

By and Bye.

We shall see a mighty change,
By and Bye.
See some revolution strange,
By and Bye.
All the custom of to-day,
In the past will fade away,
Life will be as sunny as May,
By and Bye.

Politicians will be pure,
By and Bye.
Doctors never fail to cure,
By and Bye.
Our officials all will be
Clear of sin and infamy,
From dishonesty too free,
By and Bye.

Not a tattling tongue we'll hear,
By and Bye.
Not a scandle wound the ear,
By and Bye.
Ministers will cease to teach
Doctrines out of common reach,
Pure religion they will preach,
By and Bye.

Sex will surely cut no ice,
By and Bye.
Women will not shy at mice,
By and Bye.
When they get the coming chance,
They will march in the advance,
And may even wear the pants,
By and Bye.

They will never wed for fame,
By and Bye.
Will not seek a titled name,
By and Bye.
No divorces will be given,
Not a marriage tie be riven,
Every home will be a heaven,
By and Bye.

Lawyers to the truth will stick,
By and Bye.
Nor attempt a legal trick,
By and Bye.
In the courts the men of fame,
And the men of humble name
Will be treated just the same,
By and Bye.

This will be our funny state,
By and Bye.
It is coming, sure as fate,
By and Bye.
Though your lips and mine be dumb
In the grave, 'tis sure to come,
With the great millennium,
By and Bye.

Chatham's Town Hall and Museum.

The newly incorporated town of Chatham seems to have had quite a jubilee on the opening of the new town building. The World says the building comprises a handsome Council Chamber and committee room, janitor's apartments, treasurer's office, court room, magistrate's and police rooms, lock-up, and commodious engine house and stables, comfortably heated by hot water and lighted by electricity, and other modern improvements. The Miramichi Natural History Association ask for a room to be used as a museum in the upper flat of the town hall. The association offers to furnish the room, at a cost of \$300.

Carleton County L. O. A.

The County Lodge, L. O. A., met with Woodstock L. O. L., No 38, on the 8th inst. George S. Wiggins, County Master, occupied the chair and there was a larger attendance than usual. There were over 60 representatives and a large number of private members in attendance.

The county master gave a very excellent annual address. During the year he had visited every primary lodge in the jurisdiction and some of them a number of times, and was able to get several of them to carry on their work more in accordance with forms and rituals now in use. He had organized one Scarlet Chapter and three primary lodges during the year.

The report was most cordially received. Later in the session, in retiring from the chair, he was presented by the lodge with a P. C. master's collar, and by a number of private members with an address accompanied by an elegant black overcoat. This elicited a very feeling address from the recipient. The coat was made by W. B. Nicholson of Woodstock.

The corresponding secretary, William Simpson, gave a full report of the standing of the order in the county. Initiated during the year, 104; admitted by certificate, 12; reinstated, 3; expelled, 4; withdrawn, 35; suspended, 46. The following is the standing of the active lodges:

Quantities of Farm Produce Goes to England via St. John.

The St. John Telegraph had a very interesting article recently on the trade carried on at Sand Point. It was suggested that "it would be a good plan to set apart a day and invite farmers and producers from all parts of the province to visit Sand Point and see the goods that are being sent away, and it might be a stimulus to them to try and provide similar goods and thus benefit the province and themselves."

"The Mantinea's cargo consists of the following: 31,150 bushels of mixed oats; 38,070 bushels of white oats, 30,000 bushels of clipped oats, 25,500 bushels of corn, 16,950 bushels peas, making a total of about 141,770 bushels, 1,000 bags of grape sugar, 4 bxs salmon lables, 10 cs cotton duff, 3 cs furs, 1 refrigerator, 133 bags clover seed, 6,260 bxs cheese, 153 sacks flour, 1,360 sacks asbestos; 3 pkgs windmills, 1,004 sacks flour, 20 standard pine deals, 1 bx harness, 310 sacks seed, 78 bdls hay, 139 bdls pulp; 66 bags flour, 50 cs cheese, and 67 standard of spruce deals."

Almost 100,000 bushels of oats were in that cargo. How many came from this county? We should try and get some of the produce of this country on those big ships, and consigned to English dealers who have the good money to pay.
