WOODSTOCK, N. B., JULY 24, 1895.

It is not often given a man to read his own obituary, but this sweet sorrow was granted to Dr. Atkinson M. P. P., on Saturday last. It is a pleasure to be able to say that the Doctor is yet alive, as a great host of his friends in this and other countries who will be glad to hear.

NOTICE.

To the Heirs, Executors and Administrators of William Skillenlate of the Town of Woodstock in the County of Carleton, and Mary Ann Skillen, his wife, both now deceased, and all others whom it may in anywise concern:

NOTICE IS HEREBY GIVEN, that by virtue of a power of sale contained in a certain Indenture of Mortgage bearing date the Fourteenth day of April, in the year of our Lord one thousand eight hundred and eighty-three, and made between the said William Skillen of the Town of Woodstock, in the County of Carleton, Province of New Brunswick, gentleman, and Mary Ann, his wife, (both now deceased) of the one part and Louisa Fisher of the same place, widow, of the other part; and duly recorded in Book A. Number Three, of Carleton County Records on pages 387, 388 and 389 on the Sixteenth day of April, A. D. 1883, there will, for the purpose of satisfying the moneys secured by the said Indenture of Mortgage, default having been made in the payment thereof, be sold at Public Auction, in front of the office of Hartley & Carvell, Barristers-at-Law, in the said Town of Woodstock, ON THURSDAY THE TWENTY-NINTH DAY OF THE MONTH OF AUGUST NEXT, at the hour of three of the clock in the afternoon, the Lands and Premises mentioned and described in the said Indenture of Mortgage as follows:—

Board of Health Report.

In view of the fact that an election will be held next week on the question of putting in a system of sewerage, the memorial submitted by the board of health at its meeting in the spring, will be read with interest. It is this report which demanded the sewerage system. TO HIS WORSHIP, THE MAYOR, AND THE MEMBERS OF THE TOWN COUNCIL OF THE TOWN OF WOODSTOCK:—

Gentlemen.—At a meeting of the Board of Health of the Town of Woodstock held at the secretary's office, on the 11th day of February instant, a committee of three was appointed to draft a memorial and have same submitted to your honorable body, urging the adoption and construction of a system of sewerage in said town. The following has been submitted by the committee and adopted by the board, and by their direction I herewith submit same to your honorable body, trusting that you will give the matter your prompt and favorable consideration and carry out the suggestions therein made.

TO THE BOARD OF HEALTH, DISTRICT NO. 9, TOWN OF WOODSTOCK, N. B.:—

Gentlemen.—Your committee, to whom was referred the matter of memorializing the town council regarding a general sewerage system, beg leave to report as follows:—

1st. That your committee recommended that this board forward to the town council a copy of this report.

2nd. That, in the opinion of this board, it is desirable, in order to improve the sanitary condition of the town, that a complete system of sewerage be constructed, and if such cannot all be done this year it is absolutely necessary that such steps should be taken by the town council as would provide sewers in the most crowded and populous districts during the present year.

3rd. That this board recommend that the town council, at the earliest possible moment, have made by competent engineers a plan and estimate of the town for a sewerage system without cesspools and with automatic flushing tanks.

4th. That the town council be requested by this board to enact by-laws and regulations making it compulsory on all persons owning property on streets where sewers are laid to make connection with the same, as provided for in the Act of 1886 relating to sewers in the town.

5th. That the board urge on the council the importance of taking some steps in this matter without delay, as the welfare of the whole community is being endangered by putting this matter off from year to year. Very much of the sickness of last year was due to bad drainage. In the report of the Provincial Board of Health this district heads the list in the number of cases of typhoid fever with 35 cases during ten months of last year. Even Moncton, which is situated in a marshy and level country and, from a sanitary point of view, is doubtless one of the worst places in the province, had only 33 cases, while the city of St. John, with its dense population only shows 8 cases. It is only reasonable to expect a large increase in the sickness and mortality in the town when we consider the enormous quantity of water which is being daily distributed on the surface and into cesspools, saturating the soil which in its turn gives off these noxious and deadly gases that are sure to fasten and promote epidemic and contagious diseases of the most fatal kind. This state of things has been going on in the town for a long time without much being done to remedy the evil, and in the near future the whole town plot will be so permeated with sewage and filth that it will take many years and a large outlay of money to undo the evil effects that might easily be prevented by the council dealing with the matter at once. Such cases are on record and should prove some warning to us.

6th. Your committee would also recommend the doing away with entrance fee and the establishing of yearly rates. This, your committee believe, could not be doing without legislation. If entrance to sewers is made compulsory it would be hardly fair to exact entrance fees and if not compulsory it is but little use constructing them. Respectfully submitted,
[Sgd.] H. PAXTON BAIRD, } Committee.

Trusting you will give this matter your favorable consideration, I remain, Yours respectfully,
J. C. HARTLEY, Sec. Board of Health.

CASH FOR WOOL.

The woollen mill was started two years ago as a one set mill. The people of Carleton county were quick to appreciate the advantage of such a factory, and the liberal patronage given it encouraged the company last year to enlarge their operation, and by additional machinery, double its capacity, making it a two set mill. This year they propose to increase the Production and to reduce the Price of all their goods, but to keep the quality up to the former high standard—and to pay half CASH FOR WOOL and the other half in goods at cash price. We will buy all the wool skins offered. With thanks for the past patronage the company look to the future with confidence that the people of our county will patronize our home mill. We make Cloth, Blankets, Flannels, Shirting, Yarn and all such goods. We also make custom yarn, and card wool into rolls.

Only 24! Don't Get Left!

The way a number of people did who put off ordering a Crown Mower until the 10th July and found them all sold.

Thanking those of our customers who obtained their Crowns, for their patronage, we wish to call their attention, as well as those who got left, to the fact that we have only 24 Little Giant Threshers for sale this season, and that if they wish to purchase, it is advisable that their orders be placed as soon as possible. The reputation our threshers have attained has placed them so far above all competitors that they have become the Standard Threshers of the Maritime Provinces, and it is unnecessary for us to attempt to describe the numerous points wherein they excel. They are well known to thresh fast, save grain, and clean it in first-class shape. We guarantee them to be the most durable machines in the market, costing less than \$5.00 per year for repairs.
