

Wine Of Tar, Honey and Wild Cherry.

How it is liked, and what
the people say. Here are
some of the remarks :

- "It is first-class."
- "The best I have ever used."
- "It is an A1 article."
- "Nothing can beat it."
- "It knocks the cough every
time"

Prepared only by
THE BAIRD COMPANY.

NEWS FROM THE COUNTY.

EVERETT.

A. Everett finished his lumbering contract for R. Estey this week. There is no fear but that game will be well protected, since there are six wardens on to watch the people, so rumor says. Boys, be careful. We are pleased to report that Wm. Ross of Riley Brook, who has been very low with la grippe, is able to resume his duties. Rev. J. Puddington stopped at the Larchwood last night. He intends going to Riley Brook today, and will have services here on Sunday afternoon.

RED RAPIDS.

E. Malone of Fredericton, and Roy Murphy of Andover, were in this place on their way home from a visit to the lumber camps on Tobique. The home of Geo. Satherly has been made happier by the advent of an heir. E. Kilburn was in this place this week on financial business. Thomas Fox, we are pleased to learn, is quite convalescent. T. Hilyard of St. John, and J. Porter, M. P. P., Andover, paid a flying visit to this place Sunday last. J. Weaver, proprietor of one of the Plaster Rock hotels, passed through here on his way to Perth. The recent storm must have been the worst snow storm of the season as the T. V. R. train has been three days en route from Perth to Plaster Rock.

BURNT LAND BROOK.

As there has not been any news in THE DISPATCH of late from B. L. B., I hope that you will be pleased to except a few items from me. John Tapley of Riley Brook, passed through this place the 23rd, en route for his home. Quite a number of the lumber camps are breaking up owing to the great fall of snow. The young men of this place are fast returning to our midst. We are also glad to report the return of our stage driver, Mr. E. Armstrong, who has been storm stayed at Perth for nearly a week. Peddlars are the order of the day. C. Hayden of Riley Brook, who has been detained from hauling stuff from Plaster Rock, has now commenced his work again. Theodore Jenkins of this place, intends starting for Forest Glen today, where he will take up his abode for a short time. Tessa Chapman of this place, who has been quite ill, we are glad to report is fast improving, also Mr. J. W. Johnson of this place, who has been ill with la grippe, is slowly improving.

THREE BROOKS.

Mr. Trafton, foreman for Mr. McCollom, accompanied by Mr. Clark, was in this place today on his way to the forks of Tobique to make arrangements for another winter's lumber operation. Mr. Semple, Inspector of Agencies for The Temperance and General Life Assurance Co., passed through here to-day by stage. John Vincent has returned home from Fort Fairfield where he has been spending the winter. James Lenton and family have moved home from the woods. Peddlars are all putting down stream now, as they have had to lay up on account of the storm. Caleb Larlee passed through this place to-day on his way home from the lumber woods. George Trafton who has been seriously ill, is recovering under the careful treatment of Dr. Weaver. Joseph Bloomfield, after an absence of three weeks visiting friends in Fort Fairfield, has returned home.

RICHMOND.

Mr. and Mrs. Fred King and little daughter Julia left for Boston on Tuesday last. Mr. Henry Hay has returned from her pleasant trip down river. Mrs. Henry Jameson spent a few days in Woodstock last week. Earl Kinney has returned from a visit to his aunt, Mrs. Robert Kirkpatrick, Debec. Mr. Ebbett from the Barony was the guest of Mr. Otis Hanson last week. A surprise party spent a very pleasant evening at Mr. John Fulkin's last Tuesday. Mrs. J. E. Flewelling is spending a few weeks with her parents. Rev. A. W. Teed is holding Lenten services at Kirkland this week.

NORTHAMPTON.

The hauling on the roads is still excellent. D. S. Gibson brought his winter's operation to a close on Saturday by bringing out his crew after a very successful winter's operation. Mr. Gibson's cut this winter will run up to about half a million feet. Mr. and Mrs. Joseph Niles, tenants of C. W. Connell, at present, are being congratulated on the advent of twin boys, recently. R. E. Hemphill, who has been very ill, is slowly improving.

Mrs. J. Gill is visiting her daughter, Mrs. C. W. Britton at Bristol. In addition to the usual studies at the Sunday School, a Normal Class has been added under the tuition of Miss Blanche Clowes. Things are rushing at the Carleton Creamery. Prof. Tilley is instructing a large class in skinning, milk testing and butter making, while Mr. Phillips explains the care of boilers. Mrs. Oliver Speer has just arrived from Virginia to take up her residence here. Mr. Speer has been here for two years. Archdeacon Neales held service in the school house as usual, Thursday evening.

HARTLAND.

The lecture given on Jerusalem, by Rev. G. O. Gates in the Baptist church on Monday evening last was well attended and proved to be a most interesting discourse. A public temperance meeting was held on Tuesday evening under the auspices of the W. C. T. U. The president of the Union Mrs. S. H. Shaw occupied the chair. The speakers were Revs. D. B. Bailey and A. H. Hayward. An excellent paper was read by Mrs. G. H. Campbell on narcotics. Music was furnished by the white ribbon choir. The meeting called to discuss the advisability of incorporating the town was well attended. Many arguments for and against it were brought forward and well discussed. The meeting adjourned to meet again in four weeks. Allen Bradley acted as chairman. The bill to enable the trustees to raise money to build a new house was brought before the rate-payers on Saturday evening last and was adopted with a few amendments. Some plans with regard to the new building was also submitted and accepted. The building is to be forty-four feet square with twenty four foot posts. Twelve feet will be taken as an anteroom across the building and the remaining part divided into two rooms each thirty-two by twenty-two feet. There will be two flights of steps leading to the upper rooms and the basement will contain the furnace room as well as storage for wood. A vestibule on the side facing the road will be erected.

MEDUCTIC.

Rev. Mr. Barton is now holding special meetings in the Dow meeting house. Mr. and Mrs. Geo. Murray and family of Benton spent Thursday evening with their sister, Mrs. Marsten. T. Edwards has finished his thousand cord contract of bark which he contracted to deliver at Benton during the winter, it was a heavy contract successfully carried out. On Tuesday, the 11th of April, Milburn L. O. L., No. 12, will hold its regular meeting, at which a number of candidates will be advanced to the royal arch degree. At this meeting Grand Master Hipwell, County Master Queen, and Past County Master Wiggins are expected to be present. On Sunday several from this place attended the meetings being held at Lower Southampton.

HOLMSVILLE.

The roads are at present very good. Norman Grant arrived from Niestone thursday. Sandy Parish has purchased John E. Kinney's house on Main St. G. W. Tinker has erected an ice house where he intends laying up his summer supply. Charles R. Fisher has taken Contract splitting wood for Mr. McElroy. Fisher and Hathaway have sold one of their horses to Ben Gee. P. O'neal has got the plan of his cheese factory that he intends to erect in the spring. Edward Gee has left this settlement and gone to the prairie. Mr. Homes is in the village this last week working in his shop. Mr. A. T. Duff is doing a hustling business in the sewing machine line. Peter Gee Jr. was in the village Monday.

ANDOVER.

Rev. Mr. Atkinson of Jacksonville preached in the Baptist church Sabbath. Our staff of Public school teachers are persistent in their efforts to keep the educational interests before the people. Last Autumn their public concert was a decided success and much appreciated. Financially it surpassed their most sanguine expectations over \$50 was cleared. They bought a very fine Canadian standard for the school and are now waiting till the Board of Trustees erect the promised flagstaff—Already the scholars and teachers are putting their might together to purchase a large bell for the school house, more than \$13 has been collected for this object. They are also looking forward to a town clock to be erected in the tower of the school house. Then there is another item of more individual rivalry in the near future. For the last two years Rev. Mr. Gratz offered prizes in the advanced Department; in 97 the prize was a jubilee silver medal for the best essay on Canada—in 98 two prizes were offered, a writing desk and a gold pen as first and second prizes to the scholars who showed the most proficiency in Mathematics. For this year the Hon. Geo. G. Baird has promised prizes for the advanced department but has not yet intimated what the prize would be nor for what branches or subjects they would be offered. Some of our ambitious scholars are anxiously waiting for the information. We cannot help but watch with interest the vain efforts with which the C. P. R. is striving to keep the Tobique Valley Branch open this winter last week after the storm two engines started up on Monday morning but did not reach Plaster Rock till Wednesday night. Some of the working men had remarkably good appetites when they arrived. They did not make the return trip till Thursday or Friday. We are looking forward with considerable anxiety to the public road bridge at Andover; it is already condemned at least pronounced unsafe. Last fall when the span next Pert was perceptibly sagged, Mr. Forter took means to have temporary supports put under it and the rattling frame stayed up in other places. But these supports will calmly be carried away with the ice and in all probability the bridge will go too. Then we will look at each other across the river and amuse ourselves by solving the old puzzle of the ferry-men taking over the fox and goose. Are we to be left like our forlorn friends in Tilley while our representatives decide the vexed question of where the new bridge shall be—will there be a toll ferry a free ferry—a no ferry. Why not stretch a wire across before the ice moves and prepare for possible emergencies.

To Take Stock.

On Tuesday evening the 21st inst, there was a special meeting of the town council to discuss the question of securing legislation to allow the town to take a property vote on the question of investing not more than \$50,000 in a pulp mill or some other industry or industries. Coun. Carr was sick and Coun. Henderson was away. There was quite a lively discussion on the subject, but after some debate on motion of Coun. Watts, seconded by Coun. Gallagher, it was decided to instruct the clerk to prepare the necessary bill.

A CARD.

Reverend A. H. Macfarlane, Franktown, Ont., advises all men who are weak and who desire a speedy and perfect cure to write to
Dr. Gustav H. Bobertz
252 Woodward Ave., DETROIT, Mich.

Moncton, N. B., Feb. 27th, 1899.

SPRING TOOTH HARROWS

We have a large quantity of Spring Tooth Harrows, Wood and Steel Frame. Also, something new,

Spike Tooth, Lever Harrow, for Smoothing.

All Harrows made by us this year have Finest American Teeth, and each tooth is thoroughly tested at factory. Also,

The Celebrated Syracuse Steel Plow, and Our Own Make of Steel Plows, Steel Horse Hoes, Cultivators.

Don't buy a cheap made Harrow when we can sell you a good one for the same price.

CONNELL BROS., Woodstock, N. B.

SPRING IS HERE

And very soon we will have bad roads, and we would advise all our patrons and others who have heavy goods such as

Lime, Brick, Land Plaster, Fertilizer, Etc.

to haul, to handle the same now, and buy of us. We will not charge any more for them now than later on.

We are now stocked with Sap Cans, Sap Spouts, Alabastine, Sherwin-Williams Paints, and other House-Cleaning Goods, and solicit your orders.

Our stock of Enamelled and Tinware was never so large, and our prices were never so low as now, and we invite you to inspect goods and prices.

We have a nice line of Stoves, too.

SHAW & DIBBLEE,

HARTLAND.

ALABASTINE.

Anyone can brush it on—No one rub it off

QUESTIONS OFTEN ASKED:

- What is Alabastine? Alabastine is a durable coating for walls and ceilings.
- Is it the same as kalsomines? It is entirely different from all other preparations on the market.
- Wherein does it differ from these kalsomines on the market? It is made from a cement that goes through a process of setting on the wall, and grows harder with age, and is ready for use by mixing in cold water.
- What are kalsomines made from? From whittings, chalk, clay, or other inert powders for a base, and are entirely dependent upon glue to hold them on the wall.
- Why do kalsomines rub and scale? Because the glue being animal matter, decays in a short time by exposure to air and moisture, and in binding qualities of the material are then gone.
- Does the Alabastine contain any injurious substance? Alabastine has been most carefully tested, and is recommended by leading sanitarians throughout the country, on account of its sanitary nature.
- What has the same investigation shown regarding wall paper? Sanitarians concern, in strong terms the use of wall paper for living rooms, on account of the poison used in its manufacture. Can anything but plain work be done with Alabastine? Any kind of work, from plain tinting to the most elaborate decorating, can be done. How can I learn to do this work and decorate my house? By writing the Alabastine Company, Paris, Ont., for book of instructions and suggestions, and illustration of stencils. Sent free.

THE REASON WHY

We call it Alabastine, as it is manufactured from alabaster rock. The people use it because it is durable and beautiful. The sanitarians endorse it because it is of a sanitary nature, and contains no poisonous material. We advertise it, as we want all to have an opportunity to be benefited by its advantages. Wall paper manufacturers fight it, as it displaces their poisonous products. Kalsomines must go, as they are only temporary and spoil the walls. Alabastine has stood the test of time, and now stands higher in public favor than ever before.

Ask for Church's Gold Water Alabastine and take nothing else.
