

THE DISPATCH.

WOODSTOCK, N. B., APRIL 5, 1899.

PRICE TWO CENTS

VOL. 5. NO. 44.

Which one of These Boys' Suits would you like to have your boy dressed like? Both of these Suits are very Stylish and very Popular.

We have other styles to fit Boys 4 to 10 years of age. They are made of good materials and beautifully gotten up.

Other styles to show you—Separate Pants for Boys and Men. When you are buying you might just as well have Stylish, Up-to-date goods as "back numbers." For the former come to Woodstock's Headquarters, which is as you are doubtless already aware,

JOHN McLAUCHLAN,

Cor. Main and Queen Streets.

The Temperance and General Life Assurance Company

Closed their Books Dec. 31st, 1898,

Without a dollar of interest overdue. Without a dollar's worth of real estate ever having been owned by the company. Without ever having foreclosed a mortgage. Without a dollar of claims in dispute. With a larger new business than in any previous year.

With an increase of 713 policies and 639 lives during '98. With a new business of over \$2,100,000. With total insurance in force, \$7,985,859.00. With a death rate in their thirteenth year of only \$5.38 for each \$1,000 of average risk carried during the year. With a death rate of only 3.44 per 1,000 of average number of policies in force. With a record for care and economy unexcelled. Such has been their record. It is a record of steady, solid progress. Where is there a cleaner record, or one that can beat it in any respect?

T. A. LINDSAY,
Special Agent,
Woodstock, N. B.

E. R. MACHUM,
Mgr. Maritime Provinces,
St. John, N. B.

Sap Cans, Sap Spouts.

Our Sap Cans are all right. The joints are all soldered and they are guaranteed not to leak. They are made of Extra Heavy Tin. One sugar maker who knows a good thing when he sees it, bought 600 of these cans and spiles last week. We have only 500 left at present, but expect another lot this week. Call early—avoid rush.

Buy your Tobique Land Plaster and Bowker Fertilizer now and haul it home on the snow.

HOWARD E. BURTT,

HARDWARE MERCHANT, 22 KING STREET. WOODSTOCK.

We are selling the sets very low as we wish to dispose of our entire stock of dishes before we move.

NOBLE & TRAFTON,

Telephone 42-2.

63 Main Street.

THE DAIRY BUSINESS.

A Promising Outlook for the County This Season.

Where Cheese Factories and Skimming Stations will Be Operated.—Those Who Want the Latter Should Make Application.

The dairying industry of Carleton County is always an interesting thing. The year of 1899 opens with brighter prospects for us in this line than ever. There are more than three times as many cows giving milk today than there was at this date last year, and the increase in the number of milk cows is going on steadily. This summer cheese factories will be operated at Holmsville, Ivey's Corner, Waterville, Avondale, Jacksonville, Richmond Corner, Bloomfield, Wakefield Centre, Glassville and McKenzie Corner, and an effort will be made to get the Bellville factory in operation. It has been idle for the last two or three years. The factories at Ivey's Corner, Jacksonville, Richmond Corner, Bloomfield and Glassville will be operated as skimming stations from the end of the cheese season to the beginning of it again. The cheese factory at Tracey's Mills will be turned into a skimming station and operated as such all the year around. People in any district in the County not now served may have a skimming station or a cheese factory if they will apply to the Carleton Creamery Co. or to C. L. Tilley.

Carleton County is better adapted for milk production than any other County in the Province and now that our dairymen know the needs of the British market there seems no reason why we should not go ahead in the production of milk and its products.

Canada's butter and cheese now has a place in the esteem of the British consumer second only to those of Denmark, and with our natural advantages and the experience our people are gradually acquiring, there seems no reason why we should not excel even Denmark.

Too much cannot be said of the excellent service the Carleton Creamery Co. is doing this County and it deserves the hearty support of the entire community. The following men are added to the list in attendance at the Dairy school: B. D. Hoyt, McKenzie Corner; Ivory Carson, McKenzie Corner; Herb. Holmes, Woodstock; Chas Colwell, Simonds; John Monteith, Northampton.

FROM THE BOYS OUT WEST.

A Branch of the Hobo Society in the Western States.

MR. EDITOR,—Not seeing any items in your valuable paper from this State, Montana, and as some of our writers have asked to hear from my mighty pen, so I will write again trusting this will not reach the W. B. As your readers will know, we Uncle Sam and the writer, have been very busy the past summer and winter with Spain and the dusky Phillpian. I am glad to state that the assault and battery case between U. S. and Spain is settled. U. S. paid Spain twenty million dollars. They call it war, but to a boy who first saw the light of day under the folds of the Union Jack it would only be a case of assault and battery.

This winter has taken the cake for cold and sudden changes. The snow is four feet deep, a very hard winter on stock. In some parts of the State the losses have been as high as 15 per cent. It is no unusual sight after a blizzard to see the ranchers going around cutting off the steer's tails so they can get up. One day it will be rainy, the next day 387 below and still going down. The ranchers spend their long dreary days feeding their stock and breaking their horses both to ride and work. They consider a horse well broke when he will not buck over a half a day or when he can be harnessed with a pitchfork. Steers sell well, some selling as high as \$58.00 per head on foot.

It looks so this summer would be a good summer all around. Well! here I am at Bonner waiting for the opening spring when the buzz of the saw and the ring jing of the cant hook will tell us that spring is here once more. At this place one meets with many a Carleton County boys who have raked buckwheat in good old Carleton County and D. V. hope to do so again. Bonner is on the Black foot river about 7 miles from Missoula, has about 330 souls, one butcher, one saw mill giving employment to 100 men cutting about 150 million per day, two hotels, two saloons, hall in which is held church, school below, while over head the Masonic Bros meet, also the I. O. O. F. and O. U. W. and Western Labour Union. Amongst the Carleton County boys here we find Walter Shaw formerly of the Stevens Lumber Co., Van Buren, Maine, who at present holds a position of trust and whose business ability is being fast recognized by the company, also Walter Mott, graduate of the ring bone veterinary college of Jacksonville Carleton County, N. B., who now holds the position of chief engineer on the Bonner delivery wagon, also the Right Hon. Walter Estabrooks who

is the setter in the mill. Nothing like the Carleton County girls, so says Walter. Then the writer called the snow ball eater who now and then entertains his brother Hoboes with his song, "An Icy Paradise." I saw in the late DISPATCH where the Jacksonville Hoboes had a grand rally. A new lodge of Bonner Hoboes was started here last month. No one can be made a member unless he believes in string beans and has not washed for 8 years. The first grand rally was given last month with a full house with program as follows:—Opening odes by our associate Hobo member L. Foss our popular meat monger formerly of Machias, Maine, speech by Bro. Shaw, on the mosquito, its past and present, followed by an able address from Bro. Dr. Dead-Easy Mott on acute starvation its cause and cure, song by Bro. Oscar Deakin formerly of Benton, Carleton County, entitled "You may go but this will bring you back." The maiden speech by Bro. Estabrooks entitled "The Results." A committee was appointed to arrange a grand afternoon moonlight excursion to be given by the Bonner Hoboes at Finn town April 5th 1899, boats, barges and beer kegs will leave suicide wharf 7.86 p. g. never to return, boats to leave one half hour before appointed time. Those late will have to chase the growler. A few murders will have to be committed to amuse the crowd. Horse cars will pass the grave yard every two years dancing until dead, proceedings to go to Hoboes orphans' home, tickets free, children half price, orphans with their parents will not be admitted p. g. The Hoboes have made arrangements with the undertakers of our order to furnish patrols at half price. Should the weather be fine the picnic will be held the next rainy day. The sports and prizes will be as follows:—5 mile running race—1st, pine coffin; 2nd a grave; 3rd, tomb stone. At 11 a. m. prize fight between Stale and Fresh, prize 3 months in the new jail at Woodstock, N. B. Between acts the audience will sing in discord, "Woodstock boys! cheer up for Murphy has a job." Hobo Matt R. B. V. S. will render a song on the Emmerson election with chorus as follows:—

"Amongst these defeated heroes that were so cruelly left behind
Were Hustling Flemming, Putty Dibblee, and
The man who lowered the price of swine."

The following subject will be debated—Practical profanity or the financial importance of a sworn circulation by Bros. Shaw, Mott McGee, Estabrooks. Bro. Hobo Deminus, late arrival from Dawson City, having been engaged as conductor on the Dawson & Elsewhere R. R., also janitor of the Amazing Grace Chapel, from him the writer has learnt the Klondyke market prices as follows:—Egg chops of '97, 97c., flour, real wheat, per oz., 48c.; sugar, tasteless, per bbl. \$305.00; brown sugar, without sand \$2.50 per bbl; bacon per slice, including rind, 85cts.; dog cutlet, per oz., 63cts. Coffee Java finished, oz. 70cts. Cigars, purely vegetable, 55cts. each. Potatoes, Aroostook beauties, each 40cts.; salt, per pinch, 1 cent. Dried apples, per grab, 60cts.; beans, each 2cts. Now the readers will see that we don't do things on half. We are in hopes to be able if we get free coinage to send a delegate to the Grand Hobo Rally in N. B. soon. Now, trusting you will overlook our mistakes, and if this is worthy for the many readers of your valuable paper, will thank you for space. I wonder if the readers would be shocked if I tell them that I represented THE DISPATCH as a pencil pusher at the hanging of Tom Salmon at Red Lodge. I may give your readers a full account in next paper. F.

Rheumatism Cured in a Day.—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. In action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Garden Bros.

LAYS IT TO HYPNOTISM.

Edward Taylor Thinks Prof. Lawrence Should be Criminally Prosecuted.

Last week THE DISPATCH reported the fact of an operation having been performed, at the Aberdeen hotel, on young Edgar Taylor, for appendicitis. When the doctors consented to operate they had grave doubts of the patient's being able to recover, but his only chance lay in the operation being performed. The young man died on Wednesday night. The funeral was held on Sunday afternoon. Mr. Edward Taylor, father of the deceased came from Boston to attend the funeral. Rev. W. B. Wiggins officiated at the funeral. The pall-bearers were friends of the deceased, Messrs. Bert and Harry Haskell, Ernest Vanwart, Blair Thornton, Phil McKinnon, John Ketch.

In conversation with THE DISPATCH on Monday Mr. Taylor said they attributed the death of his son to the hypnotic trance into which he was put, by Lawrence when he was here. He says the boy complained of being sore around the bowels after he recovered from the trance. It will be remembered that while he was under the hypnotic influence, his feet and head rested on two chairs, and two men stood on the middle of his body, which was without support. Mr. Taylor says he feels like instituting criminal proceedings against the said Prof. Lawrence. He says that Dr. Saunders and others stated before his son became a subject of the professor's influence, that the result would prove most serious.

Relief in Six Hours.—Distressing Kidney and Bladder Diseases relieved in six hours by the SOUTH AMERICAN KIDNEY CURE. This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Garden Bros.

LOAFERS MUST MOVE ON.

Street Corners to Be Kept Clear So People Can Pass.

And Sunday Loiterers Must Change Their Haunts—Estimates for the Year in Excess Over Last Year's Expenses, Explained—Sources of Revenue.

Complaints have been made for some time past that persons having business in town, and particularly women, are annoyed by the crowds of loafers that hang around the street corners. Sundays, this sort of thing is even worse. So much so that complaints have been lately made so loud that the town council decided to take up the matter at once.

Coun. Jones is chairman of the police committee, and he was authorized to see to the matter and if necessary employ additional help. The owners of the various buildings will be asked to give their consent to the clearing out of the doorways, on the public streets, of the Sunday loafers who are a regular nuisance.

Coun. Gallagher spoke of the drunkenness on Sundays, so noticeable just now. On a recent Sunday between five and six o'clock, he noticed a crowd of from twelve to fifteen on Main street. It was high time this was stopped.

A general discussion on the matter followed. Coun. Henderson said that every evening, and in day time, too, the crowd on Mc-Lauchlan's corner was a perfect nuisance.

Other councillors spoke in the same strain, and as a result the public may look for an acceptable change.

Coun. Watts made a timely remark about the necessity of the council acting on its resolutions. Too many resolutions were passed and then nothing more was heard of them.

In explaining an increase of \$3700 in the estimated expenditure for the ensuing year, Mr. Watts, chairman of the finance committee, said the excess was largely made up of uncontrollable expenditure. For instance, \$900 more was required for schools, something that the council could not regulate. A debenture for \$1400 would be retired this year, while last year one for \$1000 was retired. A property book would cost \$300, and extra pay for the assessors made that item \$350. For county purposes we had to pay this year \$320.70 more than last year. \$650 more than last year went to sewer account; \$25 more to public health; for poor \$150 more; for streets an excess of \$500, and for interest on bank balance \$25 more. Moreover the council thought it better to make an ample assessment, rather than make an appearance of economy by asking for an amount inadequate for the town service.

The following estimates for the ensuing year were passed, and a warrant ordered issued for the assessment of \$23,472.15.

EXPENDITURE.	
Electric light service,.....	\$ 1,350.00
Interest on debentures,.....	5,172.50
Interest on bank balance,.....	225.00
