WOODSTOCK, N. B., JULY 7, 1897.

The light-hearted tramp is with us again. He is also in other sections. An Ontario paper says:—"Chicken roost and garden robberies have been very numerous, and in many cases farmers' wives, whose husbands were working in the fields, were frightened into feeding the lazy 'knights of the road.' Last week a small army of 'hoboes' were encamped in a grove east of one town and near the G. T. R., and six empty lager beer kegs found in one spot show that they were not dying of thirst. One day they killed a wellgrown calf belonging to a farmer and roasted it whole. After feasting on the 'fatted calf' they sold its skin and bought more lager. On Thursday G. T. R. Detective Holman with the local officers arrested seven tramps at the depot, and of these two were sent down for two months each, and two others got one month each. The Counties Council have decided to provide a stone pile and hammers, and all convicted prisoners will be made to work hard breaking stone, or be put in a dark cell on reduced rations." We should have some such method of dealing with our tramps, whose name is legion.

At a dinner given on Saturday last by the National Liberal Club of England, to Sir Wilfred Laurier, Lord Roseberry refused to put the toast "the colonies," and said "we have got beyond that infantile term. It is to the empire we drink." Sir Wilfred said if he were a younger man he would cherish the ambition to sit at Westminster as a French Canadian representative. This sentence, we are told in the dispatch, evoked enthusiastic cheers.

A clergyman speaking at Hull, P. Q., recently, said,—"Today it seems impossible to win an election without promising a line of railway, some bridges or whiskey." This might hold in Quebec, but do we not know that our New Brunswick electors are quite above such inducements?

A CURE FOR CHILBLAINS.

DEAR SIR,—I used Hagyard's Yellow Oil for chilblains this winter and found it most effective. It relieves the irritation almost instantly, and a few applications resulted in a complete cure.

Wedding Tomorrow.

The residence of George Murray, Benton, will be the scene of a pleasant affair to-morrow afternoon when his daughter Miss Jean Murray will be married to Mr. W. F. D. Jarvis a member of the firm of S. Arscott & Co. Mr. Jarvis and Miss Murray are very popular young people, and a host of friends, not by any means confined to Benton, will shower congratulations upon them.

HERE IS THE WAY.

To cure all heart and nerve troubles and that weak, weary, tired feeling, sleeplessness, nervousness, etc., do as Mrs. Thos. Glover, Chatham, Ont., did. Says Mrs. Glover: "One box of Milburn's Heart and Nerve Pills cured me. I was so bad that I feared paralysis, but am now well and strong, thanks to these wonderful pills."

Wedding at Bedell Settlement.

On Wednesday evening, the 30th ult., Rev. T. Miller officiated at an interesting ceremony at the residence of Mr. Hiram Kirkpatrick, when Mr. Everett H. Atkinson of Richmond and Miss Jennie W. Kirkpatrick of Woodstock parish, were married. A number of the friends and relatives of the young people were present, and extended hearty congratulations.

FOR WEAK PEOPLE.

Milburn's Heart and Nerve Pills for weak people having heart or nerve troubles, such as palpitation, throbbing, spasms, dizziness, shortness of breath, smothering feeling, pain in the breast, etc., are an invaluable medicine as hundreds of certified cures bear witness. For anemia, debility, after effects of Grippe and lost appetite they are a specific.

Death of Inspector King.

Mr. Stephen J. King, Post Office Inspector, died suddenly in St. John last Sunday morning. He came in from the country on Saturday night. On Sunday morning when his daughter went to call him, he was found dead.

A Popular Day.

The 30th of June seems to have been a popular day for weddings in this county. A long list of those who chose the last day of June to be married upon was handed to the registrar. Of some we have extended notices. Others are as follows:—

By Rev. J. J. Barnes, Charles G. Avery, Knowlesville, to Lillie Kimball, Carlisle.

By Rev. J. J. Barnes, Samuel C. Dickinson, Carlisle, to Bertha M. Shaw, Carlisle.

By Rev. W. J. Rutledge, Charles O. Much, Lowell, Mass., to Fannie A. Pickett, Woodstock.

By Rev. Wm. Deware, Wallie W. Birmingham, Brighton, to Mary S. Palmer, Wakefield.

When the hair begins to fall out or turn gray, the scalp needs doctoring, and we know of no better specific than Hall's Vegetable Sicilian Hair Renewer.

The engine hauling the 8.30 p. m. train ran off the track near the lower station last evening. No serious harm resulted.

About fifty people accompanied the band to Fort Fairfield on July 3rd. The stations all along the line contributed large numbers. The celebration at the Fort was a great success. Three cars full of excursionists and the band went to Houlton, on the 5th.

The St. John Globe calls attention to a letter from the business manager of the London Times to an official at the City Hall in which was enclosed a 5 cent Canadian stamp, for reply, with the expressed regret that the sender had been unable to secure a five cent New Brunswick stamp. A gentleman in Woodstock recently received a letter from South Africa, addressed to Woodstock, New Brunswick, Nova Scotia, Canada, United States.

The Fredericton Herald in its report of the speeches on the first of July says:—Mayor Hay, of Woodstock spoke briefly, complimenting Fredericton on the splendid celebration. He referred to Sir Wilfred Laurier in England and felt that all must be proud of the reception he is meeting there. He spoke of the loyalty of Woodstock's 4,500 citizens, and expressed his delight at being the channel through which their greetings were made to Fredericton.

W. F. GLIDDEN'S horse Firwood was in the 2.50 class race at Grand Falls last week. There were four starters Belle, Tomer, John R. and Firwood, first heat was a dead heat 2.45. Second heat won by Belle in 2.40. Third heat Firwood 2.37½ fourth heat Firwood 2.40. Fifth heat and race Firwood 2.38. Firwood also took first money in the 2.50 class at Fort Fairfield on July 3rd. After the race Mr. Glidden sold the horse to Frank Goodrow of Grand Falls.

SERIOUS ACCIDENT.—On Tuesday the 29th of June, three ladies, Mrs. William Kirkpatrick, her daughter, Miss Cora Kirkpatrick, and Miss Myrtle Carson, all of McKenzie Corner, were driving to Houlton. When they were descending Parks' hill the harness broke and the horse ran away. They were all thrown out and hurt so badly that they were rendered unconscious. They were found by a passer by and taken to John McBride's. Dr. Rankin was telephoned for and soon arrived on the scene to dress the wounds. Mrs. Kirkpatrick was very seriously hurt and did not recover consciousness for a long time. Fortunately, neither of the three ladies was fatally injured.

A RECENT Fredericton paper gives quite an extended report of the special jubilee service held in St. John's church, Ormoco, of which Rev. H. E. Dibblee is rector. In his sermon Mr Dibblee said:—"I know how possible it is that things may assume for us just now a far too roseate hue, still I think there are sufficiently good and substantial grounds for saying that during this reign a foundation has been laid, upon which generations yet unborn may build up between the great nations of the earth, an enduring structure of peace. When, to-day a people flushed with the numerous victories of bygone days, a people who can look back with pardonable pride to the glory of a Waterloo that greatest battle of modern times, when such a conquering and unconquerable people declare for peace with honor; when arbitration and not war is to be the watchword of their future, well may the world itself re-echo our triumphant song of praise, 'God bless the Queen.'"

There is hardly a child in this broad country of ours but whose heart is filled with delight at the prospect of seeing some large wild beast and their young, and while it is of very rare occurrence that lions are born in captivity yet Mr. Leon W. Washburn is the fortunate possessor of a mother and her interesting cubs. This remarkable family is to be seen in the menagerie of this big circus which exhibits here July 9, 1897. The circus features comprise some of the most startling novelties ever presented to the American public. The acrobats, the trapeze artists and the equestrians are among the foremost in the world, and the collection of wild beasts is large and very rare. An exciting portion of the programme is the hippodrome races around the track under the immense canvas. Mr. Washburn claims that in presenting this grand exhibition, he has expended large sums of money to obtain the best of everything and emphatically declares that it is his greatest effort. July 9, 1897.

The management, without the slightest desire to injure, disparage or offend smaller concerns, beg to thus briefly and candidly call your special attention to that important fact.

Furthermore, and inasmuch as under present conditions many of you most certainly can afford to patronize but one show this year, they are justified in assuming that you are most anxious to go where you are certain to get the most for a fair price and for your money; far the most and best instruction and entertainment; far the most pleasure, fun and wonder, and for both your own and your
