NEWS FROM THE COUNTY.

BRISTOL

Dr. H. A. Green, Dentist, of Centreville, will be at Bristol Monday, October 19 and Glassville, Tuesday, October 20.

Last Thursday as Mr. Isaiah Lockhart an old and respected resident, was going down the hill towards the old ferry road, he slipped and fell, hurting himself very badly. He was conveyed to his home and Dr. Atkinson was called and found that one hip was fractured. Being an old man, his recovery is considered very doubtful.

The annual school meeting was held in the school house on Saturday but was not as largely attended as on some previous years. The trustees report of the educational condition of the district was quite gratifying. Three hundred dollars was voted for the next year, being only half the amount voted last year. Edwin Phillips was re-elected trustee, and John Hayward auditor. In the Egypt district Andrew Bell was re-elected trustee.

William Rogers with a crew of men start for the woods today. He will operate on the Miramichi waters.

A. W. Phillips who is travelling for a Montreal firm, spent a few days at home last week.

Rev. A. H. Hayward preached in the Free Baptist church Sunday evening. His regular services are held in the hall, but that is at present occupied by the Kickapoo Medicine Company.

The Kickapoo's will close their entertainments here tomorrow evening and will then remove to Florenceville. During the past fortnight they have drawn large crowds.

Mr. Wetmore has returned to his work in the C. P. R. station, but the telegraph office has not been opened yet, as the instrument which was removed during the strike has not been replaced. We hope the company will not deprive us of this accommodation very much longer.

A. E. Murray and wife started last week for Georgia.

The members of the True Blue Lodge intend holding a concert soon.

LAKEVILLE

The people of our village need not be ashamed of their show in the exhibit at Centreville last week. Harmon Carvell carried off five first prizes on various farm products. First prizes were also awarded to Miss Lena Carvell on doilies, Mrs. Wm. Gillis on bread and Mrs. Howies Corbett on butter. A number also received second prizes.

Our school meeting was held last Saturday. Mr. G. K. Smith was re-elected trustee and secretary. Messrs. L. A. Carvell and Robt. Jones spent a few days hunting near Monticello last week. They reported game abundant, but consumed all their prey, to avoid paying any duty.

Mr. Wm. Wilson, of the firm of White & Wilson, made a business trip to St. John last week. Mr. Henry Wilson made a similar journey the preceding week.

Smith Bros. have been very busy making cider from their abundance of apples. They are dealing out first-class cider by the gallon.

Mrs. Alex. Hume and Miss Myrtle Fowler spent Sunday at Mrs. John Bricknell's, Mars Hill village.

Mr. Richard Carvell of Fredericton, is visiting his relatives here.

Mr. and Mrs. Wm. McBride, of Oakville, spent Sunday with Mrs. Wiggins. We regret to learn that Mrs. Wiggins leaves us on Thursday, and will make her future home with her son at Ed River. We feel that the village at large loses a kind and generous friend, and we hope she will carry with her the assurance that she has left many warm-hearted friends here.

DEBEC

A very interesting social event took place at Debec Oct. 7th, when Miss M. Effie Kilkpatrick, youngest daughter of A. Kilkpatrick, Esq., one of the most popular young ladies in Richmond, was united in marriage to Mr. J. Leslie Speer of Boston, Mass. Only the immediate friends of the bride and groom were present. The bride looked charming, dressed in a travelling suit of navy blue cloth and a garniture of rich lace, as she stood beneath a floral bell suspended from an arch of evergreens while Rev. E. C. Turner, brother-in-law of the bride, spoke the words that made the happy couple one. The presents were numerous and costly. Among them was a very pretty present by three little girls belonging to her S. S. class. In spite of the heavy down-pour of rain a large number of their friends assembled at the train to see them off. Amid a shower of rice, as well as rain, the happy couple started on their bridal tour to Boston, Niagara, Toronto, and down the Hudson to New York, followed by the best wishes of the entire community for their future prosperity.

EAST FLORENCEVILLE

Mrs. A. D. Hartley by her report on Home and Foreign Missions says the proceeds of the exhibition just closed amounted to 16.00. Amount collected in my home mite box \$1.50. Contributed by Mrs. James Adams 1.00. Have had four missionary meetings at the following places with collections. Summerfield coll. \$1.55; Upper Wicklow coll. \$1.35; Greenfield coll. 75; Landsdown coll. 73; total \$22.88.

MIDDLE SIMONDS.

Our school meetings passed off very quietly. The new trustees elected were Mr. Geo. Raymond, and Mr. Wilmont Rideout.

Some of our boys intend leaving for the woods soon. We wish their success.

Mr. Harrison Coulard talks of going to Business College to Fredericton this fall.

The young men who crosses the river to hunt deer says they are very wild this season. Congratulations to Mr. and Mrs. Wilmont Rideout, a girl.

The weather the past two weeks have been cold and cloudy with rain. In consequence the farmers have been delayed in potato-digging.

Mrs. John Kelley has been confined to her bed the past week. Her many friends will be pleased to see her around again.

A good number of our citizens attended the exhibition at Woodstock last week.

Rev. Mr. Hayward has been holding special meetings here last week that will continue this week. Rev. Mr. Giberson intends having meetings shortly. I hope much good may be done.

Drowned in Maine.

WOBURN, Mass., Oct. 7.—Former Alderman Edward I. Phillips was drowned in Lake Munsungan, Arostook county, Maine, yesterday. The body is on the way to this city. Little is known of the particulars of the sad accident.

Mr. Phillips was foreman for J. F. Ramsdell & Co., of this city. He leaves a wife and three small children.

What Canning Means.

W. D. Hoegy & Co., have finished the season's canning operations. They put up 100,000 cans corn, 52,000 cans peas, 50,000 cans blueberries, 10,000 cans tomatoes, 10,000 cans plums and 800 cans finnan haddie. This is little more than half the quantity canned last season. Drouth and the grubs, which decreased the yield of the produce named, are responsible for the falling off.—F'tou. Corr. St. John Globe.

French and English.

Prof. Davidson of the N. B. university has discovered that the average rate of increase per decade from 1765 to 1891 among French Canadians has been 29.7 per cent, which would cause the population to double every 27 years. Since 1759 the French-Canadians have lived in isolation so that their rate of increase has not been raised by immigration from abroad or intertered with in other similar ways. The fact that the rate among the English speaking portion of the popular is not nearly so large, fills some people with grave apprehension as to the ultimate result.—Ex.

Joe Patchen Tried.

MEDFORD, Mass., Oct. 9.—After four postponements this week the Combination Park races were started today with a large attendance. Joe Patchen attempted to beat his previous record of 2.05 1/2, but was only able to make 2.06 1/2, which is considered very fast time in view of the condition of the track.

Ottawa Grows.

The population of Ottawa this year, according to the assessors, is 51,540, an increase of 1866 over last years. The total assessment for 1897 is \$22,079,735, an increase of \$958,015. The public school assessment amounts to \$16,467,110, and the separate school assessment to \$5,577,910.

Corn should be put in the silo after the grain is glazed, before there is much drying of the leaves or stalk.

AWAY UP IN G.

The Exhibition is a Decided Success.

There is but one verdict given by those competent to judge, with regard to the exhibition. "It was a great success."

Undoubtedly the display of live stock, was the best ever seen in Woodstock, and has perhaps, in quality been unexcelled in the history of the province. The weather during the three days was quite as fine as could be expected at this season of the year. It is only a pity the affair cannot be held earlier in the year, and the directors and exhibitors would do well to follow the example of promising statesmen, "take the question into their favorable consideration." The agricultural editor of this journal was present in full canonicals, and inspected the stock with a very critical air. He knows a good animal, when he sees it, whether the animal be two footed or four footed.

E. M. Campbell's exhibit of photographs was very creditable. He showed a number of pictures, including busts, full figures and groups in which the posing was artistic and the finish excellent. Mr. Campbell could not commence to do justice to his studio in the small space allowed him at the exhibition building.

It was quite a sight to see the crowds examining the life stock, which seemed to have the greatest fascination for the spectators. The total number of entries is put at 866. It was somewhat below the total number of entries in 1894, and the reason does not seem altogether accounted for, but the general impression was that the exhibits were very good. The Jersey stock made a fine showing, and there were certainly some fine specimens. John Connor had five head on deck, two cows and three heifers. Mayor Saunders, Jas. McManus and C. L. S. Raymond had several good head of Jersey cattle on the ground, and Lebaron Emery, John D. Baird and Allan Bull were to the fore, with a good lot of stock. There were some fine looking Holstein cattle on deck, and of course the reliable Ayshires were to the fore. In the line of sheep perhaps it would not be partial to mention the herds that Robt. Brown showed. He won four first and three second prizes in Shropshires. He also sold from his herd three ewes and two bucks to the Southampton Agricultural Society. The porkers were easily on a par with their feathered bipeds. And the show of poultry was really something to be proud of. There were in all ninety entries of horses and colts, and a grand sight they were as they paraded around the ring in the trotting park.

Charles R. Watson, put up a charming exhibit of Pianos, Organs and Sewing Machines. Miss Alterton proved the tone of the pianos by playing some delightful music.

The classified entries were:—100 horses, 98 cattle, 57 sheep, 34 swine, 42 poultry, 208 roots vegetables, 91 grain and farm manufactures, 22 dairy produce, 63 wool and cotton manufactures, 46 fancy work, 41 fruit, 38 manufactures. 868 entries, 113 exhibitors, 93 prize winners.

In an address which Dr. Twitchell gave before the cattle parade, he made special reference to a Jersey cow now owned by John Connor, pointing out why in his opinion the points in the cow were worthy of special mention. This cow is about nine or ten years old, and was formerly the property of E. M. Boyer. It was impossible to get the prize list for this issue, as there is a good deal of work about it and the secretaries had not completed the same when THE DISPATCH went to press. Perhaps the most interesting part of the programme were the concluding ceremonies which were carried on in the main building. A musical programme of considerable excellence was carried out, and was heartily enjoyed by all present. Vocal solos were given by Mrs. Albert Brewer and Miss Henderson, the accompanist being Miss Alterton. The harvest hymn "We plough the fields and scatter" was sung by all present. Mrs. Neales presiding at the organ. Addresses were made by Messrs. G. L. Holyoke, C. L. S. Raymond and others.

The Horse Races.

The horse races were good and deserved a better attendance than they received. The entries in the 2-40 class were Dandy Lumps, Red Glen, Daisy Knox, Annie Rooney, John A., Earl Dufferin and Fauntleroy. Dandy
