dren to the font.

There will not be much change in the teaching

of the Nashua samples are said to have been.

ing Mr. Miles the Presbyterian minister had ser-

the mumps is improving splendidly. Thomas Mc-

growing and sporting. All the crops except hay
are in an excellent condition.

efficiency with which they stood their grading ex-
aminations.

week, but has now returned to the states where

past winter months is able to be out again.

Ing. Harold, who has been spending the last
few months in the south has returned home on a
visit.

Reading Scott's poems is a favourite pastime
for some of our young ladies.

The public examination of this school would be
a credit to any district, as it not only displayed
the ability and success of the teacher and scholars
but the community, as there were about fifty at-
tended. Among them were two fresh Normal
school teachers, Miss Reid and Mr. Smith, who
displayed the result of their training by giving
two very interesting lessons. A very pleasant
and interesting programme was prepared, some
of the interesting parts were—Opening chorus by
the school; Recitation, Harry Charleton; Bass solo
Walter Cogswell; Duet, Lee Margison, Etta Lam-
oreau; Dialogue, Walter Cogswell, Bessie Margi-
son; Song, Edith McCain. The pupils presented
their teacher, Miss Cahill, who intend leaving the
profession after this term, some very nice presents.

A silver butter dish, a unique berry dish, and a
very commodious writing desk. Then the trust-
ees were called upon and each responded heartily
in tones of satisfaction for the past and bright
hopes for the success of the new teacher, Miss
Ruth Reid, in the future.

HARTLAND.

The new home of Randolph Day, was the scene
of a happy event on Monday morning when their
eldest daughter Idella was married to I. A. J.

Ward, the popular clerk of Keith & Plummer.
The bride was becomingly gowned in white muslin
and looked charming. Miss Lottie Long acted as
bridesmaid, while Mr. Ward was supported by
Allan Rideout. Miss Bertha Thornton played
the wedding march. A most sumptuous repast
was spread and the happy couple took the after-
noon train for Fredericton and after spending a
few weeks at his former home they will return to
live in this village.

The school concert came off on Friday evening
and was a success. A large crowd was present
and the program was interesting, and was as
follows:—Opening chorus by the school, Flag for
Me; recitation, Marion Shaw; solo, Fly Away

Barnett; duet by Miss Shaw and Johnston;

little girls; solo by Miss McNally; tableaux,
"Rock of Ages"; recitation, Helen Alexander;
chorus by school, There's a Land in the North.

The flag drill by sixteen young girls was well
received, and the entertainment concluded by
the tableaux Good Night. The object of the
concert was to procure funds for the purchase of
a flag for the school house and a sufficient sum
was realized for that purpose.

The annual meeting of the ratepayers of the
village of Hartland will take place on July 3rd
at eight o'clock. Dr. Curtis is the retiring com-
missioner.

Nothing seems to be heard from the bridge
company, but report says that the government
have refused to accept the upper site.

"What are technicalities, Uncle Jim?"
"Technicalities? Why, they are what
lawyers fight over when the evidence gets too
weak or too strong."

The Beauty that Attracts Men

Is not so much in the features as in a clear,
healthy complexion, and a plump body filled with
the vigor and vitality of perfect health. Pale,
weak, languid women are fully restored to robust
health by the use of Dr. A. W. Chase's Nerve
Food, a condensed food which creates rich, pure
blood and new nerve tissues.

The Satisfaction

In well-fitting clothes doesn't end the
first time they are tried on. It's a
daily and hourly pleasure that one
experiences as long as they last. Isn't
it worth a little more to have such
garments—don't you get more for
your money than when you buy the
made-by-the-thousand-for-everybody
kind? Garments made by us give
