—a Stonewall Jackson Cigar—superior to many so-called 10c. cigars, although costing more than any other 5c. cigar manufactured in the dominion. Their sales are enormous, the largest of any cigar in Canada. For sale by Garden Bros.

THE PATRONS OF INDUSTRY are endeavouring to enter into contract with merchants in town to supply them with goods at a certain rather low percentage. In case of their failure to get contracts, they seem to think it would be a good scheme to start a co-operative store.

IN THE case of Sheppard vs. House, which was argued before Judge Landry at Fredericton last week, in the matter of costs, the Judge refused to grant a certificate for supreme court costs, and also to certify on the record that there was good cause to try it before a special jury.

THE PATRONS OF INDUSTRY of Cedar hill had a very pleasant meeting at the school house on Thursday evening last. They intend holding a public meeting on Nov. 21st, and invite members of other associations and any who may wish to attend. A committee was appointed to prepare a programme.

THIS YEAR'S LUMBER CUT.—It is estimated that the lumber cut on the St. John river this year will reach 115,000,000. Last year 107,000,000 were cut, between 20 and 25 million of which are still hung up. This year's cut will be one of the largest on record, being exceeded by that of a few years ago when a cut of 120,000,000 was made.—Gleaner.

L. R. MACLAREN, who for a number of years was with H. P. Baird, druggist in Woodstock and who had very many friends here, will be married tomorrow evening in St. John's church, Moncton, to Miss Susan Rebecca Thompson, daughter of Mr. and Mrs. Charles D. Thompson. It is expected that Larry will take in Woodstock on his wedding trip.

SERVICE will be held in St. James' church, Centreville, at 7 p. m. Thanksgiving Day, Nov. 21st. FOR THE ENGLISH MARKET.—Mr. C. L. Tilley is opening up quite a trade in Carleton county cheese in the London market. A short while ago he sent a carload over the water, and last week he sent another. This last shipment goes by the Furness line from St. John. It consists of 603 boxes weighing 3600 lbs.

ON Monday last Mr. Tilley shipped another carload containing 560 boxes, or 32000 lbs. of cheese for the English market. This is the output of the Glassville factory. This makes about 35 tons of Carleton Co. cheese which is en route to England. Mr. Tilley deserves great credit for his enterprise.

THE KIRMESS.—For several weeks Miss W. Blanche Hudson has had special classes under training to participate in the Kirmess, which will take place the second week in December. That the entertainment will be a success, and will receive the widest patronage is a foregone conclusion. It will be held under the auspices of the Amateur Athletic Association, and this fact alone should ensure success. About 150 will take part and the entertainment will be continued three evenings.

THE recent fire in Ashland was quite serious in its effects, in that there was not only a destruction of property to the extent of several thousand dollars, but the business of the starch factory has been greatly hindered. Mr. Ketchum's loss is only partly covered by the insurance, but he is not the man to lie down and let misfortune walk over him. Death in this instance will be followed by a bigger and better resurrection. By this blaze we are reminded that a thoroughly organized and well equipped fire department is a very handy thing in time of need. The accessories of no village are complete without such, and we earnestly hope that we, shall see something besides talk in the above named direction.—Ashland Headlight.

THE Bangor & Aroostook railroad is soon to open some new stations on its line above Houlton. There will be two on the Fort Fairfield branch called Fairmount and Maple Grove, and another six miles from Easton, is to be called Maysville. The new extension of the Bangor & Aroostook railroad, the Ashland branch, is coming along well with the large and effective crew at work. The gravel for ballasting will be taken from the Horseback gravel pit in Houlton and the steam shovel and other appliances have been sent up there this week. The people of Ashland are feeling very much elated over the prospect of the early completion of the road to that town. It is confidently expected that cars will be running on the new road by Christmas.—Ex.
