MARCH 2, 1898.

NEWS FROM THE COUNTY.

NORTHAMPTON.

A Centreville correspondent very aptly remarked recently "How easily it snows." The last storm takes the lead for volume. It is estimated that from 20 to 24 inches fell in the woods, where work is almost at a standstill. The average depth is about four feet.

D. Henry Dibblee, son of Wm. Dibblee, who has been very low with congestion of the lungs is somewhat better. Dr. Kierstead is attending him. Owing to bad roads the usual monthly service in the school house had to be postponed.

A merandizing and well developed coon found on the barn floor of one of our farmers was forced, at the point of the bayonet, or fork, of one of the ladies of the house, to take refuge in a barrel, and afterwards succumbed to a superior force of a neighbor. His hide now adorns a furrer's shop.

Messrs. Harrison Rogers and Burns Cluff are to be congratulated on the advent of a daughter and son respectively to add to the joys of domestic life.

Geo. E. Phillips has connected his barn and engine room with upwards of 300 feet of 1 inch manilla cable, with which his straw and hay cutter are now driven with an ease, enough to drive a lazy observer green with envy.

G. Allan Bull has been very poorly for some time past.

Chas. W. Connell was one of the delegates to the F. & D. Association in Fredericton. He reports a very pleasant trip. Mr. Connell is calling attention to an invention for which he is agent adding materially to the comfort of the third person in a pung or wagon seat.

Robert Brown had quite an experience recently with a species of wild cat. Mr. Brown as it is well known is a great admirer of fancy fowls, and took a pardonable pride in his Toulouse geese. His feelings can be surmised, when on going into the poultry yard the other day to find one of his geese dead and partially eaten. To his consternation on the following day, the remaining goose shared a like fate. Driven to desperation Mr. Brown placed in position a number of steel traps and had the good fortune to gather in his implacable enemy.

We wish to extend our sincere congratulations to Mr. Gilbert Miller the young and popular fellow until recently one of "Our Boys," who was on Feb. 12th united in marriage to Miss Essie Christopherson in Haverhill, Mass.

UPPER ST. JOHN.

We do not wish to pose as a pessimist or to be classed as a well to put it mildly, prevaricator; but if we say much more about snow we are afraid that the public (if they ever read our scribbles) will put us down in the afore mentioned classes of the genus homo. But we must rise to remark that the storm of the 16th inst was a regular old time holy terror. From eighteen inches to two feet fell and it was not long coming either. And blow? well I guess so; and cold too. We will not try to tell how bad it is drifted for if we did we would not be believed and as we remarked before we do not wish to be called a—to have our word doubted we mean. The total snow fall to date in this section is a trifle over twelve feet and a good percentage of it is still on the ground and by the way the mercury hangs to the bottom of the glass it is liable to stay there till way long in haying time if not till "water diggin'." Talk about snow in Alaska, Klondike "ain't in it" in that line at least.

Hauling off the yards is progressing slowly on account of the storms and bad roads but everybody looks hopefully forward to March. Surely there must be a change then and assuredly it cannot be for the worse.

Messrs. Guy McCollom and Thos. Lynch have gone to Jackman on business. The same old story—duties.

We are informed that we must be careful what we say about Quebec in future as some of the inhabitants of that sunny clime are out for our scalp.

"There is a catchy little ditty floating around Quebec. About a petit garcon in the snow up to his neck. And when asked by a passer, my boy, are you not friz?" He answered in the language of the poet, yes, I is. And later in the ditty by the small boy we are told That such weather around and in Quebec is not considered cold But they cannot think it sultry no matter how they try When the snow drifts in the citadel are piled up ten feet high."

BRISTOL.

Robert Atkinson, who is teaching in Charlotte Co., has been spending a few days at his father's Dr. Atkinson. He returned to his duties on Saturday.

Dr. G. W. Somerville has been confined to his house for some days through illness.

Messrs. Haughn and Gillespie conducted service in the hall on Sunday evening, taking Rev. Mr.

Hayward's regular appointment. The latter is engaged holding special meetings at Hartland. The lumbermen are now mostly out of the woods. Joseph Curtis and William Rogers' crews are expected out today. Every day numbers come in from the different camps and leave by train for their homes.

H. V. Dalling, Woodstock, was in Bristol on Tuesday last.

Miss Maude Davis, Woodstock, is spending a few days with her parents.

James Boyer, one of our oldest residents, continues in a very low state and his recovery is very doubtful. J. N. Farley is recovering from his recent illness.

Robin Boyer and Blanchard Phillips are making preparations for maple sugar making, on quite a large scale this spring.

BEECHWOOD.

Mrs. Alonzo P. Maskell is visiting her parents, Mr. and Mrs. James McKinney, in Fort Fairfield, Maine.

James McKinney, of Fort Fairfield, paid the village a visit last week, the guest of his daughter, Mrs. Alonzo P. Maskell.

Rev. S. E. Currie is having quite a revival, by which he has baptized five converts. The meetings still continue.

Henry Parent is spending a few days in Fredericton, N. B.

Nelson Maskell and wife of Fort Fairfield, Me., spent Sunday in the village the guest of his parents, Mr. and Mrs. J. Maskell.

Wm. Woodward went to Andover on Monday to attend the trial of Hartgrove and Snider.

A. J. Kearney is getting some extensive repairs on the inside of his house.

Miss Alma Gee, who has been sick for some time past, we are glad to report, is somewhat better, under the skilful treatment of Dr. Atkinson.

CENTREVILLE.

The friends of Rev. J. E. Flewelling are glad to see him in their midst again. It was feared he was lost in the big storm but he informs them he was safely housed at Andrew McIntyre's, Richmond.

Herbert Corey is home from the woods.

Miss Saddler, Tobique, is visiting Verna Perkins.

Miss Fay Burr is visiting friends in Hartland.

Miss Carrie Fitzgerald is visiting friends at Gibson.

Mrs. C. A. West spent last week with friends in Florenceville.

Miss Wilmot, Jacksonville, is spending a few days in the village.

Arthur McDonald and wife from Lowell are visiting their old home.

Mrs. Hadden Burr entertained a number of her friends at a quilting on Thursday last.

The Baptist sewing circle has not met for two weeks on account of the illness of the president, Miss Bertie West.

The members of the Methodist church intend having a ten cent tea at Branscomb Rideout's on Saturday March 5th. All are invited.

Miss Ida Sherwood will hold a musical concert in the Baptist church Tuesday evening March 8th. It promises to be a grand affair.

HARTLAND.

The storm of last week blocked up the roads badly. The railway service was poor, and no mail was received from Monday till Friday.

Special meetings have been held in the village during the past four weeks. On Sabbath morning Rev. J. B. Daggett baptised two candidates and in the evening Rev. A. Hayward administered the ordinance to three, in the baptistry of the Baptist church.

A school meeting was held on Saturday evening to consider the building of a new school house. The meeting was well attended and the subject well discussed. Many were in favor of building during the coming summer, and others to defer for a year or two. When the vote was taken the motion to build during the coming summer was lost by 22 to 18.

Building is being carried on during the winter. A large barn has been erected back of his warehouse by J. T. G. Carr. Samuel Harmon's house is up and enclosed. A. Thornton's new building is nearing completion. The Baptist church will soon be ready for dedication. The interior of the church is most handsomely finished.

A pretty wedding took place in St. John on the 17th. The contracting parties were Duncan Alcorn of this village, and Miss Jennie Cathcart Watson. Mr. and Mrs. Alcorn arrived in this village on the following Friday and are guests at the Commercial. In the evening the band gave them a pleasant reception and a sumptuous treat was passed around.

Burton Nixon is home from Fredericton, having graduated from the Business College at that place.

FORT FAIRFIELD.

No less than four feet of snow has fallen in this section since last Sunday night, and today it is still on the downfall.

Harry Plummer, son of G. F. Plummer formerly of Jacksonville, will leave here in the near future to travel New York and some of the adjoining states in the interests of the Wallace & Hilton Sash Balance and Lock Company, of Providence, R. I. Messrs. Wallace & Hilton are Fort Fairfield men, and invented this very useful article in our town. We see that a company has been formed to manufacture this lock in Woodstock.

A Patriarchs, Militant Ball will be given at Caribou on Thursday March 3rd. A large number will attend from this town as a very rare treat will be offered in music by Pullens Orchestra of Bangor. As this orchestra has a very high reputation quite party will go to Caribou just to hear it play.

Dr. J. H. Murphy, D. D. G. C., went to Houlton last Monday and installed the officers of the Knights of Pythias Lodge for the ensuing year.

Frank J. Lowery, who has been spending a three weeks' vacation with relatives in Mass., and friends in Bangor is expected home the first of week. In the future he will enjoy the position of head clerk in the Fort Fairfield Clothing Company's store.

Jas. D. Partridge, who two years ago conducted a shoe store in this town, but now of St. Johnsbury, Vt., was married to Miss Stella Gammon of Caribou last Tuesday morning.

Owing to the impassable state of the roads for the past week, business has been at a standstill. One of the party of three who left here last Monday for Klondike was William Fewer of Woodstock, who has been in the employ of Sam Jewett of this town, plumber, for the past three years. These three men are members of the company of which Dr. D. J. Bell is manager. They will join the doctor and the rest of the company who have preceded them at Vancouver.

A surprising amount of interest is taken by the singers of Fort Fairfield in the Maine Music Festivals. A chorus has been formed here with "one hundred and fifteen" members, and nearly all of them make it a point to attend the rehearsals. W. W. Slocumb is president of the chorus, Rev. G. B. Nicholson, musical director, Jerre H. Libby secretary-treasurer, and there is a board of directors of seven members. Mr. Chapman of New York, the director-in-chief was to have been here last Thursday to conduct a rehearsal but unfortunately he got storm bound at Bangor.

A very pleasant and interesting entertainment was given by the Ladies Literary Society at the home of Mrs. J. F. Hacker on Monday evening last. Some very nice solos, duets and quartettes were rendered.

Of course the general topic of conversation in this town at present is the disaster to the U. S. warship, "Maine" in Havana harbor. Public feeling is pretty strong against the Spaniards.

Nothing has been heard lately of A. B. Loane who met with such a bad accident in January but it is hoped he is getting along nicely.

Geo. S. Osborne who has been confined to the house for the past six or eight weeks is slowly improving.

Edmund Miles and Geo. Tibbits drove over from Andover on Saturday last.

KIRKLAND.

We have just had a severe snow storm and very high winds, the roads are very bad at present.

John McDougall with his big cart from Woodstock, B. W. Lounsbury from Lower Woodstock, and W. O. Porter from Meductic, were in Kirkland and vicinity, where they had to remain for three days on account of the storm. They were all selling dry goods and groceries of which they had a nice assortment.

Rev. James Ross is to have meeting in the Kirk on Sunday afternoon, 20th inst.

Samuel Nicholson has returned from the woods. Miss Janie Kennedy was calling on friends at the corner very recently.

Mrs. Carter has not been feeling well for a few days.

Mrs. Thomas Saunders has a young son born on Feb. 21st.

Master Howard Crawford has not been very well for a few days.

In The Matter of The Estate
of Narcisse Marquis.

Narcisse Marquis of Edmundston, in the County of Madawaska, and Province of New Brunswick, Merchant, having on the twenty first day of February A. D. 1898, in pursuance of the provisions of 38th Victoria, Chapter 6 and the amending Acts, made a general assignment to me for the benefit of his creditors, I do hereby call a meeting of the creditors of the said Narcisse Marquis to be held at the court house in Edmundston in the said County of Madawaska, on Thursday, the third day of March next, at the hour of eleven o'clock in the forenoon for the appointment of Inspectors and the giving of directions with reference to the disposal of his estate. All creditors are required to file their claims, duly proven, with me within three months of the date of this notice, unless further time be allowed by a Judge of the Supreme County or court; and all claims not filed within the time limited or such further time, if any, as may be allowed by any such Judge shall be wholly barred of any right to share in the proceeds of the estate; and I shall be at liberty to distribute the proceeds of the estate as if any claim not filed as aforesaid did not exist, but without prejudice to the liability of the debtor therefor.

Dated the twenty second day of February A. D. 1898.

J. FRANCIS RICE,
Sheriff of Madawaska County Assignee.

NO SLEEP—NO REST.

LL do not appreciate the words of John G. Saxe, who sang, "God bless the man who first invented sleep!" But appreciation is not wanting to those who have suffered as Mrs. White, of Mara Township Ont., who became so ill with nervous troubles, that to quote her brother, Mr. Donald McKee, a well-known resident of that illustrious section of North Ontario, "sister had not slept a night for over three months. She could not have stood this much longer, and it was only when death seemed imminent that South American Nerve became the good physician. After taking the first dose of Nerve she slept all night, and gained in flesh until perfectly well, and has now no sign of nervousness. This is a wonderful medicine in the severest cases of nervousness, and the greatest flesh-builder to be found anywhere in the world.—25.

Are Your Lungs Weak?

Have you got Consumption, Catarrh, Asthma, or Bronchitis? Cannabiss Sativa, Dr. Stevens' East India Remedy, will cure you.

It has cured many cases of pulmonary consumption, pronounced hopeless by physicians. Its virtue is attested by leading members of the medical profession; by business men of high standing; by hundreds who owe their lives to its marvellous power to heal the lungs, allay inflammation, renew the vital elements of the blood and create strength.

So confident am I of its virtue that I will send a package, sufficient for 12 days' treatment, absolutely without cost, duty prepaid, to every sufferer who will send me an accurate statement of his or her case. I do not say that one package will effect a complete cure, but believe so much benefit will be derived from it that the treatment will be continued until a complete cure is brought about.

What it has done for others.

PETERBORO, ONT., Canada, Oct. 13, 1877.
"I was foreman in the lumber shanty when I was taken sick, and being anxious about the work, I exposed myself greatly, caught a severe cold, and after recovering took a heavy relapse, which terminated in inflammation of the lungs. The doctors all gave me up. One of the most prominent said it was impossible for me to get cured, or even get better, and all that any one could do for me was to give me something to ease me the little while I could live, and had me make my will. The 22d of January, 1873, I took my bed in Peterboro, and on the last of the following August, I was drawn homely on a bed, and three doctors gave me up after I came home. An abscess formed at the bottom of my left lung and discharged outwardly from that time until May, 1876. At the time I got your medicine, it was getting worse every day. Every one thought, and so did I, that death alone would end my misery. I commenced using CANNABISS SATIVA, the first of February, 1876, and after using three or four packages of the Remedy, the discharge was checked, and I was able to get out of bed alone for the first time in more than three years and three months.

"For from the 23d of January, 1873, to the 15th of May, 1876, I never was able to get in or out of bed once alone, nor never lay ten minutes off my back, nor never was out of bed one-half day at a time, and spent upwards of \$1,400 without much if any benefit, and I only used a few cents over \$20 for your medicine till I was well.

"It is now exactly eleven months since I left my bed, and I am smart and healthy, and without pain or ache, or any symptoms of the disease. For the past six months I have been able to make a good living for myself. Last fall I cradled and drew in grain."

ROBERT A. HAMILTON.
Sept., 1897.—Mr. Hamilton's health still remains good.

"My son was given up by three doctors. They said he could not live. In three days after commencing to take CANNABISS SATIVA, we could see a change for the better. It cost me hundreds of dollars for doctors before I got this remedy—and they did him no good. He was reduced from 150 pounds to 114 pounds, and in one week after he began to take the Remedy, he gained 14 pounds. After using five packages he is stronger than ever before. His recovery has been acknowledged in this place as a miracle. To God and your remedy we give thanks for it."
