COUNTY COUNCIL.

Continued from 7th page.

gone ahead, and it was fair that they should pay more.

Coun. Cronkrite—I have always thought the valuers as the best men and their report to the assessors if they like. Let the valuers take the valuation instead of the assessors.

Coun. Saunders—The law says the assessors must make the valuation. It was the duty of the valuers to see that the assessment was equal.

Coun. Gillmour—The idea of Simonds calling itself poor compared with Aberdeen. Simonds is the garden of the county.

Coun. Caldwell—If the law allowed us to pay the assessors a large percentage, and have them make a thorough assessment, which could be submitted to the valuers, it would be the better plan.

Coun. Lamont pointed out that parish assessment and county valuation were two distinct things.

Sec. Jones in answer said that the last valuation was made in 1889.

The motion was laid over for further consideration tomorrow.

The following report submitted by the gaol and buildings committee was adopted.

Municipality of County of Carleton:—
 Your committee in charge of grounds and buildings report:—
 Bills paid for planting trees and fencing, \$37.74
 Hamilton Bros. repairing furnace and pipes, 6.39
 Jewell's bill for putting in glass and finishing door, 3.92

Total, \$48.05
 Hamilton Bros. gaol work, \$2.50
 Carr for repairing gaol floor, 3.50
 McAfee bill, pails, etc., 7.17

Total, \$13.17
 Wood tenders received 40 cords for gaol \$2.40 per cord.
 Register's office, 12 cords, \$2.38.
 Owing to repairs made in register's office it will make a saving in wood of from five to seven cords a year.

Council then adjourned.

The County Council resumed its sessions Wednesday morning.

The bill of Garden Bros \$8.60 was ordered paid. Bill of J. C. Hartley, clerk of the circuit, \$58.24, paid. Dr. Curtis, chairman, submitted the estimate of expenses of the dist. board of health No. 10, under the provision of public health act, for Carleton Co., outside of the town, \$50.00. This was certified to by the chairman of the provincial board of health.

Coun. White said that it looked as if we were going blindly in this matter. It is on the judgment of one gentleman, Dr. Curtis, that this county placed in the estimates, a certain sum. Unless he can show some feasible reason he did not see why this should be done.

Coun. Saunders—The law requires it.

Coun. Cronkrite—The law says what we shall do, and it seems to me reasonable that the appropriation should be made. If the money is not used, no harm can be done.

Coun. Connolly—The law provides if this is not assessed for, the sec-treas. shall pay the same. Two other men may be associated with the chairman.

Coun. Saunders—This is for an emergency that may arise. The town of Woodstock has to do the same thing.

Coun. Moore said the law showing that the county could be forced to pay the necessary expenses connected with such board.

Coun. Saunders—The board of health are supposed to have regular meetings. There is an expense connected with this.

The amount was ordered assessed.

Coun. Saunders made a speech in favor of the 67th battalion being provided with regimental colours by the county. He moved a resolution to the effect that the battalion should be so provided with colours. The resolution asked that a sum of money not exceeding \$75.00 be appropriated for colours, to be provided by the first of June next.

Coun. Gillmour seconded the motion.

Coun. Kearney was strongly in favour of the motion.

Coun. Cronkrite said every councillor should be proud to vote for this motion, and he who would not, was hardly patriotic.

Coun. White—Oh—No.

Coun. Cronkrite wanted to know what man was not proud of the flag that floated above him. He asked as a favor that this motion pass.

On motion Col. Boyer was heard.

Col. Boyer, commanding the 67th, said thirty years ago he joined the battalion. At the last camp we had the best battalion in camp. The boys, your relatives, are asking to present them with a set of colors. In Ontario they do far more than this for their militia. He showed that in Ontario large grants were made by the county councils. In some the pay of the non-com's and men was increased by the county council by 25c. a day. We believe, said the Colonel, you will be loyal enough to say we will give you a set

THREE YEARS IN BED

From Kidney Disease—Although a Man of Three-Score and Ten, Dr. Chase's Kidney-Liver Pills Gave Him Back Perfect Health.

This is to certify that I was sick in bed the most of the time for three years with kidney disease. I took several boxes of pills—different kinds—and a great many other kinds of patent medicines; besides that I was under treatment by four different doctors during the time and not able to work. I began to take Dr. Chase's Kidney-Liver Pills, and since that time have been working every day although a man nearly 70 years of age. Dr. Chase's Kidney-Liver Pills have cured me.

be right for the council to oppose a motion moved by one councillor from Wilmot and seconded by another.

Coun. Connolly did not think this would be wise in every case. If Mr. Armstrong knowingly went from his division and did his work in another from personal cause he did not think it should be paid. It would be establishing an unsatisfactory rule.

Coun. Caldwell said Mr. Armstrong came to him and made an explanation. When the notice was served he was not at home. He told Mr. White, now at the point of death, that he wanted to do his work. He believed Mr. White did so tell the commissioner but when Armstrong went on with his team he was sent off. As it was he did his work in a district, which was in the same school district.

Coun. Cronkrite said that the party who was averse to Mr. Armstrong went and seized his horses when he was away.

The motion carried.

Coun. White moved this resolution:—
 Whereas the law relating to the election of members to the legislative Assembly of this province provides that the whole counties except the County of St. John, shall elect representatives.

And whereas it is advisable in the interest of pure elections, and the proper representation of the people that the province should be divided into ridings each to send one member to the Assembly, such a change would have the effect of selecting better men as representatives and would lessen the expense of elections.

Therefore, Resolved, that the Secretary Treasurer be required to prepare a petition to the local legislature asking to have the law amended so as to affect the purpose heretofore mentioned.

Mr. White said he did not expect such a law would be passed just to satisfy the County of Carleton, but he was sure it would be an excellent change. This county is particularly situated for this purpose. If we had three ridings he would divide them as follows:—The town and parish of Woodstock with Richmond and Northampton would make one riding, Brighton, Peel, Aberdeen and Kent would make another, Wakefield, Wilmot, Wicklow and Simonds would make another.

Coun. Cheney seconded the motion.

Coun. Mooers—Is the object to still have three members?

Coun. White—Oh yes, only divide the county into ridings.

The motion was defeated, only the mover and seconder supporting it.

\$200 was ordered assessed for Wicklow for poll; \$175 for Aberdeen; \$450 for Brighton; \$100 for Simonds; \$300 for Peel; \$600 for Richmond; \$450 for Kent; \$300 for Wilmot.

On motion of Coun. Connolly Pole Hill Settlement was put in No. 2 instead of No. 3 division.

The various parish officers were approved as named by councillors.

Coun. Gillmour moved that all the statute labor for Aberdeen be in the hands of one commissioner, and that parish of Aberdeen be confined to one highway division.

Coun. Connolly seconded the motion.

Coun. Gillmour said that he was asked that the statute labor be in the hands of the commissioner who had the road machine.

Coun. Lemont objected to the proposition totally. If you do this you give that one commissioner the power of the Czar of Russia. It might do if the road tax was paid in cash, but under the present conditions it would not work.

Coun. Gillmour said his idea was that the statute labor should be in the hands of the man who had the road machine.

Coun. Mooers—When you get a man who can run a road machine, you want to hang on to him. Why not engage this man to go wherever the work is being done.

Coun. Forest—This council has already sanctioned the appointment of five commissioners for Aberdeen.

Coun. Caldwell was against that resolution. To administer the road act was difficult, and certainly required the five commissioners. It would be very inconvenient in his parish to have such a change as Coun. Gillmour suggested.

Coun. Cronkrite said as there was a dispute between the two councillors he must vote against the motion.

Sec-treas. Jones thought it would be well to get the legislature to so amend the act that the changes suggested by Coun. Gillmour, if approved, might be carried out.

On a vote the following voted for the resolution Coun. Gillmour, Saunders, Richardson, Mooers. Lost.

\$134.00 was ordered assessed on the Parish of Richmond for land damages.

The following revisors were appointed Jas. H. Toms, Wicklow; Jas. Watson, Richmond; W. Taylor, Simonds; A. D. Hartley, Peel; Ed. McCollom, Upper Brighton; John Crawford, Aberdeen, and Ansel Franklin, Woodstock; Wm. Armstrong, Wilmot; W. J. Davis, Wakefield; Nathan Colwell, Kent; Jerry Bragdon, Northampton; A. Henderson, W. S. Saunders, H. E. Gallagher, Woodstock.

In spite of an objection by Coun. Gillmour, the revisors' fees were fixed the same as last year.

Coun. Lemont moved seconded by Coun. Gillmour that sec. 7, chap. 34, act 1898, be published in the town newspapers, and Hartland Advertiser, if it was thought fit, setting forth the duties of parish officers.

Coun. Lemont moved that the sum of \$5 be paid to the assessors of rates for the Parish of Aberdeen, for searching for non-resident rates.

Coun. Gillmour seconded the motion which carried.

On motion of Coun. Saunders a committee of three was appointed to act with Col. Boyer
