

The Danger Of Remedial Legislation.

Supposing a mild, a very mild, Remedial bill, giving some kind of Separate schools to Manitoba, were passed at Ottawa. Would that settle it? On the contrary, would not the very next session bring a request for amending clauses giving further remedy to the alleged grievances of the minority succeeded in Manitoba would not the agitation travel west into the four territories soon to become provinces, and into British Columbia, and then back to the Maritime Provinces? For years this agitation would go on and the country be kept in a ferment, and religious strife be rampant.

Once for all, we say that it would be in the interests of the entire people to avert this agitation by refusing to interfere with Manitoba or any other provinces. Let the people of each province fight it out among themselves, but keep it out of Federal politics.

If it is left to the provinces some settlement will be reached—a settlement, in fact, like that in New Brunswick. If Manitoba has declared, as she has unequivocally declared, against Federal interference, it is madness for the Government at Ottawa to go on with their proposal that no one but the Conservative Government is committed to it. Many Conservative members cannot vote for it and be re-elected. And who is clamoring for the passage of a Remedial bill? Not the people of Quebec, for in three constituencies they have voted against it. Apparently only the clergy of Manitoba and Quebec.

If the Dominion Parliament will abandon coercion, and throw the responsibility of remedying the grievances of the Catholics of Manitoba on the province, Mr. Greenway will be bound in common justice to consider the petition. It may be true, it is likely true, that the Public schools of Manitoba are more or less Protestant schools. If that is so, he must de-Protestantize them. Ontario has treated the Catholic minority fairly, and Manitoba cannot afford to do less. But Manitoba will never do anything with the threat of coercion held over her by the Dominion.

Let Parliament once for all refuse to interfere, and we will have peace. If Parliament interferes we shall have discord for years. It is something better to bear a grievance than to set one's house on fire to remove it.

The Cabinet at Ottawa can better afford to resign than attempt the kind of coercion that is proposed in the Remedial order.

Nor is a Cabinet bound to wreck a party because it has indirectly committed itself to an unwise policy. It is always in order for a Cabinet that has pledged itself without the consent of its party to step down and out, and to let others of the same party, but who are unpledged on the question, take its place. Individuals who wreck a party under such circumstances are inspired with regard for office more than for the welfare of their party. —Toronto World.

Sun's a-settin' as of old;
Same old purple, same old gold;
Same old glory in the leaves;
Same old harvest in the sheaves;
Frost that makes the fruit jes' prime
Comin' 'round on schedule time;
Same old autumn leaviness—
Country's purty safe, I guess.

Same old smiles and same old tears
Shifting with the fleeting years;
Games our grandfairs loved to play
Please the youngsters of today;
Still ambition's hot desire
Rages; yet with all its fire
Pity hastens to distress—
Country's purty safe, I guess.

The pleasant and beneficial effects of **McLean's Vegetable Worm Syrup** Make it the best Worm Remedy for Children.

There is a story of a Scotch minister whose physician ordered him to drink beef tea. The next day, when the doctor called, the patient complained that the new drink made him sick.

"Why, sir," said the doctor, "that can't be. I'll pour it myself." As he spoke he poured a quart of the tea into a skillet and set it on the fire. Then, having warmed it, he tasted it, smacked his lips, and said:—

"Excellent! Excellent!"

"Man," said the minister, "is that the way ye sup it?"

"Of course; what other way should it be suppit? It's excellent."

"It may be gude that way, doctor, but try it wi' cream and sugar, man. Try it wi' that and see hoo ye like it."—London Argonaut.

Wore Greased Gloves Seven Years.

John Siron, mason, Aultsville, Ont., had Salt Rheum so severe that for seven years he wore greased gloves. He writes: "I used a quarter of a box of Chase's Ointment. It cured me. No trace of Salt Rheum now." Chase's Ointment cures every irritant disease of the skin, allays itching instantly, and is a sterling remedy for piles. Avoid imitations. 50c. per box.

"I almost feel tired," said the Lew woman, as she laid her beaver aside and gave orders for the proper stabling of her bicycle.

"I thought you men never got tired," groaned her husband.

"Rarely," replied the new woman, "but today I made the speech that killed the bill for the emancipation of husbands, and raised the roof of the Capitol with a piece of my mind, and if that ain't enough to tire a body I'd like to know what is!"—Atlanta Constitution.

A TRUE BENEFACTOR.

Thousands Bless the Memory of Prof. Edward E. Phelps, M.D., L.L.D.

He Gave Humanity Paine's Celery Compound.

Medical Men Say It is the Only Perfect Cure for Bright's Disease and Diabetes.

Dr. Phelps' wonderful prescription, Paine's Celery Compound is a boon to suffering humanity. This remarkable medicine has cured and saved more victims of kidney trouble than have all others combined agencies in the world. It has rescued thousands who were thought to be hopelessly lost—made them well after medical men had pronounced them incurable.

The case of Mr. C. F. Kevill, of Dunsford, Ont., is one of the strongest proofs ever put on record, that Paine's Celery Compound cures kidney disease, and all the terrible evils that follow this dangerous malady. Mr. Kevill has written for the benefit of other sufferers; he says:—

"I wish to testify in favor of the wonderful curative powers of Paine's Celery Compound for two reasons: first, in justice to the proprietors; and secondly, for the benefit of suffering humanity."

"For the past fifteen years I have been troubled with diseased kidneys; I am engaged in the manufacture of cheese, I am obliged to work more or less in a stooping posture. At times I found it almost impossible to work owing to severe pains across my kidneys. Often after working in a stooping position for a time, I would find it very difficult to straighten up at once; and could only do so after repeated efforts."

"Of late years, while laboring under these severe attacks, I became very nervous, and continually had tired worn out feelings. My rest at night seemed to do me no good, and I always felt tired out in the morning."

"I had been taking various medicines and was getting worse all the time. At last I decided to give Paine's Celery Compound a trial. I procured a bottle, and took it according to directions, and found its effect wonderful. Before I had used the first bottle I began to improve; after I had used the second bottle I felt as well as ever I did in my life. It had banished all aches and pains, my nervousness was all gone, and the tired and worn out feeling were banished. I can go to bed now and sleep well, and rise in the morning rested and refreshed."

"I have recommended Paine's Celery Compound to my friends who were suffering from the same troubles as I had, and all have been greatly benefited. Knowing what it has done, I can cheerfully recommend it to any person suffering from kidney disease."

"The Railroad Kidney."
Railroad employes, bicyclists, teamsters and other men who are subjected to much jolting are often troubled with pain across the small of the back. This indicates the "Railroad Kidney," an insidious precursor of serious illness. On the slightest symptoms of backache take one Chase's Kidney-Liver Pill—one is a dose—and thus obtain instant relief. For all kidney troubles they have no equal.
