Tuesday evening Jan. 24th being stormy, a small representation of the church and community went to the Parsonage to make Pastor Currie a donation visit, the goods, including \$7.00 in cash donated, amounted to nearly \$30.00.

Samuel Potter, while hauling wood, about a week ago, caught one of his feet under the sled, and jammed it so badly, he is unable to put it down yet.

Mrs. John Marshall, intending to take some medicine, mistook the wrong bottle and had swallowed two teaspoonfuls of poison before she discovered her mistake. A doctor was immediately dispatched for. In the meantime, by taking grease, mustard, &c., causing her to vomit, she was comparatively out of danger when the Dr. arrived.

### BATH.

Saturday evening Jan. 28th was a day "celebre" in the annals of Court Monquart of I. O. F. It was the occasion of the inauguration of officers for the ensuing year, and also the occasion of the initiation of William Giberson into the mysteries of Forestry. The function took place in Phillips hall, the ordinary meeting place of the court, and the decorations of the hall and the ceremonies of character. A. E. Gibson of Centreville, H. V. C. R., of this province was present and officiated. Brothers R. Squires of Court Sterling and Ed. Hutchison of Florenceville court were present as visitors. The following officers were installed and commissioned:—W. W. Melville, C. R.; C. J. Green, V. C. R.; H. L. Squires, R. S.; T. H. Barker, F. S. & T.; Rev. S. J. Perry, chap; S. E. Kinney, sr., W. A. Demerchant, jr., W. D. Barker, sr., B. Z. Giegie, jr., B. Dr. M. E. Commings, C. P.; E. F. Shaw, G. D. Dr. Commings, Chas. Giberson, Financial Committee; J. F. Shaw, C. J. Green, Trustees. After the adjournment of the meeting the members of the court and friends repaired to Tracy's Hotel when a sumptuous banquet was prepared and the members enjoyed themselves to a stand-still. After the banquet toasts were in order, and many were proposed and responded to. The toast to the superior court and visitors proposed by W. W. Melville was responded to by A. E. Gibson, the newly inaugurated officers proposed by Dr. Commings was responded to by W. W. Melville, C. R. The ladies, the host and hostess, and the Queen were not forgotten and at parting "Auld Lang Syne" was rendered with much gusto, and but for Sunday being within a few minutes of arriving the banqueters would have persisted in staying till morning. The members on departing expressed much enthusiasm at the manner in which everything was conducted and enjoyed. Mr. and Mrs. Tracey deserve great credit for the elegant reception and cleverness with which they treated the members.

Prof. Harrington, mesmerist, hypnotist and slight-of-hand performer held forth at Phillips hall on Friday night last and very cleverly amused a large audience. His tricks and other amusements were first class and well received. He made some clever local hits and by exposing the contents of the hat of one newly married man he convulsed the audience. The contents of the hat were baby clothes.

The grippe which has been raging in this vicinity for the last few weeks has been doing some fatal work especially among the women. Mrs. Kane, sr., Mrs. Conroy, and Mrs. Aaron Giberson have succumbed leaving many sorrowing friends. Numerous others are ill but we learn with pleasure that none are of a fatal character.

### MEDUCTIC

If your correspondent was required to give a health report of the community your correspondent would find it easy to enumerate those homes which have been free from grip. Some of those who have been taken sick since last writing are Mrs. Moore and little Miss Margarette Mrs. Dr.

Turner, Mrs. Higgins, Mrs. Edwards, little Miss Helen Marsten, Mrs. Bragdon, Miss Ethel Dow Harry Herron, P. S. Marsten.

Rev. Mr. Barton is to preach in the Baptist church at 11 a. m. next Sunday and through a mistake both the Rev. Mr. Sterling Free Baptist and Rev. Mr. Clements, Methodist are to hold service in the F. B. Church at three o'clock.

### LINDSAY.

Mr. James McBride, Mrs. J. F. McBride and son, Douglas, have returned from their visit to Fort Fairfield, Me.

Notwithstanding the slow rate of increase of population in N. B. as a whole, we can show a good record in Lindsay. The last arrivals were two little strangers at the homes of Messrs. G. A. Thomas and Alex. Strong. They are boys.

The loss is quite serious for Mr. Puddington. The members of the Church of England intend giving the parson a surprise party on 30th inst. It will be over though before this reaches THE DISPATCH.

The schools are pretty nearly all open this winter. Sisson Ridge has Miss Blake, Riverside retains E. D. Jewett, Odell has Miss Kate Tweedie, and at Arthurette J. B. Stevenson weilds the birch.

There is a lot of talk up here about pulp mills, but talk is cheap, and it takes a heap of money to build pulp mills; more than it would to build a gaol at Woodstock.

D. H. Lunn, of Greenfield, Car. Co., spent Thursday night in this place.

Politics are in the air. Everybody is on the qui vive for an election before the session. Would be candidates spring up like mushrooms and last about as long. The Conservative candidates were nominated, though, last September, so the great turmoil is in the camp of the Liberals and Free Lances.

### NORTHAMPTON.

A great many people are suffering from severe colds and grippe. Whole families have been so prostrated with the latter disease that the assistance of neighbours had to be solicited to perform the various duties of the household.

Gilbert Miller and wife are home for the winter, from Haverhill, Mass. The former has been absent for a couple of years.

This young man will be seriously missed in this community. He was a Sergt. in No. 10, the Woodstock Field Battery, and is in possession of a certificate issued by the Royal School of Artillery at Kingston.

It is very refreshing to members of all the various branches of our militia to note the unanimity and cheerfulness with which the County Council, so often torn and shredded into dissonance by questions of county jails and other kindred subjects, granted the sum of money to purchase colors for

the 67th Batt. It was a very fitting recognition by the council, of the excellent state of efficiency and discipline attained by this splendid corps, through the untiring energy of the officers and men, culminating as it did last summer in the fact that the 67th as well as being the best Regt. in the Brigade, furnished the best individual company on the grounds. May the shadows of the councilors never grow less.

By the death of William Love proprietor of the Glassville House of La Grippe on Friday evening Jan 27th Glassville has lost, one of its earliest and most respected residents. Although Mr. Love has always had a very domestic life there are few men who filled his position in this province better or more favorably known than Mr. Love. He leaves a wife who at present is very ill two sons and four daughters. The funeral took place from his residence at three o'clock Monday and was largely attended the pall bearers being Arnold William Lemont, Andrew Spence and John McLaughlan. ## Cucumber Wood Pumps

ANTI-FREEZING.

It is well known that a wooden pump is a non-conductor of both heat and frost, and that the temperature of water drawn through a wooden pump is delivered of the exact temperature of the water supply. Exposed metal pumps get very hot in summer and freeze in winter.

The Furbur Cucumber Wood Pumps are made of fine grained wood for deep and shallow wells. They are made in lengths, 8, 10, 12, 14, and 16 feet, enabling them to be set well below the frost line, and are fitted with iron cover and iron spout; they have a convenient and simple frost slide, which in winter is raised after pumping to let the water below the frost line, and closed before pumping again. They have porcelain lined cylinders and fast valves. They are the only wooden pumps that have ever given first class satisfaction. There are other wood pumps on the market that dealers say are as good as the Furbur, but do not be deceived, purchase only the genuine Furbur pump.

We have a full assortment in stock at present,  
and our prices are right.
