MRS. LEWIS, wife of Conductor James Lewis of the C. P. R. died at her home Woodstock on Monday the 7th of October.

THE LATEST ELECTION news from St. John says that Messrs. McKeown and O'Brien government candidates, have retired from the field.

W. B. JEWETT, JEWELLER, has in his window a fine silver communion service which he recently got for the F. C. B. church at Woodstock.

THE PRINCIPAL streets of the town are now marked by wooden placards, which have been placed on the corners. The work was done very well by Mr. Chas. Parker.

A 10c. CIGAR FOR 5c.—The Famous Stonewall Jackson cigar Havana filled and strictly hand made has by far the largest sale of any cigar in the Dominion for sale by Garden Bros. Druggist.

A DOE AND TWO FAWN were seen on the Connell road just this side of Hartford last week, by a Woodstock man, on his approach they nimbly scaled the road fence and got out of sight.

FACTS WORTH KNOWING.—Stonewall Jackson cigar has been on the market for one quarter century with sales continually on the increase. Merit will tell. For sale by Garden Bros. Druggist.

A SAD LOSS.—The many friends of Miss Grace Porter will grieve to learn that her mother died very suddenly last week. Mrs. Porter was also the mother of Mrs. J. B. Morgan, Jacksonville.

THE new Presbyterian Church, Andover, N. B., will be formally dedicated on Saturday Oct. 13th. The dedicatory sermon will be preached by Rev. Dr. Macrae, St. John. Service at 11 a. m. and 7 p. m.

CARLETON DISTRICT L. O. L. will meet in quarterly session at Hartland on the second Monday in this month. Each primary lodge in the district should be represented, as important business will be transacted.

CHEESE AT THE EXHIBITION.—At the exhibition at St. John J. Frank Tilley got second prize for white cheese, scoring 96 points out of a possible one hundred. The Glassville, Jacksonton and Richmond factories were also represented.

THE BOARD OF TRADE did not meet on Monday evening, as it was the request of several of the members that the meeting should be adjourned for a week. Mr. Grahams motion favoring the abolition of the duty on coal oil will then be introduced.

RILEY GILLEN of Hartland, is shipping hogs, sheep and lambs to Montreal. Last week he sent away a car load of hogs and one of sheep. On Monday he sent a load of sheep. He is paying 4 cents a pound for hogs on foot and about \$3.00 for sheep. Mr. Gilen left for Montreal on Monday morning to dispose of some of his stock.

THE BOYS are taking up cricket quite energetically and during last week there were two or three matches. The boys living on the north side of the Meduxnakik bridge played those on the south side, Harry McLaughlin and Ed Anderson captaining the elevens respectively. The youths from the solid south won a two innings match played on the college grounds.

THE Services of the Albert St. Baptist Church, Sunday Oct. 13th, will be conducted by the pastor. Morning subject, The Christian's Heritage. In the evening the second lecture in the missionary series will be delivered. Subject, William Carey. The class in Bible Study in connection with the B. Y. P. U. will open Monday evening. About fifty of the young people have signified their intention of taking this excellent course in Old Testament History.

REV. JAMES WHITESIDE and Mrs. Whiteside were entertained by the congregation of St. Paul's last Friday evening. A good number of ladies and gentlemen were present. Everyone became acquainted with the pastor and his wife, and an enjoyable evening was out in. A musical and literary programme was presented by Miss Maggie Ross, Miss Sadie Hammond, Miss Aggie Dunbar, Frank and Harry Dunbar and Frank Woolverton. Mr. W. T. Kerr made a very pleasant address.

MRS. FRED SNOW, of Vinalhaven had a vivid dream a short time ago in which it appeared to her that a large sum of money was secreted about her residence. Recently, while Mr. Snow was having the house repaired, three bags containing over \$1,000 in silver coins were found between the walls of the house. In the absence of any clue to the owners of this hidden wealth it of course falls into the hands of the owner of the house. Mrs. Snow's strange dream is now the talk of the island.—Ft. Fairfield Northern Leader.

THE FIRST STROKE in connection with the laying of the sewers was made on Monday morning, when a party of twenty men commenced tearing up the earth and rock at the edge of the river, in a direct line from the foot of Guelph street. Donald Munro is superintendant and John Whalen foreman. The pipe has been ordered from St. Johns, P. Q., and may be here any day. A fifteen inch wooden pipe will be laid at the outlet, and joining, to run under the railway track, and up to Richmond street with a fifteen inch terra cotta and iron pipe.

SUDDEN DEATH.—The Baptist conference was sadly interrupted by the sudden death of Mr. J. B. Rideout, which occurred on Friday evening. The deceased was a native of

Ludlow, Me., and during the convention was the guest of Mr. Sutherland, who lives on the Houlton road. On Friday, with his wife, he drove over from Ludlow, a distance of 22 miles to attend the convention. As he was in his 76th year, it will be seen that this of itself was a great exertion. Then, he walked all the way from his residence to the church a distance of something over a mile. After returning home, from the service on Friday evening, he fell down dead. Coroner Hay was notified and went to the house, but, he deemed an inquest unnecessary. The remains were taken home on Saturday.

THE SUCCESS which attended the exhibits of this society at St. John may well encourage it members to exhibit more largely at provincial shows in the future; while the fact that nearly all the entries from this section were awarded prizes and the majority of them first prizes speaks well for the quality of our stock and products. Through the enterprise of W. W. Hubbard, editor Co-operative Farmer and Maritime Dairyman, a number of engravings of animals awarded 1st premiums, will appear in an early issue of that paper. Among these will be found G. Allan Bull's famous percheron horse, Prefere, weight 1980 pounds. Also, a three-year-old Jersey bull owned by C. L. S. Raymond, which was awarded 1st prize over all competitors. If you would like to see a copy of the Co-operative Farmer send your name to W. W. Hubbard, Sussex.

of Hardscrabble, lost a valuable Jersey Cow on Tuesday,—choked to death by attempting to swallow a potato a few sizes bigger than the hole.

We hear of cases like this every day yet a lot of farmers will persist in feeding potatoes and turnips in this way, rather than spend less than half the price of one cow for one of our

ROOT PULPERS

and take no chances. And besides cattle, sheep and hogs thrive better when fed in this way. The question is, will it pay to be without this Pulper. It cuts a bushel a minute easy.
