

NEWS FROM THE COUNTY.

DOW FLAT—TOBIQUE RIVER.

Haying is carried on very slowly on account of rainy weather. The blueberry parties have ceased to come. Mrs. L. R. Everett of this place is reported quite ill. A. Perley passed through this town today with a band of hunters. He will leave them at Riley Brook where they will accompany the Indians they have hired to pole them up the Tobique. Among the guests at the Dufferin today was G. Perkins on his way to the Forks of Tobique where he intends to spend the winter clerking for J. J. Hale. Miss Lottie Everett who has been spending a few days at Riley Brook among friends, returned home, reporting a very pleasant time. The trip to Mr. Hale's "depot" was with a number of jolly boys and girls, and was enjoyed very much. The lumbermen have again commenced to travel the Tobique, some of the boys looking very sad at leaving their sweethearts behind them. A basket social was held on Tuesday, Sept. 7, at the Dow Flat school house for the benefit of the Presbyterian minister. Mrs. Wm. Everett, accompanied by Mrs. Baker, of Boston, spent Tuesday of last week with Mr. and Mrs. J. T. Everett. Thomas Everett is building a new house which is progressing rapidly.

WINDSOR.

As I only see now and then an item from this place, I thought a few would not be amiss. The men are very busy with their harvest which is about the average crop. Hay, it is said, is a much larger yield than was expected. Miss Emma Stockford and Geneva Henderson, who have been visiting friends here, have returned to their homes via Lowell and Woodstock. There was in your last paper a note from a lady in which she claimed to beat some former writer in a quilt piecing, as her quilt had 2,312 pieces. Mrs. Eppia Robinson of this settlement, claims to be the one who beat, as she has a quilt with 3,848 pieces in the top alone. The dedication of our Union church was largely attended and all agreed in thinking it fine edifice. Mrs. James Faulkner, who is very sick, has been removed to the home of C. J. Connolly in Hartland, where she can be near Dr. Curtis, who is attending her. Game is getting very plentiful. There were two deer seen feeding along the road at once, and a morning or two after there was one walking along.

SISSON RIDGE.

Rev. A. Giberson held service Aug. 29th at Sisson Ridge school house in the morning at 10 o'clock and at 3 in the afternoon. We were heartily glad to meet with our old friend and his amiable wife. Mr. Giberson is a great Christian worker as well as a powerful speaker, and draws the attention of all. The singing rendered by him and his wife was excellent. He "fired dubs" at some of our worthy divines who were unable to deliver a sermon without the aid of pen and ink. Harvesting has not fairly commenced yet, but the farmers are looking forward to an abundant crop, especially buckwheat, which seems to bend under the weight of its life-preserving load. P. E. I. may boast of her oatmeal, but give me the pancake. Wheat, also, is excellent in appearance, and this is consoling to the farmers when times are dull. Fruit has proved a failure this year around here. Orchards that have been bearing for several years are standing with not an apple to be seen upon them, and lots of apple trees died last spring in this vicinity. Small fruit seemed plentiful, but so much wet weather ripened it early, and then just as fast it seemed to drop off and decay.

EAST WILMOT.

The weather has been very unfavorable for the farmers during the last week; but we hope it will be better now as the majority of the people have commenced harvesting. Miss Augusta Wallace has been spending a few days with her aunt Mrs. Wm. Reid. This place can boast of having quite a number of city visitors this summer among whom are Miss Bessie Everett, of St. John who is visiting her uncle Wm. Charlton, while Miss Laura Buchanan, Mrs. Asa Dickinson and family of Lowell, Mass., are spending a few weeks with their parents Mr. and Mrs. Jas. Buchanan. Adam Hunter who has been laid up for the past nine weeks is slowly recovering. Our school is being taught by Miss Kate Cahill our former teacher. Miss Hattie Crabb daughter of Thomas Crabb of Gregg Settlement is sewing at J. Margison's. Frank Buchanan has returned to Lowell after a brief visit here. Wilbur Smith of Monticello is attending school here. He intends going to McGill College the following term. J. W. Cheney our well known agent has been busy of late repairing machinery. He has a fine warehouse on the Cogswell Settlement road which is very convenient for the use of the public. Wm. Charlton is receiving congratulations on the arrival of a young heiress in his home.

SHARPEN YOUR TEETH.

- A Fair Tooth Brush for 10 cts.
- A Good One for 15 cts.
- A Better One for 20 cts.
- And Still Better for 25 cts.

NORTHAMPTON.

From the present appearance of things it looks as though the farmers would have a bountiful harvest. The residence of D. S. Gibson our well known lumberman, was the gathering place of a large and fashionable congregation of ladies and gentlemen recently—it being the twenty-fifth anniversary of Mr. and Mrs. Gibson's happy embarkation on the matrimonial sea. The guests were royally entertained and before leaving presented the worthy couple with many substantial silver articles among which was a beautiful tea service. Miss Annie Monteith returned recently from a three weeks visit to Lindsay and vicinity. Lieut. Frank D. Phinney of Fredericton paid a short visit to his friend J. J. Bull last week. Corporal A. W. Dibblee of the Woodstock Field Battery was one of the fortunate ones to be on the firing team which left for Toronto on Saturday. The picnic on Ball and Clowe's Island despite the threatening aspects of the weather terminated very pleasantly. About sixty were present and all there expressed themselves freely as having a good time. The strangers were especially charmed with the very handsome grounds for picnic purposes on the island. Mr. Clifford an American gentleman employed by the M. P. F. Co. to examine the corn planted for the firm, visited this community on Saturday. He was very much taken with the appearance of the country around, and says the factory corn here is much in advance of the Maine crop. He examined a piece of corn on the island and says if it has ten more days without frost will yield about 50 dollars worth of corn to the acre. The attention of the bridge care taker—if such an officer exists, is respectfully called to the fact that considerable trotting is being indulged in on this costly structure in spite of the fact that glaring placards warning them to walk are hung in prominent places. This matter needs looking into at once. Considerable speculation has been going on of late as to the travelling propensities of two horses in the possession of a well known merchant and farmer. An important meeting occurred on the highway from the bridge down recently. The merchant's horse maintained a good lead until the home stretch was reached when the farmers horse gained rapidly and in passing became somewhat entangled with the merchant's sulky. Happily no damage was sustained by either party. It is thought by some that the merchant's horse was a trifle overtrained, and it is hoped that a good race on the square in the near future will decide the merits of the pair. The sympathy of the community is extended to Mr. and Mrs. William Dibblee in their present bereavement occasioned by the death of their bright, smart little boy Herbie, aged 2 years and 11 months. He died very suddenly on Monday morning being sick only a few hours. It is thought his death was caused by eating poisonous berries. The funeral was conducted by Archdeacon Neales. The young family of Mr. and Mrs. Robt. Monteith have been prostrated for some time with cholera. The sad intelligence is now received of the death of their little girl Addie. The afflicted family have the sympathy of everybody. Mr. Monteith is an old soldier having served in Her Majesty's 27th Royal Inniskillen Fusiliers and has been stationed in Hong Kong, Malta and many other foreign stations. Miss Lizzie Ralston, who has been home on a visit to her parents, left for Boston on Thursday last. Alexander McGinley of Kilmarnock, who has been seriously ill with typhoid fever is said to be improving. The sociable at W. C. Bull's new residence Friday evening was quite successful and a snug sum, raised for a worthy purpose, was realized. It is said another will be held in the near future.

ANDOVER.

A much enjoyed picnic was held on Friday last on the Indian Flat. The members of the Andover Cricket Club are of opinion that doubt as to the result influenced the Woodstock club in declining the proposed game in Woodstock on Labor Day. They would be pleased to hear from the secretary of the Woodstock club concerning a game in the near future.

HARTLAND.

Geo. Peoples, having sold his residence, has purchased a lot at the lower end of the village and is erecting a house. R. W. Richardson has purchased from Allen Bradley a building at the upper end of the village, and is fitting it for a double tenement. An open air temperance rally was held on Friday evening at Carr's Corner. The speakers were Revs. Barnes, Brooks, Bennison, Blackburn, Trafton and Ross. The new hose company held their first practice on Tuesday evening, and will in future do so every week. After the practice the members of the Brigade and Band met at the Commercial Hotel and partook of an oyster stew. The band furnished music and when the meeting broke up hearty cheers were given for the brigade as well as for Mr. Bradley, at whose house the band picnic on the 10th. A grand time is anticipated and a concert in the evening promises to be something fine.

FLORENCEVILLE.

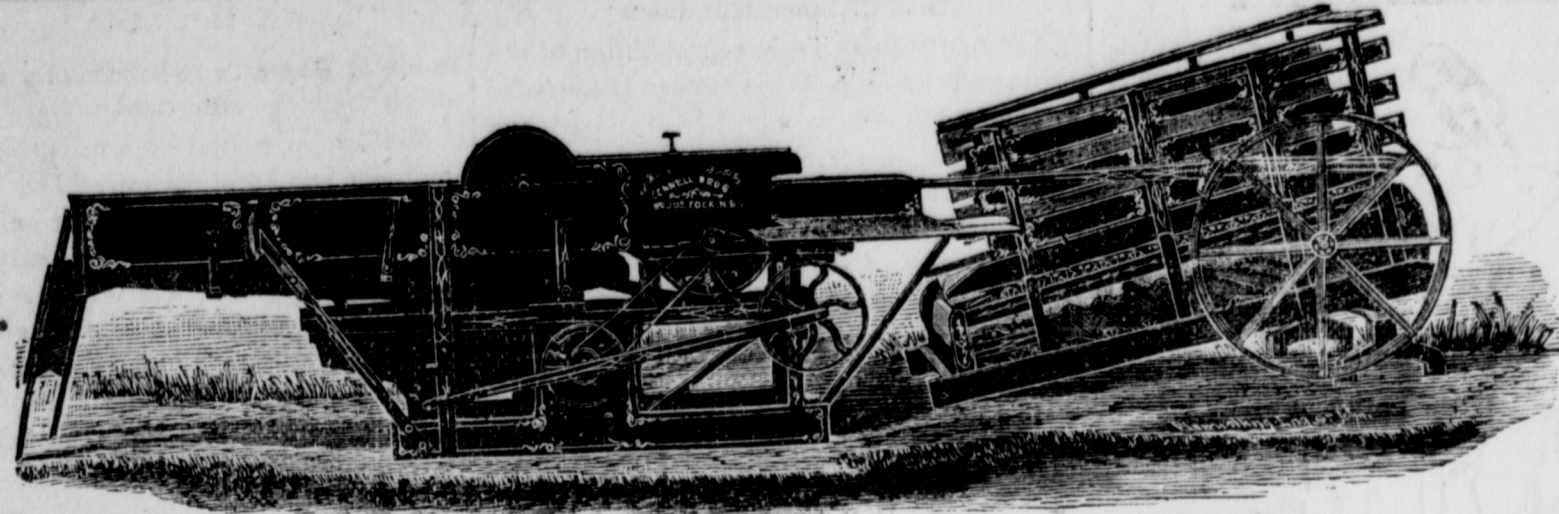

The young ladies of the Epworth League of this place intend having a supper in the Royal Templar Hall, the 22nd of this month. Supper 25cts. Proceeds to go towards repairing the church. Mr. Greaves of Presque Isle is attending the High School here. The Baptists are repairing their church, which will look very well when finished. Holland Estey is quite sick. It is feared he has typhoid fever. Mrs. W. L. McCain, who has been sick, is recovering. Misses Luella and Julia Jewett spent Sunday with Miss Myrtle Olmstead at Wicklow. William Boyer, son of Charles Boyer is ill. John Kearney will be a candidate for the County Council at the coming elections. He will be elected. Miss Appleby and Miss Rankin, Woodstock, spent Sunday with Miss Johnston here. H. H. McCain's new house is an acquisition to the village and will appear much better as soon as he cuts down some of the trees that hide it from the street. B. Frank Smith has built a new ware house at the station. He has now a building 25 feet wide by 225 feet long. He is always open to the reception of farm produce. The Brighton Engineers go into camp at East Florenceville on Monday the 20th of this month. Harry Hagerman, who has lately returned from Europe, spent Sunday with his parents here.

STANLEY, YORK CO.

The Presbyterian picnic held here last week was a great success. Although the weather was threatening yet a large number gathered to take part in the different amusements provided. In the evening a drama was given in the agricultural hall which was well patronized. After the entertainment the young people enjoyed themselves dancing, which continued until 2 a. m. next morning. Fred Gibson and Gene Clark wheeled to Fredericton Sunday morning in about three hours, a distance of thirty miles. After spending a very pleasant day with Hugh Peppers, they returned next morning much pleased with their trip. John A. Humble has returned home after an extended fishing trip to the South West Miramichi.

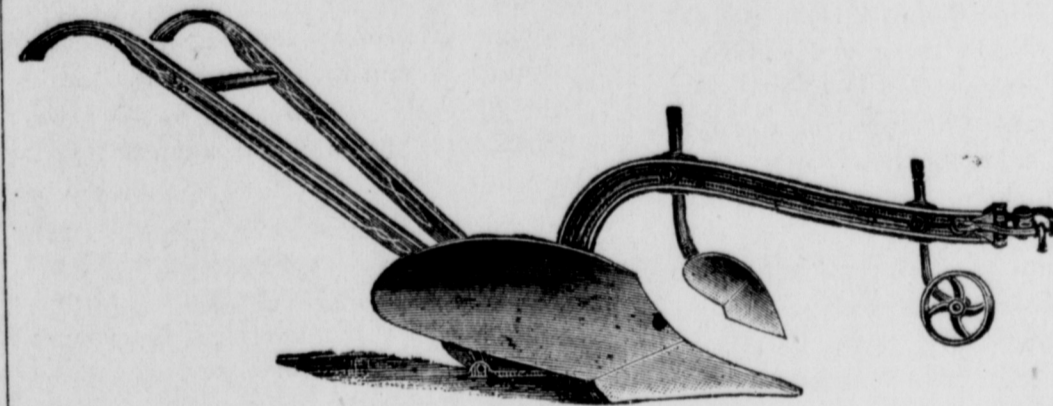

JACKSONTOWN.

I am sorry to learn that Richard Alexander is very poorly. John Mallory has gone south to spend the winter. Mrs. Austine and little Etta of Amesbury, Mass are visiting relatives in this place. Miss Sadie Everett returned to Fredericton Saturday.

You do not take any risk in buying

These new goods will positively be sold only to cover cost.

G. W. VANWART, KING ST.
WOODSTOCK.

Miss Lena Burt has returned from a visit to Hartland.

For the benefit of these interested, we would just say that a running match was held Thursday evening to test some of the high fliers. The Hartland band would have been in attendance, had it not been for a little accident, which took them away before the hour.

Mr. McKinney formerly walking boss on this section of the Woodstock & Centreville railway has been visiting for several weeks in this place.

MARRIED.

PARSONS-WALLACE.—At the Manse, Houlton, by the Rev. Kenneth McKay, B. A., Aug. 31st, Samuel J. Parsons, Esq., to Flora Wallace, of Kenney, Illinois.

Piles Cured Without the Use of Knife by Dr. Chase.

I was troubled for years with Piles and tried everything I could buy without any benefit, until I tried Dr. Chase's Ointment. The result was marvellous. Two boxes completely cured me. JAS. STEWART, Harness Maker, Woodville, Ont.

Severe Bronchitis Yields Promptly to Dr. Chase's Syrup of Linseed and Turpentine.

I used your Dr. Chase's Syrup of Linseed and Turpentine for severe attack of Bronchitis. I got better from the time of taking the first dose. Having a family of young children, my doctor's bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially. W. R. ALGER, Insurance Agent.

A parent, next to maintaining a child's health, should cultivate his will to cheerful obedience and industry. These are the qualities which it is first possible for a child to acquire, and acquired qualities are those which bring the most training and are the most praiseworthy.

THE BRIGHTON ENGINEERS go into camp on Monday the 20th inst. The men are requested to call for uniforms and arns at Capt. J. R. Tompkins, East Florenceville on or before that date.

GALLAGHER BROS have a fine buckboard capable of accomodating fourteen people. It is a beauty and will do a good trade.

You Will Miss it if you forget the Band picnic at Hartland on Friday the 10th.

Husband: "What did you think when you heard the chandelier fall in the night?" Wife: "I thought you had been detained on 'business' again and were getting upstairs as quietly as you could."
