ANDOVER.

The Dominion day celebration under the auspices of the men was a most pleasant success. The Fort Fairfield Band came over in the morning and was present during the entire day. The first feature of the programme was a bicycle parade at 9.30 a. m. There were about 40 ladies and gentlemen in this event. Some of the men were dressed in the uniform of the Canadian Militia and commanded by captain Kupkey they performed some military evolutions on the move. The Pantomime parade was a long one and was enjoyed. The athletic sports on A. J. Beveridge grounds continued from 11 a. m. till 3 p. m. with an interruption at noon for dinner. These were witnessed by about 600 people. In the high kick Chesley Everett, a young man about 16 years old, slipped and broke his wrist. Dr. Welling, who was on the ground, at once took the young man to his office and set the arm.

A Base Ball match between Andover and Fort Fairfield resulted in a score of 11 to 9 in favour of the visitors. In the evening there was a concert in Beveridge Hall. This was well attended and was greatly appreciated by the audience. After the concert the seats were cleared out and the young people went in for a dance. The fireman cleared about \$150 on the day's amusement. By the way, the following is the organization of the Andover Fire Company. Thomas Lawson Captain, C. H. Elliott 1st Foreman, J. J. Kupkey 2nd

We are glad to note in a recent issue of THE DISPATCH that A. E. P. and his pedagogic friend arrived safely in Fredericton.

Coming events cast their shadows before. Judging from the active preparation now being made by a prominent evangelist at the house recently occupied by P. S. Marsten one would naturally suppose that he were to join the vast army of benedicts. Time will tell.

The shrill notes of a bugle was heard one afternoon last week, on the village street. A labourer picking peas with his employer exclaimed "there is a travelling bear" and casting aside his basket ran half a mile, only to discover an amateur bugler preparing for the autumn camp.

The Meductic branch of the Carleton Creamery is flourishing. The patrons are well pleased with the returns for June and are fast realizing that a grand thing has come at last to stay.

The general manager J. Jarvis Bull reports an average of 2,700 pounds per day.

The following fact will go to bear out the old adage that misfortune never comes singly. Edwin Porter while milking a cow, had the animal to upset the milk, break out the bottom of the pail, and then as if to add insult to injury, kicks out and kill a passing hen.

BRISTOL.

Miss Ella Tompkins returned on Saturday from an extended visit to Prince Edward Island.

The Bristol Base Ball team are well organized, and meet regularly for practice. We notice that a "Twilight" team has been organized at East Florenceville recently, and would suggest that they have their name changed to "Moonlights," which would more clearly indicate their "shady" style of playing.

A number of our young men serenaded the "Dove-cot" last Tuesday evening.

BATH.

On Tuesday evening the 18th inst. there was held at the R. C. Hall, Johnville, a basket social which for many interesting features will long be remembered. It was gotten up and carried through by the members of the A. O. H. for the benefit of fixing up the hall and also for other church purposes. There were about two hundred in attendance and everything went merry. After the selling of the baskets and the demolishing thereof dancing was indulged in to a "standstill." Ice cream, soft beer and other refreshments were liberally dispensed. However the best part of the affair was the clearing of over one hundred dollars for the above named purposes.

One night last week at the Giberson Settlement John Hatheway was married to Jennie the eldest daughter of Cornelius Ryder, a splendid wedding supper and an enthusiastic chivari were amongst the celebrations of the same occasion, "a hot time" is only a mild expression to give one an idea of the excitement, merriment, and other more or less amusing incidents that occupied the send off to the young couple.

F. Merritt. We sympathize with you in this time of trial, and realize that we each have sustained a great loss.

Bro. Merritt as a member of our lodge was one to whom we could always go for council and advice. He was never absent from his place in lodge without some good cause, and he always took a lively interest in the welfare of our brotherhood.

Taught the King to Ride.

Some years ago Lieutenant Lansdale, who was recently killed at Samoa, visited Korea on one of the American cruisers. He had a bicycle with him and when Chemulpo was reached went ashore for a ride. It was the first bicycle the ignorant and superstitious coolies had seen, and they fled at the first sight of the strange plan gliding along on it.

The king heard of the wonderful machine, and Lansdale received a polite summons to come to Seoul and bring his wheel. He did so and taught the king to ride. The latter at once ordered a royal collection of wheels, and he and Lansdale took many rides together. They grew to be excellent friends, and the young officer was always a welcome guest at the court. The friendship endured to the end of the life of the officer.
