GROWING CAMPS IN THE KLONDIKE.

Dogs Are a Deep-Felt Want at Dawson City.

The American mining districts in Klondike are growing with great rapidity. In a recent interview Capt. J. E. Hanson, of the Alaska Commercial Company, who has been in the Yukon gathering information for the company, tells of a new find near Eagle City called Thanksgiving camp. A new district is being organized there, and adjacent creeks will be speedily prospected. At Forty-Mile the white population has swelled to 250, including 15 women. Eleven hundred men are working Forty-Mile, and tributary creek. The best producer is Garney creek, from which five men took \$8,000 last summer. Circle has a population of 540, including 32 women and 7 children. The town has 275 cabins, and 32 two-storey buildings. Seventy-five men are working on Charley river, chiefly on Big Bonanza.

Mr. Hanson says that the Klondike miners are objecting to the charges made by the Pioneer Tramway Company, to which the Yukon Council granted a franchise for a toll road to the Bonanza mines. The company took possession of the trail, made some improvements, erected toll-house, and began collecting money for every passenger and pound of freight. It has coined money. The Bonanza claim owners along the toll road are required to pay for walking over their own claims. Some are evading the toll by using a trail they have "mushed" outside the limits of the company's franchise.

Fortunes are being made in dogs. It has been impossible for the poor miners to get a dog team at Dawson this winter. A big band of dogs were driven to Circle City from Herschell Island in the Arctic and sold at high prices. At Dawson, Malamoot dogs bring from \$500 to \$1,000. There are teams in the interior that \$3,000 would not purchase.

Atlin City's boom, Mr. Hanson says, has been cut short by Martin's Alien Exclusion Act. Building lots are practically worthless. The miner finds fees and restrictions as numerous as in the North-West Territory. The license fee is \$5; recording, \$2.50; royalty on firewood, 25 cents per cord; broker's license, \$50; house log license, trader's license, etc.

Provisions in Atlin City are fairly plentiful. There is no horse feed. Provisions sell as follows:—Bacon, 40 cents; milk, 50 cents; oatmeal, 40 cents; sugar, 50 cents; flour, \$10 per sack; butter, 75 cents; tobacco, 2.50; salt and smoked fish scarce; no syrup or jelly. Eight horses in camp are being fed on oatmeal and flour. The last hay bought 30 cents a pound. Canadian miners and Americans who have claims already recorded are entering the district in readiness for spring work. The Atlin mines are summer diggings. Sluicing will be the rule instead of the exception. The latest Atlin discovery is on Wiliston creek, at the south end of Lake Atlin. It yields 15 cents per pan in coarse gold.

THERE'S ALWAYS HOPE.

Bright's Disease and Kindred Kidney Troubles Have Lost Their Terrors—South American Kidney Cure Wages a Successful War.

A young man studying for the ministry, and the son of a well-known western merchant, dropped into a drug store, and in a very discouraged mood said to the proprietor, "I am quitting my studies and going home to I know not what. My physician says I have Bright's Disease and cannot pursue my studies." That druggist knew from experience the almost miraculous cure in his own case made by South American Kidney Cure. He recommended it to the young man and in less than a month he was back to his studies again a perfectly cured man. South American Kidney Cure is a liquid kidney specific. Sold by Garden Bros.

England's Budget.

NEW YORK, March 11.—The London correspondent of the Tribune writes: "Unless all signs fail, there will be important debates on official problems after the Chancellor of the Exchequer lays his budget before the Commons. One of these signs is ominous warning from Sir Michael Hicks-Beach that the balance of revenue and expenditure may be on the wrong side and that measures may be required for meeting a considerable deficit. Another straw which shows the direction of the wind is Mr. Morley's protest against the alarming increase of national expenditure. The most remarkable indication, however, of a transition stage in national finances is the candor of the leading English journal, the Times, in recommending the re-imposition of duties which were abolished when free trade was established as the permanent fiscal policy of the United Kingdom. That great organ of English opinion has been publishing a series of important articles by an expert on finances of the last twenty years, and this week it actually adopts his conclusion that the time has come for reconsidering and revising the entire system of taxation in a bold and comprehensive way."

Agreat deal of laughter was created in a magistrate's office one day last week by an excitable German, a prisoner charged with some minor breaches of ordinance. "Are you a single man?" asked the judge. "Now, you look out," was the the indignant reply. "But don't you try to make no shoke mit me yooost because I vas Dutch and green. Do I look like I vas a Si'mese dwin? Huh! I vas no fool if I am not in dis guntry!"

DR. CHASE VISITING THE SICK.

**Raised from a Bed of Sickness.**

**Dr. Chase's Catarrh Cure and Kidney-Liver Pills Combined for Perfect Health—An Interesting Cure After Long Suffering.**

Simcoe, Jan. 18th, 1897.

Messrs. Edmanson, Bates, and Co., Toronto, Ont. —

Gentlemen,—For over five months I was confined to my bed, not being able to move. The best medical skill was called in, all treating me for catarrh of the stomach, but to no avail. I could not eat the most simple food without being in dreadful misery, and found no relief until same was vomited up. After spending a large sum in medical advice, I was advised to try a box of Dr. Chase's Catarrh Cure. I said it was no use, for I considered mine a hopeless case from which I could not recover. At length I purchased a box from J. Austin and Company, Simcoe, and to my surprise found great relief. Not being able to eat I tried a box of Dr. Chase's Kidney-Liver Pills; the pains left me the third day. My appetite has been fully restored. I consider myself perfectly cured, and feel as well as when a young woman, although I am 65 years old at present. I was almost a shadow, now I am as fleshy as before my sickness. Have used only three boxes of Dr. Chase's Kidney-Liver Pills, and only two boxes of Dr. Chase's Catarrh Cure. I can do my house work as usual. I am positive that my marvellous cure (which I think it is) is due purely to Dr. Chase's remedies, which I have used. I can honestly recommend the same to any persons suffering from symptoms similar to mine. Wishing you every success.

Yours, truly,

MRS. ANN CHURCHILL, Sr.

Another Steamer Lost.

This has been a bad year for losses of steamers at sea. A dispatch from Halifax dated the 12th says:—The new Allan liner Castilian, which is on her maiden voyage from Portland for Liverpool via Halifax, is reported ashore on Gannett rock, on the western coast of Nova Scotia. She went ashore early this morning in a dense fog. The horn could not be heard. The compasses are said to have been deranged. Two compartments are full of water. The Castilian was launched about a month ago and is in command of Captain Barrett, commodore of the Allan line. The steamer lies twelve miles from Gannett rock light. Gannett rock dry ledge, where the magnificent liner went ashore, is twelve miles from Yarmouth light. The steamer had fifty passengers on board. Beside a large general cargo, she had four hundred cattle, four hundred sheep and other live stock. She struck shortly after four o'clock this morning in a dense fog. The passengers and crew were all saved. The ship is valued at \$700,000 the cargo at \$450,000.

Mrs. Joseph Langtry, Brockville, Ont., says: "I have used Dr. Low's Worm Syrup and I can say that it has done my children good. It never fails to act promptly." Price 25c.

"It's the devil for any one to tell me a secret, for it is sure to come out in print."—HAZLITT.

After an election there is always a lot of moralizing about bribery and corruption. It would be much more satisfactory if this good work were done on the eve of an election. I see not the shadow of a hope for any improvement along this line for a century, at all events. You may legislate for all you will but you will not prevent bribery at elections. It must be well known that under our provincial statute any voter may be called upon to swear that he did not receive anything for his vote. I daresay the oath is duly put, and the intelligent elector duly swears that he has not, nor expects to have any consideration for his vote. A little matter like that does not bother him a little bit. But this perjury business is becoming quite serious. The present generation is not famous for its regard of an oath taken under, what are generally assumed to be, solemn circumstances.

We have heard much of the glories of war, the brave deeds of Hobson et al and how Hobson's parents are so proud of their son, and how enthusiastic young women insist on kissing him whenever opportunity offers. Now let us meditate a bit on the horror of war. Read this extract:—Santiago de Cuba March 13,—Yesterday General Leonard Wood, military governor of the Department of Santiago, positively identified the remains of the Spanish officer discovered a few days ago among the rocks on the shore, about four miles west of El Morro, as those of Admiral Villamil, who commanded the Spanish torpedo boat destroyers in the naval battle which resulted in the destruction of Admiral Cervera's squadron. Gen. Wood went in a tug to investigate personally as to the report that the body of a Spanish officer had been found tied in an armchair at the point designated. The report proved well founded. Nearly opposite the point where the wrecked torpedo boat destroyer Pluton lies, Gen. Wood found an armchair with ropes around it, a skull, bones on the ground and the ragged remnants of the uniform of a captain in the vicinity. It was evident the buzzards had stripped the bones of flesh. It is understood here that Admiral Villamil was taken ashore from the Pluton in a dying condition tied in an armchair, and the supposition is that he died immediately on reaching the shore, the body being left abandoned among the rocks, where it remained undiscovered until a few days ago. How about the sentiments just now of the family of this unfortunate and brilliant officer? Yes! war has its horrors as well as its glories.

**THE DOCTOR'S CONSOLATION.**  
Told Mr. Hill He Was a Dying Man, But South American Nervine Cured When Hope Was Abandoned;  
Mr. W. J. Hill, a well-known man in Bracebridge, Ont., suffered for years from liver trouble, desepsia and nervous weakness. He says he tried nearly every remedy in the market which claimed to meet his case without success. He was told by a physician that he was a dying man. He began taking South American Nervine, and found almost immediate benefit from its use. He continued using it, and to day says he would stake his life on this great remedy as a cure for all like sufferers to himself. Sold by Garden Bros.

**On the Sexton.**  
A man strolled into a fashionable church before service began. The sexton followed him up and, tapping him on the shoulder and pointing to a small cur that had followed him into the sacred edifice, said: "Dogs are not admitted." "That's not my dog," replied the visitor. "But he followed you." "Well so did you." The sexton growled and immediately removed the dog without further violence. —Tit-Bits.

**A CHATHAM LADY**  
Tells How Her Health Came Back.

There are too many women who suffer dreadful backaches, pain in the side and headaches, who are weak, nervous and run down, whose life, energy and animation seem gone. Here's a lady who was cured by **MILBURN'S HEART AND NERVE PILLS.**  
Mrs. Mary Bordenau, King St., Chatham, Ont., says: "For some months I have been afflicted with nervousness and general debility. Going upstairs would produce a great shortness of breath and a tired, exhausted feeling. I had palpitation and fluttering of the heart, and for months have not been well or strong. Until I took Milburn's Heart and Nerve Pills, I almost despaired of a cure. I have only taken one full box, and now feel splendid. My nerves are strong, all the heart troubles are completely removed, the shortness of breath has vanished, and the constant tired out, all gone feeling is a thing of the past. It is needless to say that I esteem this remedy the best in the world for heart and nerve troubles." Milburn's Heart and Nerve Pills are 50c. a box or \$ for \$1.25, at all druggists.
