Tornado Thresher and Little Giant Horse Power.

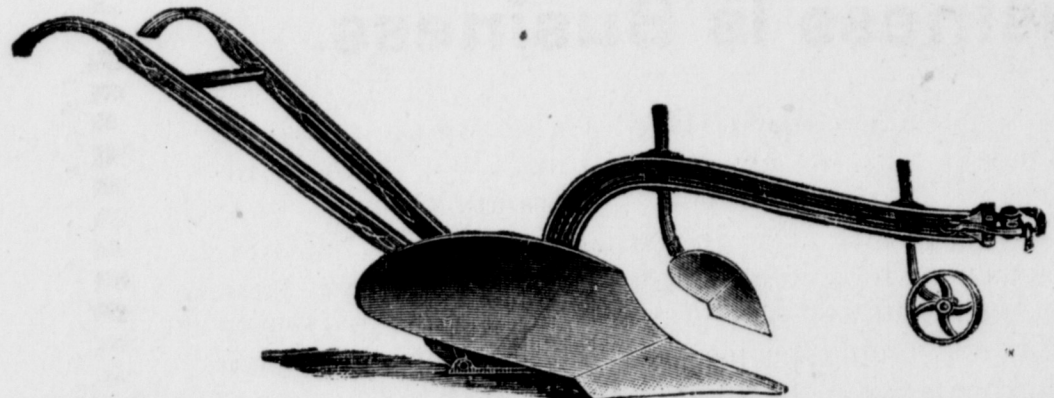

After spending many years in the study of, and thousands of dollars in experimenting on Threshers, we have succeeded in building a machine which possesses in the greatest degree all the essential and desirable qualities of a perfect thresher and cleaner. We have the best machine in the world. It threshes out all the grain from the straw, and cleans without wasting it. We furnish a whip with each machine that prevents waste of grain.

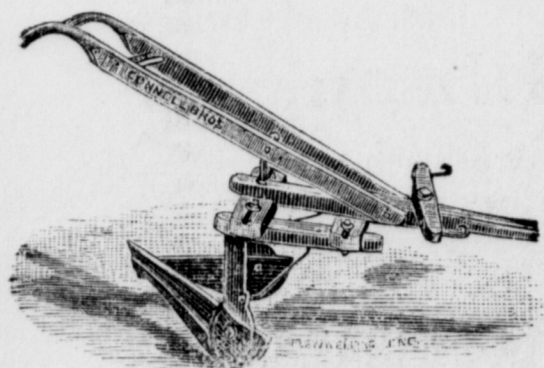

This is our **CHILLED PLOW, Steel Beam**, in two sizes with Moldboards harder than the hardest steel.

This is our **STEEL PLOW**, in two sizes, with moldboards of Finest Cast Steel with soft centre.

This is the **Syracuse Plow**, Two Sizes, with Moldboards of Finest Cast Steel with Soft Centre.

STEEL HORSE HOE, the only one that does not clog or rust; always wears sharp and never breaks—in fact THE modern Hoe.

We also make the **CAST IRON HOE**.

Our **TORNADO THRESHER** and **LITTLE GIANT HORSE POWER** will thresh faster and clean grain cleaner than any other machine in Canada; it is the Lightest and Strongest Machine in the market.

STEEL CULTIVATORS always on hand.

STEEL SIDE PLOWS, HORSE RAKES and **MOWING MACHINES**.

QUEEN STREET,

From The White Mountains.

Mr. Editor:—As I have never seen any news from the great summer resort of America I hope that a few words may not come amiss. In the first place I would say to those who have never been in the "Alps of America" but who intend coming, "You will be disappointed when you get here—pleasantly disappointed." Everything is grander more majestic more sublime than even the most fertile mind can imagine. From the time you get to Sebago Lake, shortly after leaving Portland on the M. C. one passes through a regular panorama of the beautiful and grand. On entering the Crawford Notch the train begins the ascent of the mountains and the rate of speed perceptibly diminishes. At Interval Junction the scenery is picturesque in the extreme and holds the tourist who is making his initial trip, spellbound. Soon we reach the "Willie House," the site of the famous Willie House slide which buried a family of six beneath its thousands of tons of rocks and dirt. Next we come to the "Crawford House," surrounded by its fine grounds but not yet opened for the summer. Next comes the Mount Pleasant which is undergoing extensive repairs. Next comes the Fabyan at the junction of the Boston and Maine. O. G. Banon is already on the ground with a large staff of help getting ready for the rush. Then comes the Twin Mountain House where the late Henry Ward Beecher has held so many people spellbound from his pulpit. Leaving the train here we take a team and are driven to "Maplewood" probably the finest and best equipped house in the mountains. The Maplewood claims the distinction of being the only hotel in America that runs its own theatre. The Casino is a large building of unique architecture. It contains reading and recreation rooms, music and lecture rooms, a dancing pavilion and a rotunda with a seating capacity of over a thousand people. One mile from Maplewood is Bethlehem commonly called "the sheet" one of the prettiest places that ever met the eye of a lover of beauty in either nature or art. Here we find the "Sinclair," and fifteen handsome cottages. Three miles from Bethlehem is the "Echo Hill House," and five miles farther the "Profile House," with its "Old Man of the Mountain" standing grim sentinel on the cliff four hundred feet above the valley. Had we time or if the editor would grant us space we might go on indefinitely trying to describe the beauty of this most beautiful of summer resorts but we do not wish to have the editor's wrath directed against us, nor are we the advertising agents of any railroad or hotel company, so we will close with kind wishes to our New Brunswick friends.

Base Ball

One of the best games of base ball seen in Woodstock for a long time took place in the park last Friday. The playing was sharp on both sides, and although Woodstock was leading by three runs in the beginning of the eighth inning, it is hard to say which team would have won. In this inning Iott one of the Houlton players was playing off 2nd. base when the pitcher threw the ball to Courtney to head him off, Courtney caught the ball and put it on the runner's face, which happened to be nearest to him. Iott became enraged and shoved Courtney away from the base. The umpire, Mr. Ryder, decided that Mr. Iott was out. The incident caused much ill feeling, and doubtless will put an end to any further games between the two towns. Drysdale, for the Woodstock club, caught two very difficult flies. The score is as follows:
Woodstock,.....0 0 0 4 2 0 0 0—6.
Houlton,.....0 0 1 0 2 0 0 0—3.

Doan Cured Him.

"This is to certify that Doan's Kidney Pills cured me of serious kidney disorder. I had pain in the back, my urine was high colored with a great deal of sediment. Doan's Kidney Pills have made me perfectly well, and I highly recommend them." F. Healey, Amherstburg, Ont.

On The Old Camp Ground.

The 67th batt. left for their annual camp in Sussex, yesterday morning. It was announced that the train would leave here at 8 o'clock standard, and there was only about half an hour's extra delay which reflects credit on the arrangements, of both the military, and the railway company. Capt. Baker and his Madawaska Company left Baker Brook at three o'clock on Monday afternoon. They stayed over night in the public hall at Edmundston. The battalion is made up of nine companies, and includes rank and file over 400 men. They are a good, substantial looking lot of chaps. The Hartland Band, in uniform accompanies the battalion. They disembarked at the Lower Station and played some excellent music. Recent promotions have been made in No. 1 Co. Lieut. Anderson is promoted to Captain, vice Bourne promoted to paymaster, 2nd Lieut. Bull becomes first lieut., vice Anderson promoted. Col. Baird commanding was on deck in good form, and Capt. and Adjutant Raymond was strictly attentive to business.

The boys in red are off to Sussex for the annual camp, and the boys in blue are in the Doherty field handling the big guns and the big horses. The Woodstock Field Battery No. 10, Lt. Col. Dibblee commanding turned out on Monday morning. The force has been increased to 100 men, 46 horses and six guns. As the field formerly used for drilling next the road is not large enough for this increased force, the drilling this year will be in the 15 acre field to the rear of the tents. The battery is short of commissioned officers, only three being on duty; Col. Dibblee, Lieut. Good and Surgeon Hand. Sergt. Major Scott is also absent on leave. The sergeants this year are Sgt. Maj. Vanwart, Quarter Master Sergt. Fields, Farrier Sergt. Arnold, Sergts. Toms, Dysart, Smith, Taylor, Dibblee, Baker. The corp expect to do some good work this year. Before another camp they will be supplied with the new breech loading guns.

The War.

The centre of interest just now is in the country round about Santiago, where several thousands of American forces have landed. An engagement occurred between the Americans and Spanish in which the former lost some twenty killed and fifty wounded and defeated the enemy. The Spanish loss is unknown. The Americans are now drawing on to Santiago, and a severe engagement may be expected any time. Santiago is said to be well fortified. It is said that the Merimac sunk by Hobson and his men, does not block the entrance to Santiago. An American invasion of Spain is the latest proposition.
