NEWS FROM THE COUNTY.

LAKEVILLE.

Wilson and White are moved into their new store and are prepared to wait on all customers. H. P. Carvell and wife have just returned from Fredericton where they have been for a short visit. J. R. Fowler has removed his blacksmith shop to higher and drier ground where it will be more convenient for himself and his customers and he will have a better view of the surrounding country. Robert Carvell has been busy for the past week or so clapping a part of his house which very much improves the building. Quite a number from this place attended the basket social at John Coffie's North Richmond on the 29th coming home in the wee small hours of the morning sleepy and tired. They enjoyed the social very much. The water seems to be getting very low. Several of the mills have shut down on account of no water, but as yet Lakeville has all that is needed and is making good use of it. The mills are kept quite busy especially the grist mill. H. M. DeForest sen. a very old man has been sick but is improving. His son and daughter also have been sick. Mr. and Mrs. A. B. Carvell are expected home the first of October. The threshers are kept quite busy but they report grain very poor especially the wheat. Potato digging is the order of the day but they say they are turning out a very poor crop.

GRAND FALLS.

L. B. Knight, chief game commissioner of the Province, was here last Friday looking the country over with a view to preventing illegal killing of game and gathering information that will be valuable to sportsmen who want to go into the woods from this point. Moses Burpee, Chief Engineer of the B. & A. with his wife drove over from Limestone last Friday. They left on Saturday. Miss Carrie Thompson, Fredericton, is visiting her friend Miss Rainsford here. Mr. Bailey is relieving Mr. Hallett, the station agent, who is taking a holiday. The Provincial Government might advantageously devote a small appropriation to the masonry of the suspension bridge here. Its condition cannot be called at all dangerous, but a small expedition expenditure now will save a very large one later on. Dr. Doherty from St. John, a gentleman with an excellent professional reputation, is practising medicine here. Mr. Elliott, a civil engineer, is here making a final report on the feasibility of using the power of the falls for the manufacture of pulp and paper. He has made an exhaustive survey and examination and is just about completing his report. Though no work will be done this fall it is probable that spring will find a big crew of men at work here. When the Grand Falls pulp mill does come it will be the biggest in the world.

EDMUNSTON.

Miss Sadie Anderson, Calais, who has been the guest of the Misses Babin here for some weeks left on Thursday last for Houlton. Milton Dayton got a Moose this season. T. M. Richards and Edgar Golding returned from a fishing trip last Thursday night. John S. Eagles, a popular representative of Merritt Bros. left here last week with his wife on a Moose hunting expedition. Mrs. LeB. Miles and her son were here last Thursday on their way home from Campbellton. Election day was distinguished in Edmundston by a fight in front of the Court house. The contestants were a large man and a small man. Shorty did his man up in good style. The big fellow resorted to the use of stones when he got on his feet but the friends of the small man had taken him away. Damages were assessed last Wednesday in the case of Miss Agnes Albert vis Will Swazie for breach of promise. The young lady claimed 5,000 and the jury gave her all she claimed. Stenens and Lawson for the plaintiff and G. F. Kertson for defendant.

ANNOVER.

Miss Violetta Beveridge, R. P. Murphy and his brother Sherrif Murphy left on Tuesday last for Rat Portage Ont. Enoch Lovely is putting a cellar under his hotel at Perth and is enlarging and improving his house. The water works are getting along much better than the Woodstock Gaol. Mr. Porter who has the Contract has a large number of men at work and is pushing the thing rapidly. Joe Fewer is laying the pipe. Tim Felds and Jim Montgomery are here with him. Mr. Gallagher and Mr. Tremlet were here last week erecting a monument on the Porter lot in Cemetery.

EVERETT.

The leaves are turning very fast. Our teacher accompanied by her scholars spent one night this

week in gathering them all colors and went home looking very gay in their attire. James Biggar and wife took a trip to Fort Fairfield last week on business. J. T. Everett returned home last night. Miss Lottie Everett has been quite poorly this last few days but is able to be about again. Watters Bros. have finished threshing in this place. They left for Oxbow where they will again take up their abode at Mrs. Blues. James Watters has left for home. Fred Watters of this place lost a fine horse recently. He had been sick for some time but was supposed to be on the mend.

JACKSONTOWN.

Hollon Estey and Beecher McCain spent Sunday at Edwin Estey's. On Wednesday Oct. 5th Mr. and Mrs. Frank Burpee will celebrate the sixth anniversary of their marriage; quite a large number of their friends and relatives are expected to be present. Rev. H. and Mrs. Hart are attending the F. C. B. General Conference which is now in session at Sussex, N. B. Quite a large number from this place attended the exhibition in St. John recently. Miss Phebe Hartt, Newburg Junction, spent Saturday and Sunday with her parents. Miss Beatrice Richardson, Lower Brighton, was visiting at H. Hartt's last week. Mrs. Gilbert Kitchen has returned from St. John where she has been visiting the past few days. Miss Lena McLeod's school at South Wakefield has been closed this week on account of illness. She expects to resume her duties on Monday. Miss Olive Smith has gone to Sussex to attend the F. C. B. Conference. She purposes visiting relatives in Sunbury Co. before returning home. One day last week Miss Annie Brown, Avondale, had a polyp removed from her nose by Dr. Secord. W. A. Connolly has all the neighbours out to-night paring fruit for next year's using.

BRISTOL.

James Carr, Fort Fairfield, was in Bristol on Sunday. G. S. Wiggins who recently moved his family to Waterville was in the village on Thursday. William Rogers goes to the Miramichi lumber woods with a crew, this week, and will operate near the same place where he was last winter. There was no service in the Hall on Sunday evening last, as Rev. Mr. Fiske was unable to attend, he having injured his knee some days ago, and is unable to move around. The Primitive Baptists held their regular quarterly meeting at Windsor, beginning on Friday last and continuing over Sunday. The meetings were well attended, a good many going from this vicinity. The annual school meeting will be held in the school house on Saturday next, and candidates for the office of trustee are already in the field. The election will probably be warmly contested. Joseph Curtis, the retiring trustee, has held that office for 15 years. A few days ago as Mrs. S. Merritt was practising his horse on the Bristol trotting track, the animal stumbled and fell, and Mr. Merritt was thrown violently to the ground and narrowly escaped serious injury, as it was he received a good shaking up. Mr. J. Harding Noble, who has been ill for some weeks at the residence of his daughter Mrs. A. W. Phillips, died early on Sunday morning. Though ill for some time his death was quite unexpected. He was 78 years old, and leaves a wife three sons and two daughters. The funeral will be held at Brighton to-day. On Saturday evening, Mr. Charles Bell and Dr. Somerville were driving down the road rapidly their carriage came in contact with another containing two young ladies going in the opposite direction. Mr. Bell and the Doctor were thrown and, the latter falling against the fence, which separates the road from the railway, and was badly bruised. The ladies escaped uninjured but, their carriage was badly damaged.

BATH.

Johnville had its great wedding early this summer, Bath had its great wedding later in the summer and now in the fall when the harvest was over and the leaves were charming in their autumnal hues, Canaan thought it fitting to celebrate its great wedding. On Wednesday Sept. 28th Addison McGrath of Manguerville, York Co., led Mary Ann daughter of Roger McElroy, of Canaan to the altar in Johnville Catholic church, Rev. Father Murray officiating. Miss Rose McElroy made a charming bridesmaid and Frank McElroy cousin of the bride acted the part of groomsmen. The church was well filled with friends and relatives of the happy couple to witness the ceremony. After the ceremony the party adjourned to the home of the bride's father, where the tables, which under ordinary circumstances are always loaded and inviting, were fairly bending under the loads of good things and proceeded to feast and make merry. During the whole day a jolly crowd were present, but it was not until evening that enjoyment reached the climax, then the rooms were cleared for action, the violin was heard tuning and the dancers took possession. What an elegant, pleasant and tranquil time, can only be imagined by one who has seen the like. Everything was carried out as if by programme and peace and pleasure reigned. The bride's presents too numerous to itemize, were both useful and handsome. The following day the bride and groom left Bath station for their new home in Manguerville. At the station were many friends to bid them good-bye and wish them abundance of happiness.

MEDUCTIC.

Mr. and Mrs. Geo. Murray of Benton spent Friday with Mrs. Murray's sister, Mrs. Marsten. Mr. Ketchum of THE DISPATCH and Mr. Burchell of the Merchants' Bank at Woodstock, visited Meductic on Friday evening. The election passed off quietly here. The place can feel proud of the fact that out of 63 votes cast not one was for the liquor interest. The harvest supper and concert under the Baptist Sewing Circle last Wednesday was a success. In the evening the Baptist church was crowded and the concert was well received. Rev. Mr. Clements preached in the F. B. Church yesterday afternoon after the Sunday school. Mr. Clements intends to preach fortnight until further notice. The many friends of Rev. Mr. Todd are pleased to find him back at his post again, after several weeks absence attending conventions and taking a little holiday. Chas. Lewin spent Sunday in Meductic. Deputy Sheriff Hawthorne was in town on Friday morning. Some time since, all the right title, and interest in the stock of Charles E. Shaw was advertised to be sold to satisfy a creditor. The sale was to have been held on Friday. Some satisfactory arrangements have been arrived whereby the deputy Sheriff was to lock up the goods at present. He locked up the goods and started for home. During Friday night burglars entered the store and stole out all the seized goods. Detectives are reported to be on the scent. Mrs. P. S. Marsten is receiving, this week. Her sister, Miss Minnie Gibson is with her.

EAST FLORENCEVILLE.

Our sidewalk is rapidly lengthening under the new process adopted by the villagers. Mrs. James McIsaac and Mrs. James Banks have returned from a lengthy visit to their friends in North Bloomfield. Much illness is prevalent now. Three new cases of Typhoid fever in the persons of William and Maud Brooker and Mrs. Bradford Schriver. Major Hartley is still unable to leave his room being a mere shadow of his former self. But under the care of Drs. Hagerman and Ross we hope to soon report favorably. Mr. Edmund Tompkins was very severely injured some weeks ago by his swaggon, now every hope is entertained of his recovery.

We are glad to say Mrs Watts Tompkins is slowly recovering. Mrs. A. D. Hartley has all the new fall and winter millinery. The new sailors are indeed beautiful in colors and styles. Ladies will do well to call and inspect. The Museum is quite a resort for the young people as it has many new and fancy additions. Two more very large birds have just arrived. Our young friend Charles Semple is spending a few days at his old home.

The Stomach's Voes.—Are pleasantly and positively healed by Dr. Von Stan's Pineapple Tablets. They act upon and digest the food, prevent fermentation and all distresses of the stomach. Eminent physicians have noted their sterling merit and the wonderful cures wrought right in their own practice and prescribe to relieve and cure. 35 cents. Sold by Garden Bros.

BORN.

JONES.—On the 1st inst., to the wife of Wendell P. Jones, a daughter.

KING STREET,
Woodstock.

Too Sensitive.

The Hartland Advertiser, in its last issue says, apropos of the gaol question:—"Woodstock seems particularly incensed against Hartland because of the fact that it was a gentleman of this village that asks for an injunction. One of the editors of a Woodstock paper, writing to the St. John Globe, speaks most slurringly of Hartland, as though this village were alone to blame. Results will show that Dr. Curtis is acting for a large majority of the people of Carleton County." The Globe correspondent disclaims speaking

"most slurringly" of Hartland. In the article referred to these references only were made to Hartland. "Hartland seems to have taken the initiative altogether in the matter and the probability is that Hartland looks to reap the benefit. . . . One doubts that Hartland can really expect to get the new gaol even if the injunction is sustained on further hearing. At all events, one of the Hartland representatives in the council denied any such intention at the last meeting, as voting for a new gaol at Hartland." Where is the "slur?"
