ELECTION CARD.

To the Electors of the Parish of Wakefield.
Gentlemen—I have been requested by a large number of voters of the Parish of Wakefield to allow my name to be placed in nomination in the coming election of County Councillors and I have, after due deliberation, consented to become a candidate. As far as Dominion party politics is concerned I am entirely independent. I favour an economical expenditure of Municipal funds, consenting to such outlays of your money as are necessary to the well being of the County of Carleton, and opposing such expenditures as I think not conducive to your interests.

I am in favor of a thorough investigation of all matters which may properly come before the council, and a prompt settlement of any claims due to or by the municipality.

I will favour the enforcement of the Scott Act, provided the inspector will enforce the act according to its letter and exact the penalty for the third offense in every case. I am also in favor of filling the county and parish offices with persons competent to perform the duties of them and only by persons qualified, otherwise as by law required.

I am yours truly,
JAMES WILSON,

Hartford.

Election Card

To the Electors of the Parish of Wilmot:

GENTLEMEN—Having been solicited by a large number of my friends to allow myself to be nominated as a candidate in the coming election, I have at last consented to do so, hoping my views relating to parish matters in general will be so in conformity with your own that you will not hesitate to give me a very generous support.

I am not in favor of taxing the county from \$20,000 to 25,000 to build a retreat for the criminal classes, which would only be an encouragement for those who violate the laws of our country.

I am in favor of a thorough investigation of all matters which may properly come before the council, and a prompt settlement of any claims due to or by the municipality.

I am also in favor of filling the country and parish offices with persons competent to perform the duties of them and only by persons qualified, otherwise as by law required. My temperance sentiment is too well known to need any comment. If I am elected I shall do my utmost to lower your taxes as much as possible, knowing as I do that the low price of farm produce and the increase of taxes from year to year that the burden that is now carried by those that till the soil may not become so heavy that they may become totally disheartened.

I am yours truly
E. L. WEST.
