A NUMBER of asphalt crossings have been laid on Main street. There will be so much less to do when the new sidewalks are put down next season. NO PREPARATION has had such a wonderful sale in New Brunswick, since being introduced into Canada, as Holloway's Red Blood Syrup. Some druggists will not keep it, on account of them not making enough profit out of it. For pale, weak, nervous persons, man, woman or child, who are run down by overwork or other causes, should not fail to use it. No preparation in the world has a better name. The Baptist church here has been singularly fortunate in having had in succession two such valuable men as Rev. A. F. Baker and Rev. J. H. McDonald. The next occupant of this field will have a hard row to hoe with two such popular predecessors.

DEATH OF MRS. ESTEY.—One of the saddest deaths of many years at Jacksontown occurred on the 28th ult., when Mrs. Fred Estey passed from this to the fuller life beyond. Although in failing health for some months past the serious character of her case was but little suspected even in her own home until she was prostrated by paralysis about a fortnight ago, since then small hope had been entertained of her recovery and the end was not altogether a surprise. A husband three sons and three daughters are left to mourn the loss of a most faithful and devoted wife and mother. But hers was not a life confined to the limits of her own home circle. She filled a large place in the life of the church and community to which she belonged, and a deep sense of personal loss must long be felt by all who were brought in contact with her, and the influence of her quiet, patient, faithful christian example will long remain.

"BEST VALUE."

How carelessly some people use those words, and then expect sensible people to believe what they say.

"BEST VALUE" is a term we never use in a general way about all our Clothing, and rarely use it even when we have some special bargain that we know is not duplicated elsewhere.

We give credit to other merchants of using good judgment and being capable of selecting good values.

Our term is "good value for the money or the money back."

That's our guarantee, and it has become familiar to the clothes-buying public.

"Good value" means everything to the person who wants clothes, and it is all they ask for. We give you all you ask for (good value) every time—sometimes a little more.

"Good value"—those Neglige Shirts, 60 and 80 cents, were 75c and \$1.
