The Best of all Liniments for the Household and the Stable.

For Lameness, Swellings, Sore Throat, Mumps, Rheumatism, And For all External Pains.

The BAIRD CO. Limited PROPRIETORS.

NOV. 16, 1898.

NEWS FROM THE COUNTY.

UPPER KINTORE VIC. CO.

Winter has come again ten inches of snow fell on Friday. Eight of our young men left Wednesday for New Hampshire where they will work for the winter in the lumber woods. Carle of Boston a soldier in the late American war who has been visiting friends here for the past three weeks has returned home. Miss Lizzie Christie who was threatened with typhoid fever we are glad to report is recovering. Mr. William Counts is confined to the house with a lame knee. Mrs. James Paterson has moved into her handsome new house. Mr. Wolphopt was in Kintore Thursday in the interests of the Ontario Insurance Company.

SISSON RIDGE.

The ground is covered with a beautiful white coat, the first snow storm of the season. The basket sociable and circle sale passed off very successfully. A large crowd attended and an enjoyable time was spent the amount of \$30 being raised which goes towards the church of Sisson Ridge corner. The meeting house at this Sisson Ridge Corner was raised Nov. 1st. The building is now all enclosed. When finished it will present a fine appearance and will improve the appearance of the surrounding district. By the interest some of the gentlemen are exhibiting we think they intend rolling the Plaster Rock stone over to the Ridge in the near future although perhaps quite a dangerous or difficult undertaking. Mrs. Chandler Brown of this place was removed to her father's home in Arthurette for the winter. Mrs. William Ellis and family have moved into the Edgar house across the road from the Post office.

JACKSON TOWN.

The first snow storm of the season has arrived giving everything the appearance of early winter. Several of our farmers have disposed of their pork to H. H. McCain Florencia. Hallow E'en was duly observed by the small boys and ploughs and hen coops occupied lofty positions among the trees next morning and not a few of the farmers lost their tempers hunting for missing articles. Harris Estey returned on Saturday from a trip to Boston. Miss Jennie Estey is spending a few days in Woodstock. Mrs. B. Brittain Wakefield, is visiting at her sisters Mrs. E. A. Estey's. Duncan Hannah spent several days last week at Bridgewater Centre Me. Miss Lina Burt celebrated her birthday by inviting a large number of her associates to spend Friday evening with her. They had a very enjoyable time and Miss Burt was made happy by receiving some very nice presents. A number met and did a lot of ploughing for Edwin Estey on Wednesday afternoon. In the evening after partaking of a bountiful oyster supper the young folks had a pleasant time. (From Another Correspondent.) Miss Lena Burt entertained a number of her friends Friday evening 11th, in honor of her twentieth birthday. Although the severe storm succeeded in keeping a number from a distance away, not a few availed themselves of the pleasure of attending, and with the coming of the sleigh bells again, every heart seemed happy and full of mirth. The evening was spent in playing games and singing and music on the organ and violin, given by several of the guests. Then came refreshments, which all can look forward to with pleasure and enjoy. Miss Burt entertains well and the number of presents received proved the esteem in which she is held by her many friends. The company dispersed at a late hour, with the hope that many more birthdays would be celebrated during the winter months. The following are the guests who were present:—Miss Laura Anderson, Miss Ethel Gallivan, Miss Della Hannah, Miss Lena McLeod, Miss Elva Manuel, Miss Blanche Estey, Miss Bertie Dewitt, Miss Hattie Kitchen, Miss Nellie York, Miss Reta Elliott, Mr and Mrs Harry Good, Milton Anderson, Henry Gallivan, Richard Gallivan, Randolph Hannah, Tyler Hannah, Duncan Hannah, Charlie Cross, Guy Estey, Jasper Good, Alonzo Bover, Homer Kimball, Juddie Kimball, Guy Birmingham.

BATH.

On Saturday evening last, Prof. Fox, who has been holding singing and band lessons here for the past four weeks concluded his term by a grand concert in Phillips hall. The concert commenced at 8 p. m. and long before that time the hall was crowded by representatives from all parts of the county. The programme consisted of selections by the singing class, by the Wicklow Brass Band, the Vicopia Orchestra, quartets, violin solo and song by Prof. Fox, song by Mr. Seelye of St. John, declamation and song by Mr. Morton of

the Woodstock press. This was the most delightful entertaining concert ever given at Bath and Prof. Fox deserves the greatest credit and praise for bringing his pupils to such a stage of perfection in such a short time, and also for affording the public such a rare treat. The whole programme was carried out without the least hitch and everything went off very satisfactorily and a number of encores which were happily responded to, showed that the audience was quite appreciative of good, first class music. Prof. Fox bade farewell to his pupils but promised to return in the near future to give a lighter course of musical instructions. At present he is engaged between Florenceville and Beechwood with singing classes.

For two days last week we had good sleighing but now we have neither good sleighing or waggoning. On Saturday evening, Hugh Ryan, a highly respected resident of Johnville, departed this life. He has been ailing for some months and his death was not unexpected.

The "Armless Wonder" who can manipulate his feet with greater skill than most people can their hands, has lately been visiting Johnville with the intention of giving an entertainment. We did not hear the date of the entertainment. He also tells fortunes as a side line.

The Ancient Order of Hibernians, an old and respected Irish Catholic Society, was organized at Bath some time last month with a charter membership of twenty-three; and a bright prospect of swelling the number of members in a very short time to over fifty. Messrs. Brown, McManus, Troy, Malaney and Cogger of Woodstock, and Dick Owens of Newburg, were present to help establish the order and to aid otherwise. After the business was completed a nice little dance and supper was indulged in. The Order meets on the last Saturday of each month at Philip's hall, Bath. Alex. Hamilton and family and Hiram Drost and family have lately moved into their new homes which they have built this fall.

Catarrah and Hay Fever.

If it's Hay Fever that is the bug-bear of your life, you won't know the pleasure of freedom from it till you've tried Dr. Chase's Catarrah Cure.

Skimming Station at Simonds.

On Nov. 1st, a skimming station was started at Simonds in connection with the Creamery of Mr. Geo. E. Phillips of Northampton. It is now being operated three times each week by Mr. A. Delbert Alterton, of Bloomfield, Carleton Co. The patrons of the station are as follows,—S. Colwell, D. F. Munroe, Aaron Shaw, W. C. Rideout, Chas. Ebbett, Odbur Shaw, Nat. Shaw, Daniel Shaw, Geo. Raymond, Robt. Mein, W. N. Raymond, Whit Ebbett, Wm. Grear, Mrs. Eliza Raymond, Norvel Grear, Marvin Shaw, A. W. Shaw, Jas. Christen, Chas. Raymond. There are a number of others who intend sending their milk as soon as cans can be procured. The quantity of milk received on Nov. 1st, was 1543 lbs., and since that time as high as 2500 lbs. has been received in one day. The total quantity of milk received up to the 11th inst. was 11000 lbs., which is an excellent showing for a station started at this season of the year. The people of Simonds are to be congratulated on having been the first in the county to lend their aid toward the establishment of a scheme of this kind, and after having been associated with them more or less since the station was started I feel assured that the success of the station will be grand. The building used is 18x24 ft., with an ice house at one end. It is shingled and ceiled which makes it comfortable for winter work.

The plant consists of a Standard Russian separator having a capacity of skimming 1500 lbs. of milk per hour, a 6 H. P. steam boiler, milk receiving vat, tempering vat, which makes a fully equipped skimming station.

A number of the patrons are buying cows and intend keeping more than ever before. Mr. W. N. Raymond only had six when the station was first opened and he now has 15. He intends buying thirty before spring. The milk is being paid for according to the per cent of butter-fat it contains, 17cts. being paid per pound of fat, at the present time. I ran through the separator on the 7th inst, 87 pounds of milk that had been previously skimmed by the gravity method and succeeded in getting 3 1/2 lbs. of cream that would test about 30 per cent of fat which would make about 2 lbs. of butter. The milk had been sitting about 30 hours, this should convince the most skeptical that centrifugal force is absolutely necessary to obtain all the cream from the milk. An example of this kind is one that should help to prove that Dairying will pay if properly conducted. J. F. TILLEY.

P. S.—A station will be started at Richmond Corner about the 21st, where a fair quantity of milk is expected, and I was asked by a large farmer at Debec yesterday to try and get one started at that place this fall.

We notice in all the newspapers of Canada hearty congratulations extended to "THE FAMILY HERALD and WEEKLY STAR," of Montreal, on their picture this year. The picture entitled "THE THIN RED LINE" is a battle scene, and is immensely popular. The "FAMILY HERALD and WEEKLY STAR" we notice is 24 pages this week. A twenty-four page paper like the "FAMILY HERALD and WEEKLY STAR" and a picture like "THE THIN RED LINE" all for one dollar is marvellous. The equal of it certainly has never been seen before.

Baby Eczema and Scald Head.

Infants and young children are peculiarly subject to this terrible disorder, and if not promptly arrested it will eventually become chronic. Dr. Chase made a special study of Eczema and disease of the skin, and we can confidently recommend Dr. Chase's Ointment to cure all forms of Eczema. The first application soothes the irritation and puts the little sufferer to rest.

MARRIED.

FINNAMORE-GIBBERSON.—At Andover, Oct. 26th, by Rev. H. G. Gratz, George H. Finnamore to Miss Mina E. Giberson, both of Arthurette, Vict. Co., N. B. GRAY-IVEY.—At the Queen Hotel, on 9th inst., by Rev. Thos. Corbett, Mr. Melville C. Gray, of Pembroke, to Miss Lizzie D. Ivey, eldest daughter of Mr. George. Ivey, Debec, Carleton Co., N. B.

How it Works in Maine.

Speaking of the rapid increase in divorces in some Maine courts, the Oxford Democrat thus calls attention to what, it is to be hoped, is an exceptional case. Among the divorces granted by the Oxford county court at the February term, 1897, were two in which we will call the parties respectively Jones and Smith, because these are not their names. On the 1st day of March, 1897, ten days after the adjournment of court, Mr. Jones married Mrs. Smith. On the 14th of October, 1898, a divorce was granted Mr. Jones from Mrs. Jones. Two days after the court adjourned Mr. Jones entered upon a third matrimonial experiment, and ten days after Mrs. Jones followed his example. Each is now seeking connubial bliss with the third legal spouse within a space of 21 months, and all parties to the several experiments are living.—Ex.

Grand Variety

—IN—

FALL and WINTER GOODS.

Our stock is a delight to Ladies' who are interested in FINE WEARING APPAREL.

GEO. W. GIBSON, TAILOR,

Opera House Block,

Queen Street.

There's Style

In Glasses as well as in Dress.

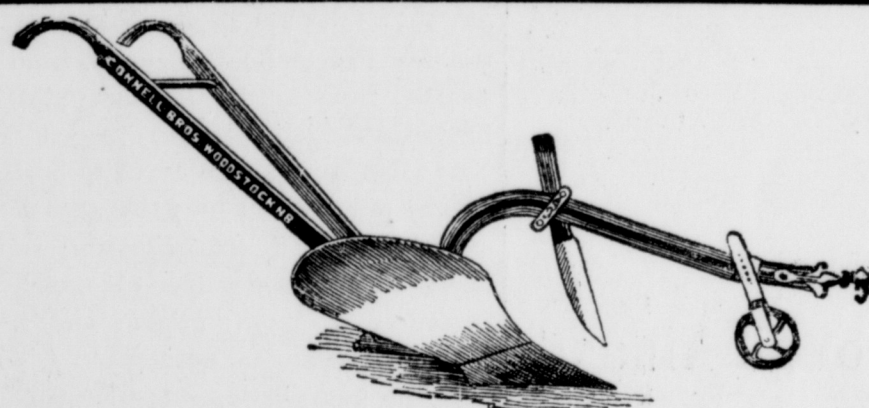

The deep-rooted objection to the use of Glasses on the ground of unsightliness is entirely removed by the artistic effect produced by modern methods. Improperly-fitted frames are at once a disfigurement and a menace to health; the effect of a perfect glass being annulled or distorted by this means. I carry a large and well-settled stock of Spectacle and Eye-Glass Frames, in Gold, Gold-Filled, Non-Tarnishable Alloy and Nickel Steel and guarantee a Perfect Fit in both Frames and Lenses. Prices reasonable. Rimless and Special Frames made to order. Eyes tested free.

THE GEM PIN CO., Freehold Building, Toronto, Ont.

Liberal Organization Meetings.

At the Liberal Convention held at Woodstock, Oct. 28th, it was decided to thoroughly reorganize each Polling District in the county, and in order to carry out this decision the following meetings will be held at the times and places mentioned below:

- Nov. 16th, Grafton, 7 p. m.
 - " 17th, Watson Settlement, 2 p. m.
 - " 18th, Woodstock Town, 8 p. m.
 - " 19th, Woodstock No. 1 Parish, 8 p. m.
- At all of these meetings Mr. J. C. Milligan of St. John, Secy Provincial Liberal Association, will be present to assist in organization, and the temporary chairmen appointed at the recent convention are expected to make necessary arrangements and to notify Liberals in their respective districts of the plans where the meetings are to be held. JAMES WATTS, Woodstock, Oct. 29th, 1898. Secy.

To snuff a candle out accidentally is a sign of marriage. To turn down a lamp intentionally is the sign of courtship.

For Sale.
