Most of the farmers are selling their milk at the cheese factory. There is one thing that they are sure of, that is the milking has to be done early in the morning, a poor chance for a nap after sunrise. The factory gets about 5,500 pounds of milk a day. It commenced operations on Tuesday, the 4th inst.

To Sunday School Teachers
Rev. A. Lucas, field secretary, N. B. S. S. Association has sent the following letter to the Brighton parish convention:
My Dear Friends:—Having heard that you are shortly to have a convention, I embrace the opportunity of a few words. If it were in my power I would most gladly be with you to help with such counsel as God might give to me. First, I indulge the hope that your winter-closed Sunday schools were all re-opened early, life is so short, the needs of the soul so very great that we cannot afford to lose the many opportunities which even one Sunday brings to teach, train, and save both the old and the young. Both to these and the evergreen schools let me say, do your best in Bible work this summer. Some of you may never have another and we none of us want eternity to be a sorrow over wasted opportunities. Do not magnify the difficulties but think of the grace to overcome them. Difficulties are many. They have grown up for many years in the life of some older friends who had less advantages in their early days. But we need the same patient labour that Christ has always shown with each of us. While together, and when you separate, consider How can we improve our own school? Is there any person not gathered in? What would Christ the Divine Teacher do? Would he murmur and say they'll not come? Would he not go out and seek them? Will you do likewise? Who'll bring the lost ones to the fold, the shelter from the cold? Perhaps there are as many people in Carlisle and each other place, outside the Sunday Bible school as are in it. If you not lovingly shepherd these can he say to you, well done? House to house visitation is a need, all through your parish. Do it systematically without delay. Souls perish for lack of knowledge of God's word. Supts. ask yourselves if by God's grace you do both more and better this summer. God holds you responsible for your best. He gave his best for you. Teachers live godly, study diligently, teach for the saving of your scholars, you'll meet them again in the future. How will you meet them if you did not do your best? Teach so that neither your scholars nor you will want to close work next fall but continue all the year. Parish officers plan well your visitation to the schools. Pray and study what you will say to them before you go, you have an important mission of cheering workers. God will help you if you desire him. Study well the Word the lesson. Be acquainted with the foundation principles taught in our normal lessons and do all your work heartily for the master. Let duty not success be your watchword. Send word ahead when you are going to visit a school. If you they don't want, remember that many who wanted Christ least needed him most. So it often is now. Take Him with you, and let the school find him in your words and ways. This Sunday school work is prospering much throughout the province. Many children and youths this winter, from the schools, have found their Saviour. In a few weeks you will be asked for statistics for this year. I trust that though your parish souls may be brought to Christ. Praying that your convention may be one of great blessing, and hoping to have an early report for the Evangel.
I am sincerely yours, AQUILA LUCAS.
