## NEWS FROM THE COUNTY.

### BIGGAR RIDGE.

One of the worst storms of the season swept  
through the village last week blocking the roads  
for miles around and prevented our mail man  
from getting here for a week.

Many friends of Mrs. D. C. Hayden will be  
glad to hear that she is getting better.  
Myra Biggar, the four year old daughter of H.  
Biggar who was burned very badly by falling  
backward in a pail of boiling water is able to be  
about again.

Much sympathy is felt for the family of Mrs.  
J. W. Scovil who passed peacefully away Sunday  
Feb. 27th after a lingering illness leaving a hus-  
band, five sons and three daughters to mourn their  
sad loss. Her remains were interred in the Baptist  
burying ground at Highlands. O. Merritt of Bristol  
conducted the service.

Mrs. C. Clowes, of Perth, is visiting her parents  
Mr. and Mrs. Thomas Harvey of North Ridge.

### UNION CORNER.

February with its many storms is past. Break-  
ing roads and doing the chores is about all there  
has been here during the month.

Mrs. Frank Chase has gone down to Keswick,  
York Co.

The parties who were away to the lumber woods  
have about all returned.

Geo. Parks, of Richmond Corner, is visiting his  
daughter, Mrs. Burnham Carpenter.

We have procrastinated so long, some think we  
will not get our usual supply of ice. There is so  
much water on top, it will be almost impossible to  
cut it.

Samuel Potter, who has been on the sick list  
eight or nine weeks, is convalescent.

### ARTHURETTE.

Rev. G. A. Gibson, arrived at the Orserite  
headquarters, i. e., the residence of George Price,  
Esq., Red Rapids, by the train on Sunday morn-  
ing.

Rev. J. R. Hopkins had service in the Church  
of England, and Mr. Puddington and Mr. A. H.  
Sisson, had service in the F. C. B. church. Rev.  
G. A. Gibson was assisted by Messrs. Sprague  
and R. Kelly.

D. F. Millen is reported to have administered  
the ordinance of baptism yesterday, at Sisson  
Ridge, to five candidates.

The snow is now deep and the getting out of  
lumber is correspondingly difficult.

Stanley L. Shaw and Gertrude Rollins were  
married at Plaster Rock a few days ago.

Misses Effie and Lottie Everett, of Dow Flat,  
are visiting friends here.

Mrs. Brewer, of Perth Centre, is visiting here.

### KIRKLAND.

Miss Lenentine has come back to Kirkland.

Mrs. Lowell has been making Mrs. Charles  
Carter a visit.

The roads have been very bad, the men were  
shovelling and driving through the roads for two  
days. One man had his harrow out smoothing  
them over.

Leslie Kennedy went up the lakes with a load  
of oats recently.

The monthly meeting of the Orange Lodge was  
held on the 1st inst.

Mrs. Thomas Slater paid Mrs. Wade a visit  
recently.

Louis Mushrow is hauling sleepers to Benton.  
There is quite a lot of slush on the Eel river  
stream at present.

The children of Mrs. J. H. McAnarlin are much  
improved in health.

### BIRCH RIDGE.

Rev. J. R. Hopkins purchased a short time ago,  
a most desirable heavy bay team.

At the rectory on February 15th, a surprise  
party was held for the benefit of William Gray,  
who has been sick for many months. The attend-  
ance was large, there being no fewer than fifty  
persons present.

Charles Dunster has his mother house-keeping  
for him again.

Harry Thomas, while engaged in topping a  
spruce tree, in the woods on his own place last  
week, had the misfortune to top, or nearly so, his  
big toe, so that Dr. Weaver found it necessary to  
amputate it at the first joint.

Our worthy pedler, Griffith, was obliged to put  
up at "Knowles' Hotel" for a couple of days last  
week, owing to the snow storm.

George Skinner will, I believe, be able to boast  
of possessing a team after a few weeks time.

I am informed that one of our young men intend  
to start shortly for British Columbia.

### LANSDOWNE.

One would suppose Lansdowne had been snowed  
under by the recent snow storms, but having a  
number of smart men and teams the roads have  
been kept clear.

The sixth anniversary of the sewing circle was  
held at G. W. Melville's on the 19th ult. A good

number was present, considering the roads. The  
next circle meets at Mrs. Geo. Gibson's.

The church was presented with a fine Bible by  
Colonel Vince. It has engraved in gilt letters  
upon the cover "Lansdowne Union Church."

The Sunday School Convention was held at  
Peel on the 22nd. Lansdowne was largely repre-  
sented. The meetings were very interesting, but  
we hear it was more interesting to some getting  
home in the storm.

Miss Cordelia Ross has returned from Wood-  
stock.

Miss Jennie Washburn has returned from visit-  
ing friends in Jacksonville.

Miss Jennie Burk is visiting her sister at Mount  
Pleasant.

Pelkey, who has returned from Island Falls.

Bert Rideout, from Bridgewater, is visiting at  
Geo. Ginson's.

Some of our young men are thinking of starting  
for the Klondyke.

### DOW FLAT.

The roads in this vicinity are in a terrible  
condition for travelling. If I were the toasters I  
should be afraid of getting an up set with such  
monstrous loads.

Sadie L. Everett is visiting friends at Dow  
Flat.

Mr. and Mrs. J. T. Everett, are visiting their  
daughter Mrs. Dr. Gardiner in Limestone.

Miss Effie Everett is visiting friends at  
Arthurette.

Mr. Wade one of our enterprising peddlars was  
a guest at the Dufferin last night. He gave quite  
a concert with his banjo and charming voice. Call  
again Mr. Wade.

George Padgett is reported quite ill.

The men are going down out of the woods very  
fast now. Most every body is getting through  
with their lumbering operations for this winter.

here in this place.

Miss Lottie Everett returned home last night  
from Arthurette where she has been visiting  
friends.

ing special services here in the Baptist church

arrived Saturday night. He will assist Mr. Stairs.

Mrs. R. H. Scott who has been confined to the  
house for some time by a serious illness is recover-  
ing slowly.

A. D. Coburn, M. D., went to Montreal last

day. He will assist Rev. Mr. Harrison in holding  
special services at that place.

### FORT FAIRFIELD.

morning on a business trip.

High school, returned on Saturday from her home  
in Monticello, where she has been spending a  
vacation, to resume her duties on Monday.

H. Price Webber will play here on Tuesday  
evening next with a full company.

Rev. G. B. Nicholson holds service now at  
Caribou every Sunday afternoon.

Wm. R. Chapman, the originator and conductor of  
the Maine Music Festivals, was in Fort Fair-  
field last Friday evening and conducted the chorus  
here of which there are 115 voices. He gave the  
chorus a pretty sharp drill, and expressed him-  
self well pleased with the voices and the work done so  
far. All present recognized the great superiority  
of Mr. Chapman as a conductor and player. He  
will be here again in about two weeks.

About thirty couple from this town attended  
the ball at Caribou, given by the Cantons last  
Thursday night. Excellent music was furnished  
by Pullens Orchestras of Bangor, but the old Roller  
Rink and the floor were not in a condition to hold  
a first class ball. If it had not been for the large  
number from the Fort the affair would have been  
decidedly flat.

H. C. Holmes, Ph. G. and wife spent Sunday  
with Mrs. Holmes' parents at Reynoldsville.

E. J. Clark, Woodstock, was a pleasant caller  
at Fort Fairfield on Thursday last.

Jack Frapp passed through this town on the C.  
P. R. on Thursday last on his way to Caribou  
where he will spend a few days.

The High school reopened on Monday the 7th  
after a week's vacation.

There was a mass temperance meeting on Sun-  
day evening the 6th in Memorial Hall. Mr.  
Taylor a specialist from outside addressed the  
meeting. Music was rendered by a double mixed  
quartette.

Miss Lela Gage, who has been spending the  
winter with her parents, Mr. and Mrs. L. R.  
Cary, returned to her home in Boston last  
Saturday.

Mrs. Mora C. Perry has gone to Boston to  
select her spring stock of millinery.

### SOUTH TILLEY.

Mrs. John Walker who was severely kicked in  
the breast by a colt, is recovering.

We regret very much to learn that the Indians  
are taking advantage of the heavy snow to kill off  
the fine herd of deer which yarded between Tilley  
and the river St. John. It is said that the herd is  
now all killed. Where is the game warden that  
he does not look after this out-of-season slaughter  
of our best game?

Spring is coming and we look forward with re-  
gret to the removal of the ice bridge and another  
summer's long drives over the bad roads around  
by Little River to Andover or Perth Centre to  
shopping. We would respectfully ask our local  
members and the Board of Works why this long  
delay? Nearly a year has passed away since our  
bridge was swept away with the ice and nothing  
has been done.

### ANDOVER.

Rev. E. O. Taylor, of Chicago, the scientific  
temperance lecturer, lectured to large audiences  
Thursday and Friday nights. The hall was crowd-  
ed both nights with attentive earnest listeners  
from both Andover and Perth and the country  
around. His subject Thursday was "That box of  
yours" in which the lecturer dealt with the influ-  
ence that beset the path-way of the young espe-  
cially young men. Mr. Taylor showed the system-  
atic organized efforts were being put forth by the  
rum party to do missionary work among the young  
and made them confirmed drinkers. Friday night  
the lecture was on "A glass of beer analyzed."

This lecture with experiments was over two hours  
long. In it he showed that alcohol ranked among  
the deadly poisons and was itself a deadly poison  
attacking the brain thus stupefying the higher  
faculties, paralyzing the nerves that govern the  
animal passions, and thus the governmental pow-  
ers being on the time destroyed the lower self  
gained the mastery. He pointed out in very con-  
vincing lines the dangers of Alcohol and Tobacco.  
Mr. Taylor's lecture was clear concise, well put and  
convincing. We all feel well satisfied with his  
lectures and especially the three ministers who  
were instrumental in securing Mr. Taylor's services.  
The collection at the door the first night was \$10.06  
and from the admission fee of 10c. the second  
night we took \$21.30. The whole of which was  
given the lecturer. The ministers footed the ex-  
penses themselves.

### PERTH CENTRE.

An oyster supper was held last week in  
Beveridge's hall to raise money for the Methodist  
church Andover, about thirty dollars was realized.

Many of the lumbermen are coming out of the  
woods now and though we are not supposed to  
have any open bar in the village or any licensed  
liquor saloon still many of the men are not long  
in Perth before they are drunk. It is confidently  
affirmed that there are no less than three practi-  
cally open bars in our prosperous little village.

Bring Health, then Beauty follows. They clear the muddy complexion, chase away Sick Headaches and Bilious Spells, cure Dyspepsia and remove all poisonous matter from the System.

Mrs. Addie Theriault, 226 Brussels Street, St. John, N.B., says: "Laxa-Liver Pills cured me of Constipation, Indigestion and Bilious Headaches. They have corrected the irregularities of Liver and Stomach, and restored my entire system to healthy natural action."

### Actors, Singers, Speakers

Thousands of actors, public entertainers, singers, lecturers, preachers and readers are tormented with throat weakness. These delicate organs being overtaxed become susceptible to head colds, influenza, hoarseness, tickling in the throat, sneezing, dropping in the throat, pain over the eyes, dry throat, etc.; all these are forerunners of Catarrh, Asthma, Tonsillitis, and are but stepping stones to more serious complications if neglected.

DR. AGNEW'S CATARRHAL POWDER is powerful, painless, harmless and quick-acting, and will cure all such troubles—relieves in 10 minutes.

"I can but proclaim Dr. Agnew's Catarrhal Powder a wonderful medicine, particularly for singers and public speakers. Myself and wife were both subjects of Tonsillitis and Catarrh, and never found anything to equal this great remedy for quick action and curative qualities—it is a wonder worker.
