THOMAS TROY,
Opp. L.P. Fisher, Main St. Woodstock, N.B.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Burnt Church Wharf" will be received at this office until Tuesday, 23rd of May next, for the construction of a public wharf at Burnt Church, Northumberland County, Province of New Brunswick, according to a plan and a specification to be seen at the offices of E. T. P. Shewen, Esq., Resident Engineer, St. John, N. B., on application to the Postmasters of Chatham, N. B., and Burnt Church, N. B., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures.

An accepted bank cheque, payable to the order of the Minister of Public Works for fifteen hundred dollars (\$1500.00) must accompany each tender. The cheque will be forfeited if the party declines the contract or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order, E. F. E. ROY, Secretary.

Department of Public Works, Ottawa, 29th April, 1899.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

"It's the devil for any one to tell me a secret, for it is sure to come out in print."—HAZLITT.

I met a microbe last night when I was on my way home; about nine o'clock it was, I think, or it might have been ten o'clock, or perhaps eleven o'clock, or possibly twelve o'clock, I won't be bigoted about the hour, because I am not sure and it doesn't really make any difference any way. He was one of those nervous microbes who poke their noses into other peoples' businesses; who get into milk and into water and into peoples' systems. He started to go down my throat, but, rather unusually for any one connected with a newspaper, I had my mouth shut, so Mr. Microbe backed off, sat on the fence, and at my request consented to be interviewed. When I asked him what particular family of microbes he belonged to he told me that the name was a foreign one suggested by his godfather who was a great doctor and it was so long he had forgotten it. His residence until recently had been in a dairy, but the dairy maid had commenced sending the milk to a creamery and had washed out all the cans so thoroughly that he had to break up housekeeping and he was now looking for a location in town. He thought the prospects of finding a town residence to his taste were good; there were a number of deliciously dirty places about. He had often heard that the Woodstock streets offered an excellent juicy residence for the gay and festive microbe and he thought he would linger among their alternate mud and dust for a few weeks at any rate; then if any man in town kept a pig, he would locate that pig and stay in his vicinity. When I spoke to him about the better observance of the Sabbath he said that he was a good deal like compound interest, he worked every day and intended to keep it up. This rather shocked me, but I decided to give him another chance, hoping that he had at least one relic of respectability left, so I spoke to him about the accursed liquor habit. He only winked; this broke my heart. Hoping against hope, I asked him where he was on the night of Saturday April the 29th and he would not tell me. Then I knew the worst. "Begone from my presence" said I in tragic grandeur, and he went. I've been afraid to drink water without boiling it or doing something to it, since that night, for if I swallowed that microbe I know he would disagree with me. THE IMP.

A CARD.

We, the undersigned, do hereby agree to refund the money on a twenty-five cent bottle of Dr. Wills' English Pills, if, after using three-fourths of contents of bottle, they do not relieve Constipation and Headache. We also warrant that four bottles will permanently cure the most obstinate case of Constipation. Satisfaction or no pay when Wills' English Pills are used.

Separator Milk For Pigs.

Separator milk has a very high feeding value for pigs. These are usually fed entirely too much corn and require a food with much less fat and heat in it, and nothing meets this want so well as skim milk. It is of little value to calves when fed alone, but if properly balanced with corn and fed warm and sweet it is almost equivalent to whole milk. The feeding value therefore of skim-milk depends entirely on how it is fed. If sour and cold and fed alone, it is of little value for calves. If balanced up with corn, either for calves or pigs, it has great feeding value. To get the best results with calves it must be fed sweet and for young calves warm. The value of skim-milk depends on the brains used in feeding it. The man who finds it worth nothing evidently does not know how to feed it. The man with experience who places a high value on it is evidently the man that has the "know how."—Live Stock.

Pain Ceased First Day.

Mrs. Mary O'Dell, 262 Dunn Ave., Toronto, writes: "I have used Milburn's Rheumatic Pills and they cured me of a severe attack of Rheumatism. The pain ceased after the first day's trial of the remedy."

Wireless Telegraphy.

A dispatch from London states that on March 29 a message of 100 words was transmitted from South Foreland, near Dover, England, to Wimreux, near Boulogne, France, — 32 miles, without intervening wires. The transmitting device on either side of the channel included a vertical wire 150 ft. high. The message was transmitted in the Morse code of signals and a heavy wind was blowing, which demonstrates that

Screamed ... WITH.. Agony

From the Terrible Itching, Burning Tortures of ... Eczema on the Scalp

Some of the cures effected by Dr. Chase's Ointment are more like miracles than anything else. The case recorded here was one of the best ever brought to the attention of Toronto's worst physicians, and when doctors gave up all hope of recovery Dr. Chase's Ointment was successful in producing a perfect cure.

Mr. James Scott, 136 Wright Ave., Toronto, states: "My boy Tom, aged ten, was for nearly three years afflicted with a bad form of Eczema of the scalp, which was very unsightly and resisted all kinds of remedies and doctor's treatment. His head was in a terrible state. We had to keep him from school, and at times his head would bleed, and the child would scream with agony. For two and a half years we battled with it in vain, but at last found a cure in Dr. Chase's Ointment. About five boxes were used. The original sores dried up, leaving the skin in its normal condition. To say it is a pleasure to testify to the wonderful merits of Dr. Chase's Ointment is putting it very mildly."

Dr. Chase's Ointment, at all dealers, or Edmandson, Bates & Co., Toronto.

the weather conditions are not a hindrance to its system of transmission. The rate of transmission was about 15 words per minute. The experiment was conducted under the direction of Mr. Marconi, for the French government, and it is stated that preparations are now being made for transmitting messages between New Haven and Dieppe, a distance of 64 miles.

WHEN HOPE'S GONE

Life's not Worth the Living, South American Nerve Restores Hope and Perfect Health.

Four years ago Annie Patterson, of Sickville, N. B., had a very severe attack of La Grippe, which left her with a very acute form of stomach trouble. She had about given up hope of a permanent cure when South American Nerve was recommended to her. She procured it, and in a very short time experienced wonderful relief. After taking six bottles she was absolutely cured. She says: "I believe it to be the most effective remedy for stomach trouble in the market." Sold by Garden Bros.

"Why do you call yours a parlor?" said the patient to the dentist.
"What would you call it?"
"Well, I should fancy drawing-room would be more appropriate."

THE PATH TO VICTORY.

BY NIXON WATERMAN.

Say "I Will!" an' then stick to it— Hang it! that's the way to do it. Nothin's ever won, I guess, Worth the wishin' fer unless One is willin' fer to work— Fer the Lord, or so they say, Hates a quitter, anyway. S'posin' 'at a settin' hen 'D set a little while an' then Gallivant around until All her eggs had got a chill; S'pose she'd ever hatch a thing? Guess she wouldn't. No, by jing! She won't do that way, and, hence, Hens I say have common sense.

Ez a boy I had to do Lots o' things I hated to. Used to have to work a darn Mean old-fashioned dasher-churn. Didn't never dust to pause In my path o' duty, cause I Knowed 'at if I stopped to dream Butter'd all go back to cream. If a ship was 'lowed to go Everyway the winds 'd blow, Wonder if 't would git erround To a harbor safe an' sound! Guess it's best fer ship er man To be guided by a plan. Choose yer task an' say you must— Gosh all fish-hooks—win er bust!

—L. A. W. Bulletin.

Honest Advice Free to Men.

The DISPATCH is requested to publish the following: All men who are suffering from overwork, excess or youthful errors, are aware that most medical firms advertising to cure these conditions cannot be relied upon. Mr. Graham, a resident of London, Ont., living at 437 1/2 Richmond St., was for a long time a sufferer from above troubles and after trying in vain many advertised remedies, electric belts, etc., became almost discouraged and hopeless. Finally he confided in an old Clergyman who directed him to an eminent and reliable physician, through whose skillful treatment a speedy and perfect cure was obtained.

Knowing to his own sorrow that so many poor sufferers are being imposed upon by unscrupulous quacks, Mr. Graham considers it his duty to give his fellow-men the benefit of his experience and assist them to a cure by informing anyone who will write to him in strict confidence where to be cured. No attention can be given to those writing out of mere curiosity, but anyone who really needs a cure is advised to address Mr. Graham as above.

How She Signed The Cheque.

The other day a young lady, daughter of a well-known millionaire, drove up to the door of a jeweller's shop, went in, and selected a turquoise and diamond ring valued at £50. She quietly made out her cheque for the sum and passed it on to the assistant. The alert young man glanced at it, and then looked inquiringly up at the young lady.

"There is some mistake here, I think," said he, with an apologetic smile. The young lady flushed, and demanded to know if the cheque was not for the right amount. She was told it was, but—

"But what?" she exclaimed, haughtily.

"Do you mean that my cheque is not acceptable?"

The assistant mildly acknowledged that he knew quite well who the young lady was, but explained that the cheque was not made out just as it should be, and he handed it back.

The girl ran her eye over it, and then turned a deep crimson.

"Oh," she exclaimed, "I see!" And then she proceeded to make out another cheque.

She had signed the first one, "Your own sweetheart, Jessie."

A Combination of Evils Bring on That Spring Trouble Known as "Tired Feelings."

Paine's Celery Compound Does a Wondrous Work for Every Rundown Man and Woman.

"Tired feelings!" These two words cover a multitude of dangers and perils, and should when fully comprehended, be taken as serious warnings.

"Tired feelings" result from a vitiated and deranged condition of the blood and nerves, which causes a general weakness of the entire system. Constipation is usually one of the dominant troubles; digestive vigor is lacking, appetite is poor and sleep is never refreshing.

To banish "Tired feelings" the blood must be cleansed and purified, and the nerves toned and braced.

This foundation work is easily and quickly accomplished by using Paine's Celery Compound, the world's famous spring medicine. This noted remedy, purely vegetable, pleasant to the taste, is in every case just what is claimed for it. It is the one spring medicine that our best physicians vouch for; it is the great health restorer and strength giver that the best people of Canada talk about in the home and on the street.

A few bottles of Paine's Celery Compound used during the month of May, will banish all the troubles that regularly contribute to "Tired feelings," and ill health. If you are nervous, sleepless, have indigestion, kidney or liver affections, your doctor or druggist will, if asked, promptly advise the using of Paine's Celery Compound.

"So old Yabsley is dead, eh? Well, well! Did he leave anything?" "Yes. It broke his heart to do it, but he left everything." [Tit-Bits.]

TOO WEAK TO ... SEW ...

An Ottawa Lady Relates Her Experience for Benefit of Others.

Mrs. William A. Holmes, 530 Concession St., Ottawa, Ont., testifies as follows: "For some years past I was greatly troubled with weakness both of the nerves and heart. My heart would beat very irregularly, sometimes throbbing, and at other times seeming to go up into my throat, thus causing a terrible smothering sensation. Finally I grew so weak that I could not sew. Although I tried many remedies I could obtain no relief, and was almost in despair of a cure.

"One day, however, I read of Milburn's Heart and Nerve Pills and began to use them, and am now better than I have been for years. I work right along now, and the pains and palpitation have left me, much to my relief. My blood seems to be enriched and full of vitality, and my entire system is in a healthy and vigorous state."

REED WILKES 9457,

Was sired by the great Red Wilkes 1749—Record 2.40,

SIRE OF

Ralph Wilkes, 2.06 1/2; Blanche Louise, p. 2.10; Red Bell, p. 2.11 1/2; Abbott Wilkes, 2.12 1/2; Wabash, 2.13 1/2; Island Wilkes, 2.13 1/2; Prince Wilkes, 2.14 1/2; Red Line, 2.15; Allie Wilkes, 2.15; Wayne Wilkes, p. 2.16; Phil Thompson, 2.16 1/2; Red Lady, p. 2.16 1/2; 100 others in 2.30; and dams of Coleridge, 2.09 1/2; Evangeline, (4 yrs) 2.11 1/2; and 40 others in 2.30.

NELLIE CROW, dam of REED WILKES (4 yrs) 2.25 1/2; Albany Boy 2.23.

REED WILKES was bred by T. L. Crow, Nicholasville, Ky. Is a dark bay horse with a few white hairs in forehead, and coronet white; 15 1/2 hands high; weighs 1,150 lbs. In point of individuality, speed or breeding he ranks well among the produce of his famous sire, with an ideal conformation, best quality of legs and feet, coat that would grace a thoroughbred, disposition perfect, gait that could in no way be improved, and a horse of superb style, that transmits his qualities. He is certain to become a sire whose blood will be in demand at an early date.

His sire, Red Wilkes, sire of Ralph Wilkes, 2.06 1/2, and grandsire of John R. Gentry 2.03 1/2, the fastest stallion in the world, is by the records by far the greatest son of George Wilkes, as he has more 2.30 and more 2.20 performers than any other son, and he is also sire of more 2.30 and more 2.20 performers than any other living horse of his age.

NELLIE CROW, his dam, is a grandly bred mare, combining the three great brood mare strains—Mambrino Chief, Pilot Jr. and Clay, supported by the stout thoroughbred blood of Gray Eagle, Webster and Imp. Envoy. She produced four foals—REED WILKES (4 yrs) 2.25 1/2, and Albany Boy 2.23; the other two were fillies and never trained, but kept for breeding. Nellie Crow trotted in 2.40 nearly twenty years ago, as a two-year-old, over a country half mile track, and her owner says if she could have been put in the hands of some of the trainers of today her record would have been 2.10 or better.

REED WILKES' record, which was obtained at four years of age, is far from a limit of his speed, as he has trotted a trial in 2.16 1/2. Geo. H. Bailey, State Veterinarian, said that he saw him when he made his four-year-old record at Lexington, Ky., in a stake-race against the best four-year-olds in the country, and that the last year he could have made below 2.20 had he been driven for it.

REED WILKES for the season of 1899, will stand at Briggs' Stables, Briggs' Mills, Oakville, Carleton Co. On Saturdays he will be at Gilman's Stable, Woodstock.

Service fee \$8 to insure, \$1 cash down. \$6 by the season. Single service \$4, cash down. Mares at owners' risk. All mares held for service free of charge. All mares disposed of will be considered in foal.

T. S. BRIGGS, Owner.

FREDERICTON The Business COLLEGE.
W. J. OSBORNE PRINCIPAL.
NO VACATIONS.

As we have no vacations, students may enter at any time, and remain until the completion of the course, without interruption.
