### NEWS FROM THE COUNTY.

#### PERTH CENTRE.

A very sad accident happened at Mr. Geo. W. Upham's mill one day last week. Herbert Hanson a young man of this place while to work under the mill shoveling saw dust accidentally put his hand against a saw that went down through the floor and got three fingers cut off his right hand. The basket social which took place here Saturday evening proved a grand success, eighteen dollars was realized. Count Perth Centre I. O. F. are making preparations for a grand concert and basket social to take place here in the near future; no pains will be spared to make it a success. A large crowd is expected.

#### OAKVILLE.

Most of our farmers have finished haying, and have some grain well on for harvesting. Hay was very poor. Oats and potatoes promise an abundant crop. Some of the kids have taken a notion of running away. Occasionally an application of hazel rods, or whalbone would be a most excellent remedy. The gossips of this place have been raising more excitement than usual of late. I understand that some of them will be called upon to explain, which will probably be a difficult task. School begins this week much to the chagrin of the kids. The few preachers have created a favorable impression. Mr. Isaac Bell has given his house a new coat of shingles. Mr. Thomas Gartley has treated his house in a like manner.

#### CANTERBURY STATION.

Canterbury Station is somewhat a horse city. Among the good ones is H. N. Grant's stallion Col. Willowside bred by J. R. Lamy of Willowside farm Amherst, N. S. This horse is standard under rule 6. He is a large and handsome horse weighing 1250 lbs, colour bay with black points. This is a royally bred horse and a credit to the place. He can do a mile in 40. George Hillman has a couple of fine horses. Don Fuller a dark grey gelding by Dreadnaught, dam Iron Lad; can show a 40 clip, and a grey mare

Dottie G. that trotted a half on the Danforth track in June in 13 1/2. This mare can go in 30 with a little handling.

Ed London owns a pair of chestnut mares by Harry Wilkes that makes one of the finest roading teams in the place.

James A. Gould's black mare by Concentration is a dandy road mare and can go in 40. Mr. Gould also owns a Chestnut running horse that has won several races.

James H. Carr has a matched pair of Chestnut working and driving horses, they are as beautiful a team as can be seen in the county. He also has a bay mare 24 years old that is as good as the best.

George Price has a dark brown gelding by Sir Peter that is a good one.

Richard Scott shows up a black 3 year old mare whose sire was by Hillmont. She shows signs of great speed. He holds on to his old stand by Dolly yet.

Geo. Jameson has a speedy gelding by King Kophey, and a bay stallion by the same horse that can go some.

If a fellow is on the look out for a good horse Canterbury is apparently the place to find it.

#### JACKSONVILLE.

The weather, during the past week, has been very fine, and the farmers have nearly all finished haying. The oldest men say they never have known the hay crop to be so light as it is this season.

The hunting party which left on Monday, returned from their very pleasant trip down river yesterday. They were very successful, bringing home large quantities of game.

The Blue Berry season has again arrived and lots of the boys have gone to the plains, but are not very successful, as the berries are very scarce.

Several of the girls will be leaving for Normal school soon, they will be greatly missed.

The order of Hobos have become almost extinct owing to an epidemic which swept many off and a great many of the remainder were carried away by the Hijijs.

#### ROCKLAND.

Rev. J. J. Barnes is enjoying a much needed vacation, we understand he is expected home soon. He is visiting friends and relatives in St. John.

Licen. Chas. Sterling has been filling his appointments during his absence.

A very pleasant evening was spent at the home of Mrs. Clara Belyea, of Lower Windsor, on July 29th. Her two daughters, Mrs. Bixby and Miss Lena had been home from Lowell on a short visit, and on the eve of their departure, a large party of friends and relatives were invited in. Refreshments were served and music was plenty.

Rev. A. D. and Mrs. Worden are spending a vacation among friends in Canterbury and St. John. Licen. O. Merritt has taken his engagements during his stay away.

I think we owe Mr. A. A. Belyea a vote of thanks for the improvements he has made in the appearance of Rockland. He has torn down the old shop at the east end of the bridge and in its place erected a fine building which is to be blacksmith shop below and carpenter above. They say Mr. A. W. Estabrookes intends to go and do likewise at the other end of the bridge and in the place of the other old shop build a storehouse. We are also to have a new bridge. The work begins this month.

#### BRISTOL.

Rufus Giberson, Houlton, is visiting his father Mr. Josiah Giberson.

John Meed has put up the frame for a large carpenter and blacksmith shop.

H. H. McCain and C. L. Smith M. P. P. took a trip through this parish on Saturday looking after the roads and bridges. They went as far as Houlton.

The schools will reopen on Wednesday for the summer term. The same teachers will continue in charge, Miss Fraser in the advanced department, and Miss Mattie Bell in the primary.

Rev. Mr. Moore filled Rev. A. E. LePage's appointment here and at East Florenceville on Sunday. Rev. D. Fiske preached in the hall in the evening, and Mr. Mullin in the Free Baptist church. All the services were well attended.

The remains of Mrs. Albion Tompkins of Glassville, whose death occurred at Marysville last week, were brought up on Friday and taken to Glassville for burial. She was about 49 years of age, and death was caused by consumption. The funeral took place next day.

#### GRAND FALLS.

The train on Grand Falls branch crossed over the bridge on Saturday, Aug. 8, for the first time since the ice tore out the two spans this Spring. The work on the spans will be all completed now in a few days.

Mr. Frank Goudeau is building a fine residence on Front street. Mr. P. G. Fraser is also making improvements on his place. Gabe Poitras is also putting up a new residence. Paul Michaud is also about putting up a new residence.

Some of the boys around town are glad to get across the line as they are wanted for stealing chickens and raisins from some of the hotels, so rumor says.

## Sarsaparilla Sense.

Any sarsaparilla is sarsaparilla. True. So any tea is tea. So any flour is flour. But grades differ. You want the best. It's so with sarsaparilla. There are grades. You want the best. If you understood sarsaparilla as well as you do tea and flour it would be easy to determine. But you don't. How should you?

When you are going to buy a commodity whose value you don't know, you pick out an old established house to trade with, and trust their experience and reputation. Do so when buying sarsaparilla.

Ayer's Sarsaparilla has been on the market fifty years. Your grandfather used Ayer's. It is a reputable medicine. There are many sarsaparillas. But only one Ayer's. IT CURES.
