### SISSON RIDGE.

One of the largest revivals that has been known on Tobique has taken place here, many new converts are coming forward and the church membership has increased from eleven to forty-six. In reading the items in THE DISPATCH from the different localities, one cannot fail to see that many places do not conform to the requirements of the Game Law. The statement of the Edmundston correspondent that 200 moose, deer and caribou have been killing within five miles of that place

A vegetable remedy for diseases arising from Disordered Liver, Stomach or Bowels, such as Headache, Biliousness, Constipation, Coated Tongue, Bad Breath, Feeling of Languor, Distress after Eating, etc.

Mrs. CLARA HOWE, Moncton, N.B., says: "I used Laxa-Liver Pills for Headaches and Liver Trouble, and they not only relieved me but cured me. They do not gripe or sicken and are easy to take."

since the season closed is rather too stiff. Is the shiretown of Madawaska such a wilderness that the game crowd into the place? But perhaps they came around for the drinks. Andover also sends up a wail over the wanton destruction of deer, some niles up the Tobique. Some one must be "stuffing" the correspondents. The writer has seen no time during the past winter that a moose could be run down; while chasing caribou is something that only the most persevering pothunter would think of. Of course since the snow got 2 or 3 feet deep, the deer were quite an easy prey, more especially if hunted with dogs. But because a few animals are killed is no reason for such a howl of selfish grief. Not a single case however of illegal killing has come to the knowledge of the writer this winter, and we do not set up as paragons of excellence when the keeping of the game law is concerned. The work mixed up with the getting of a good wide awake moose, caribou or deer is more than the animal is worth, unless they crowded around here as plentiful as they are said to do around Edmundston.

W. S. Dimock went through to Campbelltown by way of the left hand branch of Tobique. Some of Hale's works are only a mile or so from Shive's works, so there is a good road nearly all the way.

St. Patrick's Day was not very generally observed here, there being few of Erin's sons in this locality.

The ground is getting bare, and the roads very bad.

J. H. Puddington went up river on Saturday last and got as far as Everett, the state of the roads prevented him from going to Riley Brook. His horse took ill at J. T. Everett's and had to be left there.

Rev. A. H. Hayward baptized 12 persons on Sunday last, and three on Tuesday.

H. W. Lewis started on a peddling trip on Tuesday, going as far as Riley Brook. If competition is the life of trade, then trade up Tobique must have more lives than is ascribed to the cat. There is Griffiths, Salmon Wade, Mills, Crawford, Kelly, Craig, Hartley and Lewis, to say nothing of Assyrians and Jews with unpronounceable names. Then, there are the agents for machinery, wagons, sleighs, etc. Trade is a tough subject.

On Saturday evening Mar. 12, there was a meeting of the village rate payers to elect a commissioner in the place of G. F. Burt resigned. H. N. Boyer and G. M. Shaw were nominated and the vote resulted in favor of the former.

### HAITLAND.

Chas. Hurst has been very sick since Thursday last. The trouble is with his heart, and at times it was doubtful as to his recovery.

Cromwell Traflet met with quite an accident on Saturday last, while driving he was thrown from the sleigh, and striking his head against a log, received a bad wound over the ear, besides numerous other bruises.

The little bridge over the open space was carried away on Saturday and again there will be no crossing at the village till the ferry boat is launched. The crossing however one mile below is fairly good yet.

FLORENCEVILLE, N. B., Dec. 15th., 1897.

MR. W. B. JEWETT, Woodstock, N. B.

DEAR SIR,—The glasses you fitted my eyes more than a year ago are giving entire satisfaction. I have not been troubled with headache since using them. I could not do without them one hour.

Yours truly,  
NETTIE TAYLOR.
