They left that point at five in the morning, and arrived in Woodstock at half past five the same evening, covering a distance by water of 74 miles.

A SAD EVENT.—News of a very sad event comes to us from Victoria Corner. After an illness extending about three months Mrs. C. W. McCann daughter of Jas. W. Boyer died on Thursday evening last. The utmost sympathy is extended to him, and to Mr. and Mrs. Boyer. The funeral was held on Sunday at two o'clock, Archdeacon Neales officiating.

THE UTOPIA gave one of its pleasant at homes last Friday evening when a number of ladies and gentlemen gave themselves the pleasure of spending the evening in the club rooms which have recently been put through the house cleaning process. The chaperones were Mrs. Williams and Mrs. Belyea. The dancing was interspersed with songs from Mrs. A. A. Brewer and R. G. Lee and a clarinet solo by Tom McRae. A party from Houlton drove over, notwithstanding the rain, to avail themselves of the hospitality of the club.

TORY AND GRIT

Are Welcome Alike to Inspect the Big Factory.

The election excitement is intense but it doesn't keep the wagon and carriage fanciers from visiting the fine new factory of Grant, Birmingham & Co., and admiring the beautiful traps there displayed. A more complete set of buildings, and a finer assortment of carriages probably are not to be found in the maritime provinces. And the firm in making their sales are as accommodating to a tory as to a grit, and they don't refuse the money because it comes from the one or the other.

The show room is a grand apartment with the light streaming in through handsome plate glass windows on to an array of vehicles, such as can be seen cutting a dash along the main streets of our big cities. There are double and single Surreys, double and single buggies, the fashionable Concords, and in fact wheeled vehicles of every kind and color.

Two very catchy jobs that the firm have just finished, are a meat wagon for W. A. Thompson, and a milk wagon for Peabody Bros. They are built on very much the same plan, the coloring being yellow, lake and black, with gold lettering to signify the business of the driver. During the past week a number of fine vehicles have been sold for which spot cash has been paid. The buyers are: O'Donnell Bros., of Debec, two road wagons; J. T. G. Carr, Hartland, a bangor; Wm. Glidden, a bangor. Wilbur & Stephenson who are going to start in the livery business purchased a two-seated Surrey, finished in oak, canopy top, with lamps and fender, and upholstered in fawn. Also, a Bangor buggy, full leather top, trimmed in green cloth and one Corning buggy.

It would be unnecessary to attempt a description of all the work at present being turned out by this enterprising firm. Any one passing by should open the door and look for themselves at the beautiful carriages on exhibition in the show room.

To the Electors of the County of Carleton:

GENTLEMEN,

I have accepted the nomination tendered me by the Liberal-Conservative convention, and am a candidate for the representation of this, my native county, in the approaching election for the House of Commons.

I am strongly of the opinion that one of the most important questions in Canadian politics is the prohibition of the sale, manufacture, and importation of intoxicating liquors, and will, if elected, vote for a prohibitory law, and do what I can to have such a law enacted.

I am in favor of the Fiscal and Trade Policy of the present government.

As I did when I had the honor of being your representative in a former parliament, I will if elected vote for such measures as I believe to be for the best interests of this County and the Dominion, regardless of party.

Woodstock, N. B., June 1st, 1896.

To the Electors of the County of Carleton.

GENTLEMEN,

Having been selected as the standard bearer of the Liberal party, at one of the most representative Liberal conventions ever held in the County of Carleton, I am now in the field, soliciting your support for the representation of the County in the House of Commons at Ottawa. I have, as you know, been twice honored by a majority of your votes, and I look, with confidence to a repetition of your verdicts on June 23rd next.

I am in entire accord with the platform of the Liberal party—a platform made, not by designing politicians but by upwards of 2500 leading Liberals from every part of the Dominion, in convention assembled at Ottawa in June 1893. That platform fully sets forth the Liberal policy. Its issues are clearly defined and cannot be mistaken by the people of the Dominion.

I am and always have been a strong advocate of temperance, a fact known, perhaps, to the great bulk of you, gentlemen. If you will refer to my card of 1891 you will see that I placed temperance over and above party. This was my declaration then and on every and on all occasions you will find me true to these principles.—My temperance principles are well known and I will, when opportunity offers, vote for a general prohibition law regardless of party.

Regarding the Manitoba School Question I stand on the same platform with our honored leader, whose policy is one that unites the Liberal party from the Atlantic to the Pacific—a policy of investigation and conciliation.

I am gentlemen

your obedient servant,

NEWTON R. COLTER, M. D.
