NEWS FROM THE COUNTY.

LAKEVILLE ITEMS.

La Grippe is raging through our village, most everyone has had a slight attack of it and some have been seriously ill.

Mr. Wilnot Anderson is painting and remodeling his store, and soon expects to have it in running order. Rumor says he intends taking a partner in the business with him. He has ordered a fine lot of goods, shoes especially. We expect when we have three stores in our midst, to be able to have a cheap sale almost every week, for opposition is the life of trade.

Miss Lizzie Fowler has returned home after an absence of two weeks.

We are glad to see Mrs. Matthew Smith is able to be out again.

The many friends of Miss Minnie Anderson will be glad to hear she is recovering from her recent severe attack of La Grippe and Neuritis, under the skillful treatment of Dr. Baristo.

It is with sad hearts we hear that Mrs. Forbes is no better, and that they have no hopes of her recovery.

Mrs. Churchill who has been sick is able to be out again.

Mr. Charles Cross has purchased a fine colt; report says it will be a trotter.

Our school is progressing nicely under Miss Scullin's care, she is preparing quite a number for Normal School we hope she will be as successful as she was last year. We must not forget to mention the assistant teacher Miss Eva Annett, who is doing her duty faithfully with the little ones.

Professor Fox has organized a singing school here he is reported to be a great teacher, and master of his work, so we are in hopes our little village will be able to boast of some first class singers after Mr. Fox is done with them.

Election and La Gripp are the main topics of the day.

Mr. Fen Fowler is working at Centreville for Edward West again, it shows he must be master of his work as he seems to be in great demand.

The Dr. is kept busy night and day, he says he never knew much sickness as there has been the last few weeks.

FLORENCEVILLE.

The Farmers' & Dairymen's Institute held a meeting in Florenceville Hall on Saturday 4th Feb. Mr. H. H. McCain occupied the chair. The speakers introduced by the chairman were Prof. Robertson, Manager of the Experimental Farm at Nappan, N. S., Mr. W. S. Tompkins of Southampton. Mr. W. A. Jack of St. John being absent on account of sickness. The address occupied about three quarters of an hour and was warmly applauded by the audience. Prof. Robertson speaking of farming magnified the importance of the calling and pointed out that the progress of the country depended upon the exertions of the farmers, also the necessity of improving farms so that the produce would be raised to a standard that would command a good market. Mr. Tompkins gave some very practical advice regarding hog raising and the proper feeding and care of cattle. The following gentlemen Rev. Mr. Fiske, Jas. McCain, John Kearney and B. McNally by their opinions and enquiries added greatly to the useful information obtained by those who attended the meeting. In spite of the severity of the weather the attendance was good and many ladies were present.

UPPER KINTORE.

La grippe is raging here, and in almost every house there is some prostrated with it, and in some instances whole families.

Quite a number from here went to Andover to attend the nomination.

A Bible class has been organized in the Presbyterian church, the first class was held on Wednesday evening, a goodly number in attendance.

On the first inst the Farmers' Institute held two very instructive meetings in the Kincardine Exhibition Hall. On the second the speakers which were in attendance passed through here on their way to Arthurville.

PERTH CENTRE

The people of this village were greatly startled on last Thursday on hearing that the photographer Mr. Hetherington who has a wife and two children living here had stolen out in the early morning in cold and darkness, and gone off on one organized and taking his tracks, followed them for 4 miles toward Fort Frirfield when the falling snow prevented them from being seen any longer. However at noon all fears of suicide were set aside by a telephone despatch from Mr. C. Rogers who lived at the Boundary Lane saying that a man answering Hetherington's appearance had just gone by towards the Fort where it is said he is now living with relatives. His friends say he was just recovering from a long and very severe attack of La-Grippe which may have affected his intellect, from what otherwise they cannot account for his very strange conduct.

COOK'S SURE COUGH CURE

Town Council.

At the meeting of the Town Council on Friday evening, there were present Mayor Murphy and Councillors Henderson, Jones, Gallagher and Carr.

Donald Munro was retained as Superintendent of water works and sewers and caretaker of the steam fire engine at a lump salary of \$480.00.

Coun. Gallagher asked the reporters to correct an error in the report of his remarks in the last meeting, regarding this salary. He was reported as saying that he thought Mr. Munro did not get large enough salary. What he did say was that the salaries of \$30 a year for superintending the sewers and \$50 a year for taking care of the fire engine, were not in proportion to the work involved. The following petition was presented by Coun. Gallagher, and on motion of Coun. Henderson, seconded by Coun. Carr, it was referred to a committee of the whole to be reported on at the earliest possible moment. At the request of Mayor Murphy and the Council the petition with the signatures is printed.

To the Mayor and Town Council of the Town of Woodstock:

Gentlemen,—We, the undersigned rate-payers of the Town of Woodstock, humbly petition that you will abolish the license which is at present collected from commercial travellers coming into our town to do business, as we believe it is detrimental to the interests of the town, and is doing our town a very grievous injury. We are firmly of the opinion that if this tax is abolished the benefits to the town generally, from the increase of commercial travellers who will come here to see business, will compensate for the seeming loss of revenue two fold. We are reliably informed that this tax is militating against the representatives of our local industries when they go abroad to find a market for the output of the institutions they represent.

On motion of Coun. Henderson, seconded by Coun. Carr, the Clerk was instructed to proceed to collect from the Parish of Woodstock the amount of \$46.00 which the town had become responsible for in connection with the last illness and burial of Charles Mulholland, familiarly known as Charlie Ivory.

On motion of Coun. Jones, seconded by Coun. Gallagher, the following were appointed constables:—A. D. McFarlane, Neil McKinon, Jas. W. Wolverton, Johnston McAlpine, Dan McIntosh and Botreau.

George Brawn and Michael Burns were appointed pound keepers and field drivers, their barns to be pounds.

John Pickles, W. S. Skillen and E. M. Boyer were appointed surveyors of wood and bark.

D. Munro's reports were presented, received and placed on file. The Mayor complimented Mr. Munro on the fulness and clearness of his report.

Worth a Sovereign & Box.

That is what a young lady remarked regarding Dr. Cook's old English remedy Cook's New Blood Pills. They are the sure and reliable remedy for all Bilious and Nervous Disorders, such as Headaches, Weak Stomach, Impaired Digestion, Constipation, Liver Complaint and all Female Ailments. Always kept in the house, after once using. Not a purgative pill, but a blood builder and purifier. 50 cents per box. Sold by all dealers.

Great Clearance Sale of Boots and Shoes.

I find that I shall have to sell a lot of goods in order to make room for Spring Stock, and will during the balance of February sell everything in my store, excepting rubbers,

at 20 per cent. discount.

This is not a fake clearance sale, but a real genuine bargain getting, money-saving sale. The discount will be figured off when you pay for the goods. Come and improve the opportunity to get \$5.00 worth for \$4.00.

Sale to continue through February.

FURBUR

Cucumber Wood Pumps

ANTI-FREEZING.

It is well known that a wooden pump is a non-conductor of both heat and frost, and that the temperature of water drawn through a wooden pump is delivered of the exact temperature of the water supply. Exposed metal pumps get very hot in summer and freeze in winter.

The Furbur Cucumber Wood Pumps are made of fine grained wood for deep and shallow wells. They are made in lengths, 8, 10, 12, 14, and 16 feet, enabling them to be set well below the frost line, and are fitted with iron cover and iron spout; they have a convenient and simple frost slide, which in winter is raised after pumping to let the water below the frost line, and closed before pumping again. They have porcelain lined cylinders and fast valves. They are the only wooden pumps that have ever given first class satisfaction. There are other wood pumps on the market that dealers say are as good as the Furbur, but do not be deceived, purchase only the genuine Furbur pump.

We have a full assortment in stock at present and our prices are right.

As 1899 is fairly begun and the rush of holiday trade is over, we settle down to facts.

- 1st—We would extend to our many customers our most hearty thanks for your very liberal patronage during the past year, and ask a continuance of the same.
- 2nd—We wish you a very happy and prosperous year during 1899.
- 3rd—We are now busy taking stock, and as we do so we find many things that are slow sellers. These goods will be marked down at less than cost to clear. It will pay you to see our Bargain Counter.

C. M. SHERWOOD & BRO.

WOODSTOCK.

To The Electors of The County of Carleton.

GENTLEMEN,—Having accepted the nomination unanimously tendered us by the Liberal-Conservative Convention on Thursday, Feb. 2nd, we take this opportunity of publicly announcing ourselves as candidates for seats in the Local Legislature.

We believe that public business should be managed with the strictest economy consistent with the country's interests. All contracts for public works should be let by tender and all tenders should be published.

We condemn the system practised by the Emmeron government of building public works by private contract.

There should be a thorough reform in the system of auditing the public accounts.

We are favorable to giving the greatest encouragement to agriculture and to build up farming industries in every way possible by judicious legislation.

We pledge ourselves to give our best attention to the public interests and to see that strict economy is practised in all departments.

Soliciting your support we remain,
Your Obedient Servants,
J. T. ALLAN DIBBLEE,
JAMES K. FLEMMING,
A. WILMOT HAY.

To the Electors of the County of Carleton.

GENTLEMEN,—Having been nominated by a Convention of the supporters of the Local Government, as candidates for this County at the pending Election. We have accepted the same, and confidently appeal to you for support; and if elected, will faithfully endeavor to look after your interests to the best of our ability.

We will give the present Government an independent support.

We appeal to you for support on the agricultural policy of the Government, believing that this Policy has benefited the farmers of the whole Province very materially, and that the bonusing of flour mills in the several parts of the Province must result to the general benefit of the farming classes by encouraging an increase in the production of wheat.

We also feel that the dairy policy of the Government has been productive of much good, and that if followed up energetically will result in raising the price of cheese and butter far above their present status.

We also feel that the present Government is entitled by your support on account of the generous manner in which this County has been treated with respect to bye roads and bridges, and for the building of so large a number of permanent structures.

We pledge ourselves to guard your interest and to practice every economy in the expenditure of public moneys.

We have the honor to be Sirs,
Your Obedient Servants,
HUGH H. MCCAIN,
CHARLES L. SMITH,
FRANK B. CARVELL.
