He has already engaged one expert workman. A site will be chosen for a building that will be erected as soon as possible. In the meantime temporary quarters will be rented and men will be set to working making cans. Woodstock and vicinity are to be congratulated that the movement resulted as it has. It would have been too bad if the thing had fallen through after such a good start. Good luck to the Canning Factory and may those in it make good money.

The members of the Utopia Club, whose reputation for charming hospitality has not abated, gave a whist party in their rooms on Thursday evening last. Belyea the lady's first. George Anderson won the gentleman's booby prize and out of regard for the feeling of a popular young lady it won't be told who received the lady's booby. Refreshments were served about eleven o'clock and after that some of the young people engaged in the mazes of a supremely proper and lenten waltz. Dr. Manzer and E. B. Manzer presided at the piano. The Chaperones were Mrs. George Anderson, Mrs. W. P. Jones and Mrs. Guy B. Manzer. The whist party was declared to be a charming affair altogether.

DRUGGISTS.

Established 1877.

Woodstock, March 15, 1897.

The following about the late Mr. John B. Lynch appears in several Ontario papers. Profound regret was expressed in civil service circles at the news of the death of Mr. J. B. Lynch, formerly accountant of the Agricultural Department at San Fernando, Cal., at the early age of thirty eight years. The deceased left Ottawa two years ago on account of ill-health and settled in Pueblo, Cal. Mr. Lynch came to Ottawa from Woodstock, N. B., where his parents still reside. He was employed for some time on the staff

of the Auditor General's Department before becoming accountant of the agricultural Department. He also performed while in the latter branch, the position of inspector of quarantine stations, and was one of the best informed men on quarantine matters in Canada. For a number of years he was President of St. Patrick's Literary Society of Ottawa and other Catholic bodies, but was esteemed and beloved for his sterling qualities and sunny nature by Protestants equally as by Catholics.
