

OCTOBER 27, 1897.

NEWS FROM THE COUNTY.

DOW FLAT.

The Tobique roads are lined with men on their way to the woods for both Mr. Hale and Mr. Estey. James Waters was in town Sunday last. Miss Blanch Reed of St. Almo is employed at G. L. Everett's for a few weeks.

BIRCH RIDGE.

Thomas Knowles, J. P., and wife drove to Greenfield on G. & N. to spend a few hours with their daughter, Mrs. John Elliott. The annual school meeting was well attended by the rate payers. A lively time was anticipated but to the honor of all, every thing passed off pleasantly.

BIGGAR RIDGE.

On the evening of Friday, the 8th, a surprise party gave Mrs. George Brooks, of North Ridge, a "rear up," in honor of Mrs. Ackroyd, about to leave for her home in Lowell.

On the evening of Sunday the 10th our young friends held a sacred concert at the residence of Asa Brooks. About thirty were present, and took part in the exercises, which passed off with great eclat, and reflected great credit on our native musical talent.

On the evening of Monday, the 11th, we had a tip-top spelling match at the house of A. Brooks. There were present over twenty candidates for orthographical honours. Mrs. Edward Brooks filled the responsible position of drill-sergeant, and handled her "company" in admirable manner.

The woods must be filling up. On Oct. 6th M. Welch passed through our village en route for Bunnhill with something over forty of a crew. On the 13th T. Lynch followed suit with quite a train of followers likewise.

IMITATORS.

Beware of Poor Imitations of the Baird's Fly Poison, the Original and Genuine Fly Poison Mat. The word MAT does not mean that they are Baird's. Look out for Bogus Fly Mats. See that you get Baird's if you wish the Genuine, which is sure to kill.

Another Imitation is one of OUR CELEBRATED Quinine & Iron Tonic.

Hundreds have been restored to perfect health by this wonderful Nerve and Blood Tonic. You cannot get the effects from a Bogus Imitation that your neighbor received from the GENUINE.

Baird's Quinine & Iron Tonic, The Baird Company Ltd., Sole Proprietors.

OUR POPULAR Mixed Pickling Spice Wholesale and Retail.

THE BAIRD CO., L'td.

Mrs. George Brooke of North Ridge has gone to Houlton to visit relatives, and collect statistics, civil and ecclesiastical on things in general. Mrs. Ackroyd has gone home to Lowell, with a budget of dominion, domestic and social news. Intelligence has been received of the safe arrival of the Misses Staten at the latter centre of commercial enterprise.

CROSS CREEK, YORK CO.

Last Sunday this place was visited by one of the most destructive gales in its history; trees were uprooted, fences laid low and buildings in general pretty well shaken. William Stewart who is in the woods cooking for James Humble, spent Sunday with his family in this place. He reports big game very plentiful having seen several moose and caribou; partridge are also numerous.

GLASSVILLE.

The usual annual school meeting was held in our school house here on the 9th, John Homes in the chair. \$100 were assessed for school purposes for the ensuing year, and John McIntosh re-elected trustee for the next three years. Rev. Mr. Dawson from Nova Scotia son-in-law of "mine host" of the Glassville House is here at present visiting friends, and supplying the Presbyterian pulpit with great acceptance.

RILEY BROOK.

The new Presbyterian church at Riley Brook was the scene of a very fine supper and very pretty concert, held by some of the ladies here and vicinity. The concert was opened by song, Grace Darling, by Jennie Stevenson, Mary Mahoney, May McKaskill, Caddie Howard, George Stevenson, Jim Stevenson and Guy McKaskill, recitation, A Great Temptation, by Rena Ross; dialogue, Mayor by J. Stevenson, Ray Ross, Mabel Howard and Rena Ross; recitation, Brave Women, by Bell Gaunce; dialogue, Canvassing Agent, by C. Hayden, B. Ross, Ray Ross, Louisa Daly, Rena Ross; recitation, Grandpa's Courtship, by Earle Gaunce; Children's Song, Whip poor will, by children; dialogue, Poor Cousin, by May Osburn, Jessie Wilson, Wilda Howard, Joe Stevenson, R.H. Ross; dialogue, Aunt Zebody, by Louisa Daly, Jessie Wilson, Wilda Howard, Rena Ross; dialogue, Uncle Nathan, by Thomas Slough, Chas. Hayden, Louisa Daly, Fred Ross, Rena Ross. Some of the young men that were unable to pay for their supper, or else were too mean, made duplicate tickets. However the parties are well known and will be looked after sharper next time. The sum of \$25.00 was realized, the proceeds to go towards finishing the new church.

ST. LEONARD'S STATION.

D. H. Keswick of Hartland left here with a crew of men for the woods. Mr. and Mrs. S. M. Richards of Edmundston spent Sunday in town the guests of Mrs. Richards' parents Mr. and Mrs. Robert Reed. Sam Sheppard has opened a general store in the Desjardis Block next to the Post Office and has Miss Louisa T. Akerly as clerk. John L. Lardy is spending his vacation in town. Miss Bessie Maley drove to Caribou Thursday and returned yesterday. The train stops here thirty minutes for supper about all the passengers take supper at the Accommodation Hotel. Charles Hammond we are very sorry to say is very sick.

SISSON RIDGE.

Last Thursday evening the district was startled by the suicide of John McFarlane, who lived with his son-in-law, Mr. Gallop. His remains were interred in the burial ground at Three Brooks on Sunday, 11th inst.

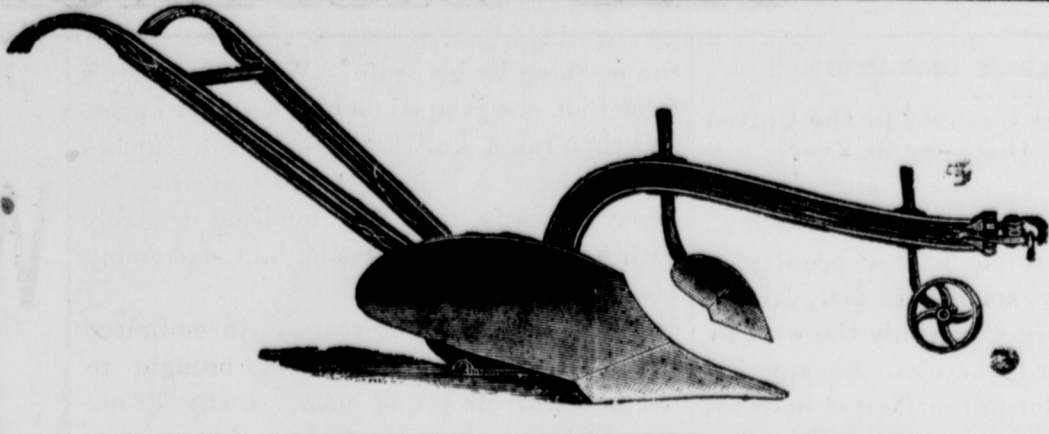

A social which was held in the school house on Wednesday evening for the benefit of the Sabbath School, proved quite a success. One of the parties which were up river hunting passed down this morning. Asa Marston, of this place, who accompanied some of the sports, has come home. Messrs. Faulkner and Day of the Ridge, captured a fine moose a few days ago. It was said the meat when dressed weighed about five hundred pounds.

ARTHURLETTE.

The municipal election took place on the 19th. The vote by districts was as follows:—

Table with 3 columns: Name, No. 1, No. 2 Total. Rows: Tweeddale (77, 27, 104), Ryan (77, 18, 95), Witherby (27, 9, 36).

The candidates each made an address, that of Mr. Tweeddale being very clear and lucid. Mr. Witherby made some charges of extravagance, but did not go into detail. Mr. Ryan claimed for the late council that they were as good men, and honestly disposed, as any, and the outcome of the election showed that the electorate thought so. D. F. Miller has returned to this community again victorious as ever. Samuel McFarlane, of Sisson Ridge, committed suicide by hanging at the home of his son-in-law, Jas. Gallop, on Thursday evening last. The telephone company are getting the poles in position. A crew of men began laying the wire

Acknowledged by leading farmers to be the best plow made.

ing civilians will soon know as much about things military as we do; which same will hurt them very much, I don't think.

FORT FAIRFIELD.

Eugene E. Holt, the laundry man, and his brother left here at noon Sunday to drive to Hartland and Woodstock. Miss Eva H. Holmes returned to her home at Eastport, Me., on Wednesday last. Miss Anna Robertson, assistant teacher in the High School, spent Sunday at her home in Monticello. Confirmation services were held in the Episcopal church here last Monday evening, Bishop Nealey being present and confirmed three candidates. On Tuesday he administered the same rite at Limestone. On Thursday last quite a number from the Fort attended the consecration services at the new Trinity Church, Andover. The people of that village are to be congratulated on having such a beautiful and convenient place of worship. Owing to the fine weather the past week and the good roads, bicycling has been indulged in lately to a great extent. Messrs. Leon Bean and Walter Collins with ladies drove to Presque Isle Sunday afternoon. Potatoes are at \$1.25 per bbl., but as every farmer in Aroostook expects a much better price later, none are bringing them in, unless sheer necessity compels them to. This has the effect of making business very dull. There was no service in the Episcopal church Sunday morning, owing to the Rector holding service at Caribou. Geo. S. Osborne and Dan Boyd, both of J. E. Hacker's establishment, drove to Presque Isle Sunday afternoon. A number of our marksmen expect to attend the "Turkey shoot" at John Edgar's, Three Brooks, Tobique, next Thursday. It will be remembered that some of the Fort boys did the best shooting up there last year. There is considerable excitement at one of the potato houses over a load of smuggled potatoes which came into town at 4 o'clock one morning last week, and which the officers caught on to and seized. The services in the Congregational church were conducted by the C. C. A. on Sunday evening, some very nice music was rendered, it being entirely composed of female solos, duets, trios and choruses.

PERTH CENTRE.

Green's new store is nearing completion and promises to look well. The large plate glass windows far surpass any in Perth or Andover. This store is a credit to the growing town of Perth. Messrs. Mayberry and Rogers are putting in water works. We fear that the two-inch pipe they are using is too small to be of any permanent value, as to meet the growing needs of Perth. At any rate it will not give that security against fire that is needed. A four inch pipe would be more in keeping, and a better investment. We also understand that it is chiefly at the instance of these same enterprising gentlemen that a telephone line is nearing completion between their wholesale and retail liquor establishment at the boundary line and their hotel in our village.

A WOMAN'S TRIUMPH. She Managed her Work so Well that It Equalled the Efforts of Professionals.

While it is well known that any woman of intelligence can do as good work with the Diamond Dyes, and at less than half the cost charged by professional dyers in city steam dye houses, yet their may be some people who doubt the statement. The following extracts from a letter written by Mrs. J. Gardner, Owen Sound, Ont., prove that Diamond Dyes are unequalled: "There was a man in our town going from house to house taking orders for a Toronto dye house for the dyeing of all kinds of garments and clothes. I had just taken off the line some goods that I had dyed with Diamond Dyes, and showed him that I could do as good work as any dye house. He honestly admitted that I was right about my work with Diamond Dyes. "Having a large family I use Diamond Dyes to economize. I have always the best of success with your dyes, and must say that I am more than delighted with your colors for dyeing cotton."

Actors, Singers, Speakers

Thousands of actors, public entertainers, singers, lecturers, preachers and readers, are tormented with throat weakness. These delicate organs being overtaxed become susceptible to head colds, influenza, hoarseness, tickling in the throat, sneezing, drooping in the throat, pain over the eyes, dry throat, etc.; all these are forerunners of Catarrh, Asthma, Tonsillitis, and are but stepping stones to more serious complications if neglected. DR. AGNEW'S CATARRHAL POWDER is powerful, painless, harmless and quick-acting, and will cure all such troubles—relieves in 10 minutes. "I can but proclaim Dr. Agnew's Catarrhal Powder a wonderful medicine, particularly for singers and public speakers. Myself and wife were both subjects of Tonsillitis and Catarrh, and never found anything to equal this great remedy for quick action and curative qualities—it is a wonder worker. I heartily recommend it to my brother professionals." Al. Emmett Postell, Actor, New York City.—37

THREE BROOKS

On Wednesday evening a thank-offering tea was held by the Three Brooks Mission Band in connection with the Presbyterian church. The band met in the house of the president, Mrs. Charles Edgar. A comfortable tea awaited the guests, the evening was spent in singing hymns and missionary pieces. Twelve dollars and twenty-five cents were realized. Murray Edgar has gone to Boston for the winter. The oat crop is not turning out as well as expected. One farmer sowed thirty-six bushel they grew well and were harvested without rain still he threshed only one hundred and seventy-eight bushel, barely five to one.

BRISTOL.

Miss Maud Sawyer, Linneus, Maine, is visiting in Bristol, the guest of Miss Bessie Boyer. Mrs. Dr. Somerville has returned from a pleasant visit to her former home in Queens County. M. A. Tompkins is building a sewer to carry the water from the railway across his place to the highway road. Commissioner McLean has sold the job for repairing the sewer in front of Dr. Atkinson's place, and John Rogers is to do the work. The Supervisor is also contemplating the repairing of the highway, near Blair's shop, where the washout occurred last spring. These repairs are very much needed and should have been attended to before. Rev. A. H. Hayward, who has been on a vacation for some weeks, preached in the hall again on Sunday evening. He is now beginning his eighteenth year as pastor of the church here. The Sunday School in the Free Baptist church has been closed for the winter. Blanchard Phillips and Robin Boyer have returned from a hunting trip to the Miramichi, but were not very successful in capturing any large game. James Carr has moved his family to Fort Fairfield, where he is engaged in the boot-making business.

NORTHAMPTON.

The splendid weather we are enjoying is a great boon to farmers and much fall ploughing is being indulged in. Misses Annie and Maria Rogers, who are teaching school in the upper part of the county, spent Sunday at home recently. A large buck deer came right in near Mr. Ellsmore Robinson's barns recently, and passed quite near to where he was ploughing one day last week. They seem quite plentiful. William Ives is seriously ill and is being attended by Dr. Hand. He has been poorly for some weeks. My friends of Miss Minnie Gibson will regret to learn that she met with a serious and painful accident recently. While house cleaning she fell backward some distance striking against the back of a chair receiving severe injuries to her back. She is being attended by Dr. Rankin. The boys are going to give Slade a good reception when the happy day come around. Rev. Mr. Chappell delivered one of his very interesting sermons, about his missionary work in Japan, in the Kirk at Greenbank Sunday morning. There was a good congregation present. John E. M. Shea has been so fortunate as to secure the general agency, of the well known publishing house of John Winston & Co., of Toronto. Mr. Shea is prepared to give lucrative employment to a limited number of ladies and gentlemen for the coming winter. His stock of books is especially good.

this morning. J. E. Stewart says the instruments will be placed in some of the houses this week.

Raffles are the order of the evening. Turkeys, geese, ducks, etc. are set up at so much per fowl and played for with cards. There is a good deal said against, and not much in favor of, this practice. Perhaps it would be considered impertinence if I said selling tickets for quilt drawings at church festivals was an equally pernicious custom, and equally deserving of condemnation.

F. B. Meagher, School Inspector, has made his annual report to the schools of the Tobique. Re the election speeches, when they first began, Kipling's "Et Dona Ferentes" recurred to my mind, for politeness was boiled down fine. But before the speech making was ended, and "You are a liar" was thrown by one candidate at another, I concluded that the danger was over, for "my country" was no longer polite.

A Bean Supper was to have been held at Three Brooks on the evening of Saturday last but has been postponed until next Saturday. Duncan Wright, Howard Finnanore and John Edgar have returned home from the lakes of the right hand branch of the Tobique where they have been employed by Dr. Morse of New York for some five weeks. The party succeeded in getting one moose.

A number of the "Regiment of British Infantry" after reading the remarks of the Imp in the issue of 13th inst feels himself aggrieved, and suggests, as a balm to his lacerated feelings, that aforesaid Imp be shipped, "some where east of Suez" as a punishment for his (t) reasonable disclosure of military secrets. If the Imp keeps on, the bloom

Before After Wood's Phosphodine, The Great English Remedy. Sold and recommended by all druggists in Canada. Only reliable medicine discovered.
