H. H. McCAIN, Florenceville, has five hay presses going and ships about fifteen cars of hay to Boston each week. Part of the hay goes from Bridgewater over the B. & A., and part from Florenceville.

TROTTER IN HOULTON.—There will be a horse trot in Houlton on Friday, the 14th. In the three minute race Fred L. is barred. Fifty dollars will be distributed in prizes in both the three minute and in the 2.40 races.

GETTING BETTER.—Word from Fredericton is to the effect that Dr. Coburn of Canterbury, who was shot accidentally last fall, and has been in the hospital ever since, is getting better, and the doctors hope to save the arm.

HARTLAND WATERWORKS.—Hartland is to have the waterworks sure. A meeting was held on Friday evening last, when it was decided to accept the terms of a loan. The terms are \$4000, for ten years at 5 per cent, and for thirty years at 6 per cent.

THE R. T. OF T. desire, through the columns of THE DISPATCH, to thank the public for their kind attendance at the ice cream social on Thursday evening, and especially do they thank Mrs. Burns Gibson for the interest she took in the success of the affair.

K. OF P. IN HOULTON.—A large number of ladies and gentlemen went to Houlton yesterday to be present at a grand celebration by the Knights of Pythias. Members of the order were present from St. John and St. Stephen and organized a uniform rank.

MR. AND MRS. ARCHIBALD, Baptist missionaries at Chicacole, India, write to Mrs. W. S. Saunders that they are both in very poor health, and unless they at once have some assistance in their work they will be compelled to leave the field for the time being and take a rest.

FOR THE UNIVERSITY CHAIR.—The Ancient Order of Hibernians is establishing a chair in the University of Washington. The endowment required is \$50,000. John Troy, who is secretary of the order forwarded by express the other day, the sum of \$140.25 to be devoted to the above end.

TEKATHONWAKE WILL BE IN WOODSTOCK JULY 5TH.—Arrangements have been completed to bring the celebrated Indian poetess Tekathonwake, better known to readers as E. Pauline Johnson, to Woodstock. Miss Johnson will be ably assisted by Owen A. Smiley the celebrated humorist.

MRS. J. LINDOW, of Woodstock, who was called here about two weeks ago, on account of the illness of her granddaughter, Mrs. Clarence Burpee, returned to her home Saturday evening. Mrs. Lindow also visited her son, Conductor Lindow, in Presque Isle, before her return home.—*Ft. Fairfield Leader.*

DIED IN OTTAWA.—Mr. B. Lynch received a telegram on Sunday morning from Ottawa announcing the death of his daughter-in-law Mrs. John Lynch. John Lynch is away in Colorado, having gone there for the benefit of his health. It was hardly expected that his wife would die first. She was a Miss McKenna.

FARMERS' AND DAIRYMEN'S PICNIC.—The Carleton Co. F. & D. Association will hold a grand basket picnic at East Florenceville near the railway station on Thursday, June 27. A splendid array of speaking talent will be present. The Wicklow Brass Band will furnish music for the occasion. A grand time is expected.

W. & H. RAILWAY.—The annual meeting of the Woodstock & Houlton railway company was held last week. The old board of directors was elected. J. T. A. Dibblee, M. P. P., was elected president; J. T. Garden, treasurer, and J. N. W. Winslow, secretary. It was decided to have a survey made at once.

DEATH OF MAIL DRIVER.—Wm. Dunphy, well known as the mail driver for some years between Fredericton and Woodstock, died at his residence in Fredericton last week. His death was caused by dropsy, which disease followed an attack of grip some months ago. Deceased was sixty-eight years of age and leaves a widow.

THE NEWBURG CHURCH.—Bedford Tower is at work enlarging and finishing the Newburg Catholic church. Fifteen feet are to be added to the length of the building, and new pews placed that will increase the seating capacity from 130 to 160 persons. A tower 38 feet high will be built, to which a steeple 35 feet high. Karnes Brophy has the contract for the plastering.

CRICKET.—Since the successful match with St. John, the cricketers have rested on their oars, having only practised in a body once or twice. It is reported that the club at Andover is keeping up practice, and there seems no reason why a game between Andover and Woodstock should not be arranged for the first of July. It is said that St. John will send a team to play Fredericton on that date.

HOULTON is keeping pace in the building line as in former years and there will be a large number of new buildings erected here the present season. With the new extension to the court house, the new Presbyterian church, and the several private dwellings now under way and others contemplated, the amount to be expended in their construction, by careful estimate is placed at \$100,000.—*Aroostook Times.*

THE trotting park has at last received the attention from horsemen it deserved. A subscription paper was started in town and \$115 was raised at once. The Jacksonville road machine was brought in, a large crew of men set to work, and the correct thing was done at last. The track is now in better condition than it has been for fifteen years. It has always been 88 feet too long but now it has been cut down to just a mile.

THE PRESBYTERIANS of Greenfield will hold a tea meeting in Frank Kirkpatrick's charming grove on Wednesday afternoon the 19th inst. Tea will be served at three o'clock. The efficient committee are doing all that can be done to make the day a memorable one in the life of every man's stomach. The proceeds will be devoted to the payment of the debt on the manse at Florenceville. This tea meeting should be well attended.

SUNDAY SERVICES.—The Boys' Brigade under the leadership of Col. Baird and Lieut. Bull, marched to the Methodist church on Sunday. Rev. Dr. Chapman preached an appropriate sermon.

A special childrens service was held in the F. C. B. church on Sunday morning. About one hundred children were present, and they carried on the musical portion of the service. Rev. C. T. Phillips preached from 1 Sam. 3. 7.

NO LOAFING.—At the last meeting of the town council a petition was read from the W. C. T. U. complaining of the habit of certain young men of the town in loafing on the street corners and in shop entrances on Sundays. The town marshal was instructed to enforce the by-law, which forbids loitering or loafing on the streets. Complaints have been made that the conduct of some of the young men in question has been such as to call for severe condemnation.

THE WOODSTOCK FIREMEN intend to have an excursion to Presque Isle on July 4th, in connection with the big celebration there, on that day. The return fare will be \$1.50, and the train will leave early in the morning, returning in the evening, so as to give excursionists nearly a whole day in Presque Isle. Last year the railway company was so pleased with the order kept by the fireman that they gave them \$25.00. The same good order will be kept on this coming occasion.

WICKLOW GARDEN PICNIC.—The Wicklow Brass Band are preparing for a grand garden party, basket social and open air band concert on the grounds of Matthew Hutchinson, on Thursday evening, June 20th. The band is now under the instruction of Prof. A. I. C. Walker, late of Boston, who will be present at the concert and treat the audience to clarinet and cornet solos. The ladies will take baskets which will be sold at auction. This is something to look forward to.

THE LATE COLLECTOR.—There is hung in the custom house, a very true likeness of the late Mr. Harry Dibblee, who was for over fifty years collector of customs at this point. Mr. Merritt, the present collector, had the copy taken from a small photo, and the work is well done. Anyone who remembers the old collector will at once recognize the features, and the expression which distinguished him. Mr. Dibblee was superannuated in 1875, and he died some years later.

THE TRILBY COMPANY.—Some people who saw Trilby in Woodstock will be interested to know that the company that played here are using a pirated version of the play and the owners of the authorized version have sent a man on the road to follow this company from town to town, and use all means in his power to stop the performances. According to the Dramatic Mirror this man did his work very effectually in Quebec, where the company had the smallest house seen there for a long time.

BICYCLING CLUB.—At the meeting of the Bicycling Club, on Monday night, H. N. Payson and George Glew were elected members. The caps ordered some months ago had not arrived, and the individual in St. John who was to have made them up before the 24th of May was raked over the coals in rare shape. A motion to have cartabs put on the caps in case they should not be finished before December, was voted down, but the committee was requested to wire to the maker that unless they were in Woodstock by Saturday, the 15th, he could consider the order rescinded. The club meets for its first run tonight at 7 o'clock sharp. Next meeting second Wednesday in July.

SOME TOBIQUE RIVER NEWS.—THE DISPATCH had a call from R. K. Beveridge, Gordon, Victoria County, last week. He had just returned from Fredericton where he had taken a raft of 125 pieces of red pine to Hale & Murchie's mill. On Monday morning the third, he started in company with ten other rafts and landed in Fredericton on Tuesday night. Mr. Beveridge has eight other rafts of red pine of his own to take down yet. He says that James McNair got the Tobique river corporation drive into the limits of the St. John corporation on the night of Saturday the 1st of June, he had a good run and has done well. F. H. Hale has a crew of men clearing some of his land near Nictau which he intends to put into hay next year. It is reported that Hale & Murchie will build a saw mill at Wabskeyhegan, on the Tobique six miles from Perth, this year.

THE following, from the head office of the Foresters of Canada, will be of interest to members of the order and others. Through the courtesy of Bro. John Tattersall, court deputy of Court Regina, 652, we have received the following interesting facts concerning the Independent Order of Foresters: "During the month of May the number of applications for membership received by the medical board was 4,022, of whom 3,611 were accepted, showing an advance of over 500 on the highest number of applications ever received in any one month. The surplus fund of the order on the 1st of June showed the high total of \$1,317,000. On the 30th of May the corner stone of the Foresters' temple, at Toronto, was laid by His Excellency the Earl of Aberdeen, Governor-General of Canada, in the presence of an immense concourse of Foresters and their friends. The temple will be eight stories high and will be the finest fraternal headquarters on the continent. The Forestric year closes on the 30th of June, and in every particular it will be the most prosperous year in the history of the order. The increase in the surplus has been \$360,000,000, and in the membership about 18,000. For the month of June it is expected that at least 5,000 applications will be received. During the year new courts have averaged 35 per month. The supreme court will meet at St. Martins' town hall, Trafalgar square, London, England, on the 1st day of August. The high court of New Brunswick will meet at Fredericton, on the 1st of July, 1895."

A Remarkable Cure.—J. W. Jennison, Gilford, spent between \$200 and \$300 in consulting Doctors; tried Dixons and all other treatments but got no benefit. One box of Chase's Catarrh Cure did me more good than all other remedies, and in fact I consider myself cured and with a 25 cent box at that.

In 10 days from starting to use Dr. Chase's Kidney-Liver Pills we were able to move him home. In four months he gained 50 lbs. and was fully restored to health by the use of this medicine. Jno. S.
