BATH.

Johnville will grow very grey before it again experiences such a time of rejoicing and merry making as it enjoyed on the 29th of June, when

Henry Corcoran and Kate Kilfoil were united in the holy bonds of matrimony. The sacrament was performed by Rev. Father Murray in the morning and a great dinner was given immediately after, at John Kilfoil's, father of the bride, where more than fifty couple were set. In the evening a large cowd of invited guests and well wishers, about two hundred all together, assembled to do justice to the occasion. It was especially noticed justice to the occasion. It was especially noticed that the number and value of the presents was exceedingly above the average, the reason is probably that the young couple were extremely popular with everybody. Dancing, singing and other amusements too numerous to mention, were indulged in till the rising of the next day's sun when the guests, completely satisfied with the pleasure and good things, betook themselves to their several

ANDOVER.

Our schools are closed and the children are now rejoicing in holidays. Miss Baxter our primary teacher closed a few days early to attend the teachers convention in St. John. Mr. Elliot, B. A, teacher in the Grammar school department, and T. C. Carter have gone to the head waters of the Tobique for a two weeks fishing excursion.

The public examination in the Grammar school was held on Thursday June 30th. Our school is showing solid progress along the various lines of But there is need of more equipments. The library is good and contains some choice selections, but it is very limited. There should be steps taken to increase the books of reference and to make our school library the nucleus of a public library for the school and village. Then the science department is very poorly equipped. The ingenuity of the teacher is often taxed to contrive apparatus out of odds and ends which too frequently prove a poor substitute and destroy the real usefulness and interest of profitable experiments. A few dollars spent in this line would greatly increase the efficiency of the study of the elements of science. It would serve more deeply to interest the scholars and be a boon to our teacher and proof positive of the growing interest of the Board of Trustees in the school for which they have done so much.

Rev. H. G. Gratz assisted by another gentle-man whose name is with held have helped the school much this term by offering two prizes for the two best all round papers in mathematics. the two best all round papers in mathematics. These prizes were open to all grades in Grammar school department and the marks it would seem were keenly wrought for by all grades. The first prize, a handsome leather bound writing desk, was won by Master Harold Perley, with an average of of 269 marks out of a possible 300. His marks in arithmetic were 89, algebra 98, geometry 82. This month Harold will stand his examination for en trance to college in September. The second prize one of the pest gold fountain pens (Waterman's Ideal) was won by Miss Jennie Curry with an aggregate of 239 marks out of a possible 300. Arithmetic 70, algebra, 75, geometry 94. Others who followed closely were Bessie Curry, Annie Baird, David Upham and May Green. Geo. T. Baird, (senator) has offered prizes in two or more subjects for next year. We think it is well for the friends of the school in this way to show their interest in the school by offering prizes for prointerest in the school by offering prizes for proficiency along the ordinary lines of the course of study. Our school sends up to the provincial teachers entrance examination seven candidates viz: Lena Larlee, Perth Centre; Ethel Armstrong, Jennie Curry, Sadie Tibbits, Andover; Mary Walker, Emma Walker, South Tilley; Annie Baird, Bairdsville. Harold Perley stands the matriculation examination for college.

We are looking forward with interest to the 12th. The county celebration of the Orange Lodge of Bairdsville, Four Falls and Andover is to be held at Andover. No effort will be spared to make this celebration a success. Lodges will meet in Andover Orange Hall at 10 o'clock, walk to commence at 11 o'clock sharp, and to be from the Orange Hall to Court House and retnrn, after which dinner at the usual price will be served to all by the ladies of the Presbyterian church. After dinner speeches will be made appropriate to the occasion. We hear talk of a horse trot, bicycle race and a general course of games and athletic sports late in the atternoon, throwing the hammer, putting the shot, high jump, sack lace, egg race, etc., see large posters. Tea will also be served, full course of refreshments will be served on the grounds by the committee of the Orange Lodge, Andover.
