

SAD ACCIDENT.

A Presque Isle Man Found Dead Under His Load.

The last issue of the Presque Isle Star Herald contains an account of the death of Mr. Wm. R. Belyea, whom it says was one of the most worthy and respected citizens of the town.

Mr. Belyea, who had been threshing at Mr. Merritt's on the river road to Fort Fairfield started for his home in Maysville about 5 o'clock with a team consisting of a pair of horses and a sled, hauling the separator of the machine. About half past six o'clock Mr. Fred Ricker, who was travelling with a team in the direction of Fort Fairfield, on what is known as the Blake road, on reaching a point near and just west of the crossing of the C. P. Railroad, between the McPherson farm and the main Fort Fairfield road, came to a team which had apparently been wrecked in the road in a run-away. The sled, with its load, consisting of a threshing separator and some other fixtures, was overturned, and one of the horses had fallen and was struggling in the snow. Securing his own team, Mr. Ricker went to the rescue, and by hard work succeeded in freeing the horses, in doing so cutting the reins which seemed to be caught under the load and drawn taut. After hitching the horses, he went back to the overturned sled, when he was shocked to discover the feet of a man projecting from under the load, cross-wise of the road. He at once hastened for help, which he had to go some distance to procure. Returning with some nine or ten persons residing nearest the scene of the accident, the sled and its load were righted up, disclosing the body of a man lying face downward, buried deeply in the snow, with the head covered by a bag of oats and several blankets which had fallen from the load when it tipped over, and with the ends of the reins wound about the right hand. The body was raised from its position and proved to be that of Mr. Belyea. A messenger was sent to the village for physicians, who responded at once, but their examination only verified what was evident enough before, that life was extinct. The remains were then removed to the village where they were cared for by an undertaker.

The road going westward after crossing the track, pitches downward and also turns sharply. The general explanation of the manner in which the accident occurred is that on reaching the track, knowing the road and being apprehensive of some difficulty in making the turn, Mr. Belyea dismounted from his load on the right side, and was walking alongside with the reins in his right hand and with the other bracing against the load to keep it from upsetting. It is thought that the sled slewed suddenly sideways tripping and throwing him down, and then overturned, the heavy load falling across Mr. Belyea's back pinning him down and burying his head under the articles mentioned.

An examination of the body disclosed the fact that no bones were broken, the only marks of injury being a slight abrasion of the forehead and two scars on the breast, apparently from contact with roots or stones.

The physicians incline to the opinion that death was caused by the pressure on the body and the fact that the head was buried so as to cause suffocation.

The deceased was about forty years of age and leaves a wife and two small children.

Toronto Election.

Yesterday was nomination day in the Centre Toronto election for the Dominion Parliament. The election is caused by the resignation of Mr. Lounth, Q. C., who was elected as a liberal, at the general election. He says that he cannot attend to his law business and be a member of parliament at the same time. The election to fill the vacancy will take place next Tuesday. The government candidate is George H. Bertram a prominent manufacturer, while the opposition candidate is Oliver A. Howland, who has resigned his seat in the Ontario legislature to contest Centre Toronto. There really does not appear to be much difference in the platforms of the candidates. They are both excellent citizens and whichever way the election goes Centre Toronto will be honored in its member.

The Klondyke fever has taken possession of several York County boys whose experience with the world already will be of great value to them in their proposed bold adventure. Messrs. Wilfred Coburn, son of Tyler Coburn of the Ridge, and Lee Albright, son of Ludlow Albright of Macnaquac, who were home on a farewell visit last week, form two of a party of fifteen young men who are bound for the Yukon district with their plans cleverly forecasted and their eyes wide open. This party of young men principally artisans, with one physician, put a sum of money in a pot, each contributing \$300, and with the amount they have purchased a staunch schooner in Boston and she is loaded ready to unfurl sail. In the cargo are provisions for two years, a compact rotary saw mill, engine and boiler for a small steamer which they intend to build upon their arrival, and several complete sets of tools. They will all sail from Boston harbour and traverse the rough waters around Cape Horn going via San Francisco. Upon arrival at the mouth of the Yukon river in the spring they will sell their schooner and proceed in a light draught vessel to be built there. Two brothers of the above gentlemen, Tyler Coburn and Charles Albright, have joined their fortunes with the brave adventurers, and on Saturday bade farewell to home and friends and started for Boston to undertake their long buffeting with the waves. These young men are strong and healthy, industrious and sober, and not at all afraid of work. With these valuable qualifications, and the blessing of continued health, these representatives of the vigor and pluck of York County will be sure to pile up nuggets if nuggets are to be found. They go with the understanding that if one loses they all lose; that success of one means the success of all—share and share alike. Fredericton Reporter.

B. C. OPPOSITION LEADERS

One Of Them Well Known In This County.

A late edition of the Paystreak, Sandon, B. C., says:

C. A. Semlin, M. P. P., representing West Yale district, and J. Fred Hume, M. P. P., representing West Kootenay, south riding, spent a day in Sandon this week. They are on a tour of the Province looking over the political situation. Mr. Semlin, as leader of the opposition, is widely known. He is a farmer, and is plainly a man of the people with their interests at heart. He said it was the intention of the opposition to make a fight against the government on their entire policy, but the session of parliament next winter, and the measures put forth by the government, would largely form the lines for the campaign. Mr. Hume has been in the opposition during the present government, in which party he has been best able to serve his constituency. He had not much to say about politics, but said this was a preliminary trip only.

Mr. Hume is a brother of Mrs. Geo. Balm of Woodstock, and a nephew of Robt. Hume of Florenceville. He married a daughter of David Irvine.

A REDUCTION IN PRICE.

The Globe (Toronto) is making a strong and deserving bid for circulation. Finding that the reduction in the price of paper and the introduction of typesetting machinery have made it possible to publish the paper at a less cost, the price has been reduced from \$6 per annum to \$4 per annum for the early morning edition, and the second addition has been discontinued.

This should give their circulation list a great increase, as it brings within the reach of every person a daily paper that is generally recognized as the leading paper in Canada. As there is to be no reduction in the size of the paper, and every department, including the Saturday illustrated edition, kept up to its present high standard, and considering the enormous expense that it goes to in order to give all the news every day, \$6 was not too much to pay for it.

At \$4 per annum its subscribers list should soon reach the 50,000 mark.

Beaver Line.

THE DISPATCH is in receipt of a circular stating that the Beaver Line has secured the contracts of carrying the Canadian mails to and from a Canadian port, and that a weekly service will be run between Liverpool, Halifax and St. John. The "Cunard Line" steamer "Gallia," is now on the way to St. John, having left Liverpool on Saturday.

A VERY pleasant evening was spent by the young people of Perth and Andover, in the Union Hall, Perth, on Friday last, consisting of a concert and basket supper. All the baskets were sold, the receipts amounting to \$32, which will be used towards finishing the interior of the Hall.

THE UTOPIA.—The members of the Utopia have removed the partition between the two small rooms in the rear of their apartments and have fitted the place up comfortably. They have an open fire place there and a piano and writing desk. The whole flat is lighted by electricity.

THE Maritime Pure Food Co., will soon be hard at work in the pork packing business. Mr. Green, the Manager, has gone to St. John on business. The apparatus for the pork packing work will be on hand shortly.

A Dyspeptic?

SOUTH AMERICAN NERVINE IS THE RAINBOW OF PROMISE.

Emaciated—weak—gloomy. No one can adequately describe the abject misery of the sufferer from Dyspepsia and Indigestion. South American Nervine is the greatest discovery in medical science for the cure of all chronic stomach troubles. It acts directly through the nerves—the seat of all disease. Thousands testify of cures made. Relief from the first dose.

"I was a great sufferer from stomach and nerve troubles. Tried a score of remedies. No relief. Half a bottle of South American Nervine worked wonders. Six bottles made a new man of me."—W. H. Sherman, Morrisburg, Ont.

THE PECULIARITIES OF THIS WORD

No Name on Earth so Famous—No Name More Widely Imitated.

No name on earth, perhaps, is so well known, more peculiarly constructed or more widely intimated than the word DODD. It possesses a peculiarity that makes it stand out prominently and fastens it in the memory. It contains four letters, but only two letters of the alphabet. Everyone knows that the first kidney remedy ever patented of sold in pill form was named DODD'S. The discovery startled the medical profession the world over, and revolutionized the treatment of kidney disease.

No imitator has ever succeeded in constructing a name possessing a peculiarity of DODD, thought they nearly all adapt names as similar as possible in sound and construction to this. Their foolishness prevents them realizing that attempts to imitate increase the fame of Dodd's Kidney Pills.

Why is the name "Dodd's Kidney Pills" imitated? As well ask why are diamonds and gold imitated. Because diamonds are the most precious gems, gold the most precious metal. Dodd's Kidney Pills are imitated because they are the most valuable medicine the world has ever known.

No medicine was ever named kidney pills till years of medical research gave Dodd's Kidney Pills to the world. No medicine ever cured Bright's disease except Dodd's Kidney Pills. No other medicine has cured as many cases of Rheumatism, Diabetes, Heart Disease, Lumbago, Dropsy, Female Weakness, and other kidney diseases as Dodd's Kidney Pills have. It is universally known that they have never failed to cure these diseases, hence they are so widely and shamelessly imitated.
